VOLUNTARY ANNOUNCEMENT — NEW PROGRESS IN OVERSEAS BUSINESS AND A MAJOR BREAKTHROUGH IN GLOBALIZATION LAYOUT AS THE GROUP'S PRODUCTS SUCCESSFULLY PENETRATE THE CORE SUPPLY CHAIN OF A GLOBAL LEADING TECHNOLOGY ENTERPRISE

This announcement is made by Trigiant Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to keep the shareholders and potential investors of the Company informed of the latest business development of the Group.

The board of directors (the "**Board**") of the Company is pleased to announce that 江蘇俊知技術有限公司 (Jiangsu Trigiant Technology Co., Ltd.*), a wholly-owned subsidiary of the Company, has achieved a key technological breakthrough in the field of its core feeder (signal cable) products by leveraging its high-end R&D platform of the National Enterprise Technology Centre. By virtue of its leading performance, stable quality and rigorous quality control system, the Group has successfully been integrated into the core supply chain of a world-leading storage enterprise through overseas cooperation channels. The related products will strongly support the enterprise's large-scale deployment and business expansion in the Artificial Intelligence Data Centre ("**AIDC**") field.

The first cooperation order from the client has been officially secured, with the delivery scheduled to be completed within the same month. There is ample room for expansion subsequently. The Group looks forward to seeing continuous volume growth and achieve a large-scale breakthrough. This strategic cooperation is of milestone significance to the industry, fully demonstrating that the core product capabilities of the Group have reached

international advanced standards and have formally established its position as a core supplier to an overseas technology giant. It also lays a solid foundation and marks a crucial step for the in-depth global layout of the Group's AIDC business.

The Board would like to express its sincere gratitude to the Group's R&D technology team and overseas marketing team for their dedication and commitment in overcoming challenges. Going forward, the Group will continue to leverage its R&D advantages, seize the benefits from the construction of global computing power infrastructure, continuously expand its overseas high-end client resources, steadily expand its global market footprint, and successively achieve new milestones in business development.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company.

On behalf of the Board
