VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

This announcement is made by Skymission Group Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis. The purpose of this announcement is to keep the shareholders of the Company and potential investors informed of the latest business plans and development of the Group.

The board of directors of the Company (the "**Board**") is pleased to announce that, while the Group continues to maintain the steady development of its existing principal business in the provision of formwork works services in Hong Kong, the Board has been prudently exploring new business opportunities that may broaden its business portfolio and tap into new markets with meaningful growth potential.

In this regard, the Board is considering the possible development of an intelligent circular economy technology business (the "**Potential New Business**"). The Potential New Business is intended to focus on establishing a closed loop ecosystem that integrates front end recycling with back end intelligent technical services, covering digital product recycling, inspection, technical support and maintenance services for electronic products, smart hardware, drones, GPUs and other high value devices. The Group intends to pursue the Potential New Business through self development and/or investments in suitable targets or assets. Such exploration will be carried out in a measured and disciplined manner, and will remain subject to commercial viability, prevailing market conditions and compliance with applicable regulatory requirements. The Board further considers that the experience and network of Mr. Zou Feng, the Chairman and executive Director, in the fields of technology, insurance and digital mobile products, as disclosed in the Company's announcement dated 20 March 2026, will support the planning and development of the Potential New Business.

Notwithstanding the Group's intention to explore the Potential New Business, the Group will continue to conduct its existing principal business in the provision of formwork works services in Hong Kong. This established business remains the core foundation of the Group's operations. The Group will continue to allocate resources in a prudent and disciplined manner to maintain operational efficiency, uphold service quality and support the sustained development of its existing business.

Further announcement(s) regarding the Potential New Business will be made by the Company as and when appropriate in accordance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

By order of the Board
Skymission Group Holdings Limited
Mr. Zou Feng
Chairman and Chief Executive Officer

Hong Kong, 1 June 2026

As at the date of this announcement, the Board comprises Mr. Zou Feng (Chairman and Chief Executive Officer), Mr. Guo Jiequn and Mr. Leung Wing Chun as executive Directors; Mr. Yuan Bingbo as non-executive Director; and Mr. Chan Ngai Fan, Mr. Dai Chenglong and Ms. Wu Kin Yi as independent non-executive Directors.
