VOLUNTARY ANNOUNCEMENT

This announcement is made by China Renaissance Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to provide the shareholders of the Company and potential investors with the latest business development of the Group.

The Company is pleased to announce that CRP-Fanya Investment Consultants (Beijing) Limited ("**CRP-Fanya**"), an indirect wholly-owned subsidiary of the Company, acted as the exclusive financial adviser in the transaction, has successfully assisted Astribot Co., Ltd.* ("**Astribot**"), a leading enterprise in the embodied intelligence sector, in completing its B-round series financing in the amount of several hundred million Renminbi.

This round of financing was supported by a diverse group of investors, including industrial capital, well-known state-backed investors, leading financial investors and existing shareholders. CRP-Fanya acted as the exclusive financial adviser in this round of financing. The proceeds from this financing round are intended to be primarily used for the iteration of its AI foundation model, the accumulation of high-quality data from real-world scenarios, and the expansion of its R&D talent pool, with a view to further enhancing its technological capabilities and commercialization capabilities.

Founded in 2022, Astribot is a technology company focusing on artificial intelligence and embodied intelligence. The company conducts research and development around the technological pathway of "AI model — embodied OS — cable-driven robotic body", and its related products and solutions can be applied in a variety of scenarios, including commercial services, cultural tourism and entertainment sector, scientific research and industrial applications, and it has achieved significant progress in commercialization and execution capabilities across multiple application scenarios.

The engagement of CRP-Fanya as exclusive financial adviser in this transaction highlights the Group's professional capabilities in financial advisory services in the AI field and its extensive client base in artificial intelligence and technology sectors, and reflects the Group's strong capability and credibility in empowering innovative enterprises and assisting clients to achieve their strategic and financial objectives. The Group is honored to have successfully assisted Astribot in completing multiple rounds of financing and remains highly confident in its long-term leading development in the embodied intelligence sector.
