SUPPLEMENTAL INFORMATION ON THE DISCLOSEABLE TRANSACTION RELATING TO THE SUBSCRIPTIONS OF INVESTMENT FUNDS AND PLANS

Reference is made to the announcement of EEKA Fashion Holdings Limited (the "**Company**") dated 8 May 2026 in relation to the subscriptions of investment funds and plans by La Kordi through CITIC Securities (the "**Announcement**"). Unless otherwise defined, capitalised terms used herein shall have the same meanings as those defined in the Announcement.

The Company would like to provide the shareholders and potential investors of the Company with certain supplemental information in relation to the investment funds and their respective fund managers.

To the best knowledge, information and belief of the Directors, (i) each of the nine private securities investment funds (the "**Funds**") which La Kordi has subscribed for through CITIC Securities has a wide investor base of over 100 investors; (ii) the fund manager of each of the nine Funds is registered as a private securities investment fund manager with the relevant regulatory authority in the PRC; (iii) at the time of the Company's subscriptions of the respective Funds, the total number of funds managed by each fund manager and the aggregate size of all funds managed by each of them ranged between 50 and 900, and between approximately RMB8 billion and RMB60 billion, respectively; and (iv) the representative products of all nine Funds achieved positive cumulative returns over the respective performance periods reviewed by the Company (ranging from approximately 9 months to 6.5 years), with cumulative returns over such periods ranging from approximately +21% to +249%, which were better than their peer group averages.

To ensure that the fund manager of each such Fund possesses the requisite professional capability, the Company followed a standard assessment framework, which primarily involved three stages: due diligence, internal committee review, and the obtaining of external professional opinions.

In terms of due diligence, the Company verified the status and regulatory compliance of each fund manager, including their registration licences, business qualifications, and regulatory records, to ensure there were no material compliance penalties or violations. A quantitative analysis was performed on their historical track record, focusing on strategy stability, risk-return ratio, and risk drawdown metrics. Furthermore, the Company conducted interviews with the fund managers' core investment, research, and risk control teams to assess their investment frameworks, trading mechanisms, and risk management and internal control systems. Finally, background checks were conducted on the credit records and litigation history of the fund managers and their senior management, supplemented by cross-validation with industry partners and distribution channels.

Following due diligence, all candidates underwent internal approval and evaluation by a joint assessment team, which comprised the Financial Centre and the Investment Management Department of the Company. The joint assessment team conducted a preliminary review of the fund managers' investment research strength, strategy alignment, risk management, and operational compliance. Each fund manager was approved only after such an internal review process, confirming their ability to fulfil their professional duties. Additionally, for all nine Funds, the Company obtained specialised due diligence reports or independent investment advice from CITIC Securities. These provided professional recognition of the fund managers' strategy advantages and offered specific asset allocation recommendations for the Company's portfolio.

Following these assessments, the Company considered that each of the selected fund managers demonstrated performance and capabilities that were either better than or comparable to those of other fund managers available in the market at the relevant time, and accordingly proceeded to invest in the respective Funds.

Save as disclosed above, all other information as set out in the Announcement remains unchanged. This announcement is supplemental to and should be read in conjunction with the Announcement.
