THE CONTRACT OF SALE

The principal terms of the Contract of Sale are summarized as follows:

Date

29 June 2026 (U.S. Eastern Standard Time)

Parties

- (i) Dawn City Global II LLC (as vendor); and
- (ii) Ms. Katherine Kinney (as purchaser).

To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, the Purchaser is an Independent Third Party.

The Property

The Consideration for the Disposal is US\$1,100,000 (equivalent to approximately HK\$8,602,000), which was determined after arm's length negotiations between the Vendor and the Purchaser on normal commercial terms with reference to the prevailing market prices of similar properties in the same area in New York.

- (i) the initial deposit of US\$110,000 (equivalent to approximately HK\$860,000) (representing approximately 10% of the Consideration) was paid by the Purchaser to an escrowee to be held in escrow upon the signing of the Contract of Sale subject to the terms and conditions thereof; and

INFORMATION OF THE GROUP AND THE VENDOR

The Company is an investment holding company incorporated in Hong Kong with limited liability. The Group is principally engaged in property investments in the U.S. and Hong Kong, property developments in the U.S. and other operations (including fund investments and securities investments).

The Vendor is a wholly-owned subsidiary of the Company principally engaged in real estate investment.

INFORMATION OF THE PURCHASER

The Purchaser is Ms. Katherine Kinney. To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, the Purchaser is an Independent Third Party.

REASONS FOR AND BENEFITS OF THE DISPOSAL

The Directors undertake strategic review of the Group's assets from time to time with a view to maximizing returns to Shareholders. The Disposal allows the Group to reallocate capital amid the rising inventory levels in the New York residential market. The Disposal could help increase the Group's liquidity, reduce the Group's maintenance costs of holding inventory, and allow the Group to focus on higher-return opportunities elsewhere.

The Consideration for the Disposal was determined after arm's length negotiations between the Vendor and the Purchaser on normal commercial terms with reference to the prevailing market value of similar properties in the same area in New York.

In view of the above, the Directors considered that the Contract of Sale is on normal commercial terms, its terms are fair and reasonable, and the Disposal is in the interests of the Company and its Shareholders as a whole.

FINANCIAL EFFECT OF THE DISPOSAL

The Property is an investment property held by the Group to generate rental income.

The Property was leased to the Purchaser for a term of eighteen months from 29 March 2025 to 30 September 2026 at monthly rental of approximately US\$5,000 (equivalent to approximately HK\$39,000). For the years ended 31 December 2025 and 2024, after deducting direct expenses in connection with the Property such as property taxes, condo fees, insurance as well as repair and maintenance expenses, the net profit (before and after taxation and excluding changes in fair value of the Property) is set out below:

	Year ended 31 December 2025		Year ended 31 December 2024	
	(Unaudited)	(Unaudited)	(Unaudited)	(Unaudited)
	US\$	HK\$	US\$	HK\$
Net profit (before and after taxation and excluding changes in fair value of the Property)	<u>12,000</u>	<u>94,000</u>	<u>25,000</u>	<u>196,000</u>

The unaudited carrying value of the Property as at 31 May 2026 was approximately US\$980,000 (equivalent to approximately HK\$7,664,000). The Group expects to record a gain on the Disposal of approximately US\$64,000 (equivalent to approximately HK\$500,000), which is calculated based on the Consideration for the Disposal less the unaudited carrying value of the Property as at 31 May 2026 and the relevant estimated expenses in relation to the Disposal. The actual amount of gain or loss as a result of the Disposal to be recognised by the Company will be subject to, among other things, audit and the amount of actual expenses incurred in relation to the Disposal and may be different from the aforementioned expected amount.

USE OF PROCEEDS

The expected net proceeds to be received by the Vendor from the Disposal, after deduction of applicable transactions fees and taxes, is approximately US\$1,044,000 (equivalent to approximately HK\$8,164,000). Such proceeds will improve the overall cash position of the Group for general working capital purpose. Subject to actual circumstances and decision of the Board, the Company intends to apply such proceeds for future potential investments and general working capital purpose.

IMPLICATIONS UNDER THE LISTING RULES

As one of the applicable percentage ratios (as defined in the Listing Rules) exceeds 5% but is less than 25%, the Disposal contemplated under the Contract of Sale constitutes a discloseable transaction of the Company and is therefore subject to reporting and announcement requirements pursuant to Chapter 14 of the Listing Rules.

Shareholders and potential investors of the Company should note that Completion is subject to the satisfaction of the conditions precedent. Therefore, the Disposal may or may not proceed. Shareholders and potential investors of the Company are advised to exercise caution when dealing in securities of the Company, and are recommended to consult their professional advisers if they are in any doubt about their position and as to actions that they should take.
