VOLUNTARY ANNOUNCEMENT JUNE 2026 DELIVERY UPDATE

This is a voluntary announcement issued by VOYAH Automotive Technology Co., Ltd. (the “**Company**” or “**VOYAH**”).

The Company delivered 14,223 vehicles in June 2026, an increase of 41% year-on-year. The Company’s year-to-date deliveries reached 76,264, an increase of 36% year-on-year.

VOYAH applies self-developed AI agents and large model technologies to continuously build a full-process digital marketing system, boosting the efficiency of lead management, customer retention and channel operation. In June 2026, the average daily token consumption of model services for VOYAH’s marketing business exceeded 10 billion. Continuous optimisation via intelligent algorithms lifted sales operation efficiency by approximately 30%. The Company will further deepen the application of AI agents and large model technologies to enhance quality and efficiency across the full value chain.

VOYAH accelerates the rollout of product lineup under its all-electric strategy to foster new growth drivers. In July 2026, the Company plans to launch its brand-new all-electric SUV, the Passion S. Catering to young users, Passion S integrates sporty styling, high-performance powertrain and intelligent driving technologies. Equipped with an advanced intelligent driving system featuring four LiDAR sensors and a high-performance chassis control system, it boasts class-leading intelligent driving capability and handling performance among peers. Concurrently, mass deliveries of the all-electric VOYAH Taishan X8 will commence. Built on VOYAH’s self-developed intelligent electric architecture and Lanhai all-electric powertrain, the vehicle adopts a new generation of Amber battery and a class-leading 120kWh battery pack, serving as the first large five-seater flagship model under the Company’s all-electric strategy.

About VOYAH

VOYAH is the premium intelligent new energy vehicle brand under Dongfeng Motor Corporation, committed to providing customers with products and services rooted in Chinese cultural heritage. As a user-oriented technology enterprise with the full value chain covering design, research and development, manufacturing, supply chain, sales and services, the Company has built end-to-end in-house R&D capabilities and leading-edge innovation strength. It has developed five models: VOYAH FREE, Dream, Passion, Courage and Taishan, with a product portfolio fully covering the three segments of sedans, SUVs and MPVs. VOYAH is the first premium new energy vehicle brand under China's central state-owned enterprises to achieve cumulative deliveries of 300,000 units.
