PROPOSED RIGHTS ISSUE

The Company proposes to raise gross proceeds of up to approximately HK\$107.0 million (assuming full subscription under the Rights Issue) by way of issuing up to 713,350,869 Rights Shares (assuming no change in the number of Shares in issue on or before the Record Date) at the Subscription Price of HK\$0.15 per Rights Share on the basis of one (1) Rights Share for every two (2) existing Shares held by the Qualifying Shareholders at the close of business on the Record Date. The Rights Issue is available only to the Qualifying Shareholders and will not be available to the Excluded Shareholders (if any).

The Rights Shares, when allotted, issued and fully-paid, shall rank *pari passu* in all respects with the existing Shares in issue. Holders of fully-paid Rights Shares will be entitled to receive all future dividends and distributions which may be declared, made or paid on or after the date of allotment of the Rights Shares in their fully-paid form.

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptance of the provisionally allotted Rights Shares. There are no statutory requirements regarding the minimum subscription levels in respect of the Rights Issue and there is no minimum amount to be raised under the Rights Issue.

The estimated maximum gross proceeds and net proceeds (after deducting the relevant expenses) of the Rights Issue, if fully subscribed, will be up to approximately HK\$107.0 million and HK\$105.0 million respectively (assuming no change in the number of Shares in issue on or before the Record Date). The Company intends to apply the net proceeds from the Rights Issue towards the procurement of inventory of memory storage components and enterprise rack servers as well as for the general working capital of the Group.

PROPOSED CHANGE IN BOARD LOT SIZE

As at the date of this announcement, the Shares are traded on the Stock Exchange in the board lot size of 2,000 Shares. The Board proposes to change the board lot size for trading on the Stock Exchange from 2,000 Shares to 10,000 Shares with effect from 9:00 a.m. on Thursday, 27 August 2026. The Company will arrange odd lot matching services in order to facilitate the trading of odd lots.

CLOSURE OF REGISTER OF MEMBERS

The register of members of the Company will be closed from Friday, 14 August 2026 to Thursday, 20 August 2026 (both days inclusive) for the purpose of determining the entitlements to the Rights Issue. No transfer of Shares will be registered during the above book closure period.

LISTING RULES IMPLICATIONS

As (i) the Company has not conducted any rights issue, open offer or specific mandate placing within the 12-month period immediately preceding the date of this announcement; (ii) the Rights Issue will not increase the issued share capital or the market capitalisation of the Company by more than 50%; and (iii) the Rights Issue is not underwritten by a director, chief executive or controlling or substantial shareholder (or any of their respective associates) of the Company, the Rights Issue is not subject to the Shareholder's approval pursuant to Rule 7.19A of the Listing Rules.

The Rights Issue does not result in a theoretical dilution effect of 25% or more on its own. As such, the theoretical dilution impact of the Rights Issue is in compliance with Rule 7.27B of the Listing Rules.

GENERAL

Subject to the fulfilment of the conditions of the Rights Issue, the Prospectus Documents containing, among other matters, details of the Rights Issue, will be made available and/or despatched (as the case may be) to the Qualifying Shareholders on or before Tuesday, 25 August 2026. Copies of the Prospectus Documents will also be made available on the websites of the Company (www.irasia.com/listco/hk/pine/) and the Stock Exchange (www.hkexnews.hk). To the extent permitted under the relevant laws and regulations and reasonably practicable, the Prospectus only (excluding the PAL and EAF) will be made available and/or despatched (as the case may be) to the Excluded Shareholders (if any) for their information purpose only. The Company will despatch the PAL and EAF in printed form to the Qualifying Shareholders but will not despatch the PAL and EAF to the Excluded Shareholders (if any).

WARNING OF THE RISKS OF DEALING IN THE EXISTING SHARES AND THE NIL-PAID RIGHTS SHARES

Shareholders and potential investors of the Company should note that the Rights Issue is subject to the fulfilment of conditions including the Stock Exchange granting the listing of, and permission to deal in, the Rights Shares in their nil-paid and fully-paid forms in the new board lot size of 10,000 Shares. If the conditions to the Rights Issue are not fulfilled, the Rights Issue will not proceed.

Any dealing in the Shares from the date of this announcement up to the date on which all conditions of the Rights Issue are fulfilled, and any Shareholder or other person dealing in the Shares and/or Rights Shares in nil-paid form will accordingly bear the risk that the Rights Issue may not become unconditional or may not proceed.

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptance of the provisionally allotted Rights Shares. Accordingly, if the Rights Issue is undersubscribed, the size of the Rights Issue will be reduced. Qualifying Shareholders who do not take up their assured entitlements in full and Excluded Shareholders, if any, should note that their shareholdings in the Company may be diluted, the extent of which will depend in part on the size of the Rights Issue.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the Shares and/or the nil-paid Rights Shares. Shareholders or other persons contemplating any dealings in the Shares and/or Rights Shares in nil-paid form are recommended to consult their professional advisers.

As at the date of this announcement, the Company (i) has no outstanding derivatives, warrants, options or convertible securities or other similar rights which are convertible or exchangeable into Shares; and (ii) has no treasury Shares or repurchased Shares pending cancellation.

The Subscription Price

The Subscription Price is HK\$0.15 per Rights Share, which shall be payable in full (a) by a Qualifying Shareholder upon acceptance of the relevant provisional allotment of the Rights Shares under the Rights Issue, and/or upon application for Excess Rights Share(s); or (b) when a transferee of the nil-paid Rights Share(s) applies for the relevant Rights Share(s).

The Subscription Price represents:

- (i) a discount of approximately 41.18% to the closing price of HK\$0.255 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (ii) a discount of approximately 42.31% to the average closing price of approximately HK\$0.2600 per Share as quoted on the Stock Exchange for the five (5) consecutive trading days up to and including the Last Trading Day;

- (iii) a discount of approximately 43.71% to the average closing price of approximately HK\$0.2665 per Share as quoted on the Stock Exchange for the ten (10) consecutive trading days up to and including the Last Trading Day;
- (iv) a theoretical dilution effect (as defined under Rule 7.27B of the Listing Rules) of approximately 14.32%, which is calculated based on the theoretical diluted price of approximately HK\$0.2253 per Share to the benchmarked price of HK\$0.2630 per Share (as defined under Rule 7.27B of the Listing Rules, taking account the higher of (i) the closing price of HK\$0.255 per Share as quoted on the Stock Exchange on the Last Trading Day; and (ii) the average of the closing price of approximately HK\$0.2630 per Share as quoted on the Stock Exchange for the five (5) consecutive trading days immediately prior to the Last Trading Day);
- (v) a premium of approximately 221.20% to the latest published audited consolidated net asset value per Share attributable to the Shareholders as at 30 June 2025 of approximately HK\$0.0467 (based on the consolidated net asset value of the Group attributable to the Shareholders as at 30 June 2025 of approximately HK\$66.62 million as disclosed in the 2025 annual report of the Company published on 28 October 2025 and 1,426,701,739 Shares in issue as at the date of this announcement); and
- (vi) a premium of approximately 141.16% to the latest published unaudited consolidated net asset value per Share attributable to the Shareholders as at 31 December 2025 of approximately HK\$0.0622 (based on the unaudited consolidated net asset value of the Group attributable to the Shareholders as at 31 December 2025 of approximately HK\$88.77 million as disclosed in the interim report of the Company published on 13 March 2026 and 1,426,701,739 Shares in issue as at the date of this announcement).

The net subscription price per Rights Share (i.e. maximum net proceeds to be raised from the Rights Issue divided by the maximum number of Rights Shares to be issued) upon full subscription under the Rights Issue will be approximately HK\$0.147.

The Rights Issue will not result in a theoretical dilution effect of 25% or more. As such, the theoretical dilution impact of the Rights Issue is in compliance with Rule 7.27B of the Listing Rules.

The Subscription Price was determined with reference to, among other things, (i) the prevailing market price of the Shares as quoted on the Stock Exchange; and (ii) latest business performance and financial position of the Group.

The Directors (including the independent non-executive Directors) consider that, despite any potential dilution impact of the proposed Rights Issue on the shareholding interests of the Shareholders, the terms of the Rights Issue (including the Subscription Price) are fair and reasonable and in the interests of the Company and the Shareholders as a whole, after taking into account the following factors: (i) the Qualifying Shareholders who do not wish to take up their provisional entitlements under the proposed Rights Issue are able to sell the nil-paid Rights Shares in the market; and (ii) the proposed Rights Issue allows the Qualifying Shareholders an equal opportunity to subscribe for their assured entitlements under the Rights Issue for the purpose of maintaining their respective existing shareholding interests in the Company.

Non-underwritten Basis

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptance of the provisionally allotted Rights Shares.

In the event that the Rights Issue is not fully-subscribed, any Unsubscribed Rights Shares together with the ES Unsold Rights Shares and unsold aggregated fractions of Rights Shares will be made available for excess application under the EAFs. There are no statutory requirements regarding the minimum subscription levels in respect of the Rights Issue and there is no minimum amount to be raised under the Rights Issue.

As the Rights Issue will proceed on a non-underwritten basis, Qualifying Shareholder(s) who apply to take up all or part of his/her/its entitlement under the PAL and/or Excess Rights Shares under the EAF may unwittingly incur an obligation to make a general offer for the Shares under the Takeovers Code or cause the public float of the Company to decrease to below 25%. Accordingly, the Rights Issue will be made on terms that the Company will provide for the Qualifying Shareholders to apply on the basis that if the Rights Shares are not fully taken up, the application of any Qualifying Shareholder for his/her/its assured entitlement under the Rights Issue or Excess Rights Shares under the EAF will be scaled down to a level which (a) does not trigger an obligation on part of the relevant Qualifying Shareholder to make a general offer under the Takeovers Code in accordance to the note to Rule 7.19(5)(b) of the Listing Rules; and (b) does not cause the Company's public float to decrease to below 25%. Shares subject to scale down will be available for application as Excess Rights Shares to other Qualifying Shareholders, and any subscription monies not utilised due to the scaled-down application of entitled Rights Shares or Excess Rights Shares will be refunded to the affected applicants.

Accordingly, if the Rights Issue is undersubscribed, the size of the Rights Issue will be reduced. Qualifying Shareholders who do not take up their assured entitlements in full and Excluded Shareholders (if any) should note that their shareholdings in the Company may be diluted, the extent of which will depend in part on the size of the Rights Issue.

Conditions of the Rights Issue

The Rights Issue is conditional upon the following conditions being fulfilled:

- (i) the Listing Committee granting or agreeing to grant and not having withdrawn or revoked the listing of, and permission to deal in, all the Rights Shares (in both nil-paid and full-paid forms);
- (ii) the electronic submission to the Stock Exchange for authorisation and the registration with the Registrar of Companies in Hong Kong respectively of the Prospectus Documents and other documents no later than the Prospectus Posting Date in compliance with the Listing Rules and the Companies (WUMP) Ordinance; and
- (iii) the Prospectus Documents having been made available to the Qualifying Shareholders and the publication of the Prospectus Documents on the website of the Stock Exchange on or before the Prospectus Posting Date.

All the conditions set out above cannot be waived. If any of the above conditions are not fulfilled on or prior to the respective time stipulated therein, the Rights Issue will not proceed. As at the date of this announcement, none of the above conditions has been fulfilled.

If any of the conditions referred to above is not fulfilled by 4:00 p.m. on Wednesday, 9 September 2026, the Rights Issue will not proceed.

The Rights Issue is subject to the fulfilment of conditions including the Stock Exchange granting the listing of, and permission to deal in, the Rights Shares in their nil-paid and fully-paid forms in the new board lot size of 10,000 Shares. If the conditions to the Rights Issue are not fulfilled, the Rights Issue will not proceed.

Basis of provisional allotments

The Rights Shares will be allotted on the basis of one (1) Rights Share for every two (2) existing Shares held by the Qualifying Shareholders as at the close of business on the Record Date at the Subscription Price payable in full on acceptance.

The PAL relating to the Rights Shares will be enclosed with the Prospectus entitling the Qualifying Shareholders to whom it is addressed to subscribe for the Rights Shares as shown therein. Application for all or any part of a Qualifying Shareholder's provisional allotment should be made with the Registrar on or before the Latest Time for Acceptance by lodging a duly completed PAL and a remittance for the Rights Shares being applied for.

Status of the Rights Shares

The Rights Shares, when allotted and issued and fully-paid, shall rank *pari passu* in all respects with the existing Shares in issue. Holders of fully-paid Rights Shares will be entitled to receive all future dividends and distributions which may be declared, made or paid on or after the date of allotment of the Rights Shares in their fully-paid form.

Qualifying Shareholders

The Rights Issue is only available to the Qualifying Shareholders and will not be extended to the Excluded Shareholders (if any). To qualify for the Rights Issue, a Shareholder must be registered as a member of the Company as at the close of business on the Record Date and not be an Excluded Shareholder.

In order to be registered as members of the Company at the close of business on the Record Date, all transfers of the Shares (together with the relevant share certificate(s) and/or the instrument(s) of transfer) must be lodged with the Registrar for registration by no later than the Latest Time for Transfer (i.e., 4:30 p.m. on Thursday, 13 August 2026 (Hong Kong time)).

Beneficial owners whose Shares are held by nominees (or held in CCASS) should note that the Board will regard a nominee (including HKSCC Nominees Limited) as a single Shareholder according to the register of members of the Company. Beneficial owners with their Shares held by nominees (or held in CCASS) are advised to consider whether they would like to arrange for registration of the relevant Shares in the name of the beneficial owner(s) prior to the Latest Time for Transfer. Shareholders and investors should consult their professional advisers if they are in doubt as to their status and action to be taken.

Subject to the registration of the Prospectus Documents in accordance with the applicable laws and regulations, the Prospectus Documents will be made available and/or despatched (as the case may be) to the Qualifying Shareholders on the Prospectus Posting Date. Copies of the Prospectus Documents will also be made available on the websites of the Company (www.irasia.com/listco/hk/pine/) and the Stock Exchange (www.hkexnews.hk). The Prospectus only (excluding the PAL and EAF) will be made available and/or despatched (as the case may be) to the Excluded Shareholders (if any) for their information purpose only to the extent permitted under the relevant laws and regulations and reasonably practicable. The Company will despatch the PAL and EAF in printed form to the Qualifying Shareholders but will not despatch the PAL and EAF to the Excluded Shareholders (if any).

Qualifying Shareholders who take up their pro rata assured entitlement in full will not suffer any dilution to their interests in the Company apart from any nominal dilution resulting from the non-issuance of fractional Rights Shares.

If a Qualifying Shareholder does not take up any of his/her/its entitlement in full under the Rights Issue, his/her/its proportionate shareholding in the Company may be diluted, the extent of which will depend in part on the size of the Rights Issue.

Rights of the Overseas Shareholder(s)

The Prospectus Documents to be issued in connection with the Rights Issue are not intended to be, have not been, and will not be registered or filed under the applicable securities law of any jurisdiction other than Hong Kong. If, at the close of business on the Record Date, a Shareholder's address on the Company's register of members is in a place outside Hong Kong, such Shareholder may not be eligible to take part in the Rights Issue.

Pursuant to Rule 13.36(2)(a) of the Listing Rules, the Company will make necessary enquiries regarding the feasibility of extending the Rights Issue to Overseas Shareholders (if any) under the laws of the relevant overseas jurisdictions and the requirements of the relevant regulatory bodies or stock exchanges. If, based on legal advice, the Board is of the opinion that it would be necessary or expedient not to offer the Rights Shares to any Overseas Shareholders on account either of the legal restrictions under the laws of relevant place(s) or the requirements of the relevant overseas regulatory body or stock exchange, no provisional allotment of the nil-paid Rights Shares or allotment of fully-paid Rights Shares will be made to such Overseas Shareholder(s). Such Overseas Shareholders will be regarded as Excluded Shareholders and will not qualify for the Rights Issue. The basis of exclusion of Excluded Shareholders, if any, will be disclosed in the Prospectus.

As at the date of this announcement, based on the register of members of the Company, there is one Overseas Shareholder with registered address located in the PRC, who is interested in 2,000 Shares, representing 0.00014% of the total issued share capital of the Company (the **"PRC Shareholder"**). Taking into account the advice provided by legal adviser in the PRC, the Directors are of the view that the relevant PRC legal restrictions and requirements of the regulatory body or stock exchange in the PRC make it necessary or expedient to exclude the PRC Shareholder, the Overseas Shareholder with registered addresses located in the PRC, from the Rights Issue. Therefore, the PRC Shareholder is an Excluded Shareholder and the Rights Issue will not be extended to it. Save for the PRC Shareholder, there were no other Overseas Shareholders based on the register of members of the Company as at the date of this announcement.

Overseas Shareholders and beneficial owners of Shares residing outside Hong Kong should note that they may or may not be able to participate in the Rights Issue, subject to the results of enquiries made by the Company pursuant to the notes to Rule 13.36(2)(a) of the Listing Rules. The Company reserves the right to treat as invalid any acceptance of or applications for Rights Shares where it believes that such acceptance or application would violate the applicable securities laws or other laws or regulations of any territory or jurisdiction. The Rights Issue does not constitute any offer or invitation to sell, issue or solicit for Shares in any jurisdiction in which such actions are unlawful or otherwise restricted. Accordingly, Overseas Shareholders and beneficial owners of Shares residing outside Hong Kong should inform themselves of and observe any such restrictions, if applicable, and exercise caution when dealing in the Shares and/or Rights Shares in nil-paid form.

Excluded Shareholder(s) (if any)

The Company will not extend the Rights Issue to the Excluded Shareholders, if any. Accordingly, no provisional allotment of the Rights Shares will be made to the Excluded Shareholders and the Excluded Shareholders will not be entitled to apply for the Rights Shares.

Rights Shares which would otherwise have been provisionally allotted to the Excluded Shareholders will be made available for excess application by the Qualifying Shareholders under the EAFs.

Arrangements will be made for the Rights Shares which would otherwise have been provisionally allotted to the Excluded Shareholders to be sold in the market in their nil-paid form as soon as practicable after dealings in the nil-paid Rights Shares commence on the Stock Exchange and in any event before the last day for dealings in nil-paid Rights Shares if a premium (net of expenses) can be obtained. The proceeds of each sale, less expenses and stamp duty, above HK\$100 will be distributed by the Company to the relevant Excluded Shareholders pro rata to their shareholdings on the Record Date (but rounded down to the nearest cent) in Hong Kong dollars. The Company will retain individual amounts of HK\$100 or less for the benefit of the Company. Any unsold nil-paid Rights Shares of the Excluded Shareholders will be made available for excess application by the Qualifying Shareholders.

The Prospectus Documents, together with the PAL and EAF, will be made available and/or despatched (as the case may be) to the Qualifying Shareholders only and to the extent reasonably practicable and subject to the advice of legal advisers in the relevant jurisdictions in respect of applicable local laws and regulations. The Prospectus (excluding the PAL and EAF) will be made available and/or despatched (as the case may be) to the Excluded Shareholders for their information only. The Company will despatch the PAL and EAF in printed form to the Qualifying Shareholders but will not despatch the PAL and EAF to the Excluded Shareholders.

No fractional entitlement to the Rights Shares

The Company will not provisionally allot and will not accept application for any fractions of the Rights Shares in nil-paid form. All fractions of the Rights Shares will be aggregated and rounded down to the nearest whole number. Any Rights Shares created from the aggregation of fractions of the Rights Shares will be sold in the market for the benefit of the Company if a premium (net of expenses) can be obtained. Any unsold Rights Shares representing the aggregation of the fractions of the Rights Shares will be made available for excess application by the Qualifying Shareholders under the EAFs as described in the section headed “Application for Excess Rights Shares” below.

Odd lot arrangement

In order to facilitate the trading of odd lots (if any) of the Shares, a designated broker will be appointed to stand in the market to match the purchase and sale of odd lots of the Shares at the relevant market price, on a best effort basis. Shareholders should note that matching of the sale and purchase of odd lots of the Shares is not guaranteed. Any Shareholder who is in any doubt about the odd lots arrangement is recommended to consult their own professional advisers. Further details in respect of the odd lots trading arrangement will be set out in the Prospectus.

Application for Excess Rights Shares

All Qualifying Shareholders are entitled to apply, by way of excess application under the EAFs, for additional Rights Shares in excess of their assured entitlements.

The Excess Rights Shares will comprise:

- (i) any Rights Shares provisionally allotted but not accepted by any of the Qualifying Shareholders or otherwise not subscribed for by transferees of nil-paid Rights Shares prior to the Latest Time for Acceptance;
- (ii) any Rights Shares which would otherwise have been provisionally allotted to the Excluded Shareholders;
- (iii) any Rights Shares created from the aggregation of unsold fractions of Rights Shares not provisionally allotted to the Qualifying Shareholders; and
- (iv) any Rights Shares which would otherwise be allotted but subject to scale down (as described in the paragraph headed “Non-underwritten basis” hereinabove).

Application for Excess Rights Shares can be made only by Qualifying Shareholders duly completing the EAFs (in accordance with the instructions printed thereon) and lodging the same with a separate remittance for the Excess Rights Shares being applied for with the Registrar on or before the Latest Time for Acceptance, which is expected to be 4:00 p.m. on Tuesday, 8 September 2026.

Qualifying Shareholders who wish to apply for Excess Rights Shares in addition to their provisional allotments must complete both the PAL and the EAF.

Basis of allocation of Excess Rights Shares

Subject to any scaling down of subscriptions, the Company will allocate the Excess Rights Shares at its discretion on a fair and equitable basis as far as practicable on the following principles:

- (i) if there are insufficient Excess Rights Shares to satisfy all EAFs, Excess Rights Shares will be allocated on a pro rata basis by reference to the number of Excess Rights Shares applied for in the relevant EAFs by the relevant Qualifying Shareholders; and
- (ii) otherwise (i.e. if the aggregate number of Rights Shares not taken up by the Qualifying Shareholders and/or transferees of nil-paid Rights Shares under the PALs is greater than the aggregate number of Excess Rights Shares applied for through the EAFs), Excess Rights Shares will be allocated in full in accordance with the EAFs to each Qualifying Shareholder who applies for Excess Rights Shares.

For the avoidance of doubt, in applying the principles above, reference will only be made to the number of Excess Rights Shares being applied for in the relevant EAFs, and no reference will be made to the Rights Shares comprised in applications through PAL or the existing number of Shares held by the relevant Qualifying Shareholders; and no preference will be given to applications for topping up odd lots.

Shareholders whose Shares are held by a nominee (or held through CCASS) should note that the Board will regard such nominee (including HKSCC Nominees Limited) as a single Shareholder according to the register of members of the Company. Accordingly, the aforesaid arrangement for allocation of Excess Rights Shares by the Company may not be extended to the beneficial owners individually. Beneficial owners whose Shares are held by a nominee (or held through CCASS) are advised to consider whether they would like to arrange for the registration of their Shares in their own names on or prior to the Latest Time for Transfer.

Certificates of the Rights Shares and refund cheques for the Rights Issue

Subject to fulfilment of the conditions of the Rights Issue, share certificates for the fully-paid Rights Shares are expected to be posted on or before Tuesday, 15 September 2026 to those entitled thereto at their registered addresses by ordinary post at their own risk. Refund cheques (without interest) in respect of wholly or partially unsuccessful applications for Excess Rights Shares, or for refunds in the event that the Rights Issue does not become unconditional, are expected to be posted on or before Tuesday, 15 September 2026 by ordinary post to the respective applicants at their registered addresses, at their own risk.

Application for listing of the Rights Shares

The Company will apply to the Listing Committee of the Stock Exchange for the listing of, and the permission to deal in, the Rights Shares (in both nil-paid and fully-paid forms) to be allotted and issued pursuant to the Rights Issue. No part of the securities of the Company is listed or dealt in, and no listing of or permission to deal in any such securities is being or is proposed to be sought, on any other stock exchanges.

The nil-paid Rights Shares and the fully-paid Rights Shares will be traded in the new board lot size of 10,000 Shares.

Stamp duty and other applicable fees

Dealing in the Rights Shares in both their nil-paid and fully-paid forms which are registered in the register of members of the Company in Hong Kong will be subject to payments of stamp duty, Stock Exchange trading fee, SFC transaction levy, AFRC transaction levy or any other applicable fees and charges in Hong Kong.

Irrevocable undertaking

As at the date of this announcement, the Board has not received any information or undertaking from any Shareholders of their intention to take up or not to take up the securities of the Company to be provisionally allotted to them under the Rights Issue.

Taxation

Shareholders are advised to consult their professional advisers if they are in doubt as to the taxation implications of the receipt, purchase, holding, exercising, disposing of or dealing in, the nil-paid Rights Shares or the fully-paid Rights Shares.

Rights Shares will be eligible for admission into CCASS

Subject to the granting of the listing of, and the permission to deal in, the Rights Shares (in both their nil-paid and fully-paid forms) on the Stock Exchange as well as compliance with the stock admission requirements of HKSCC, the Rights Shares (in both their nil-paid and fully-paid forms) will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the respective commencement dates of dealings in the Rights Shares in their nil-paid and fully-paid forms on the Stock Exchange, or such other dates as determined by HKSCC.

Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second trading day thereafter. All activities under CCASS are subject to the General Rules of HKSCC and HKSCC Operational Procedures in effect from time to time. Shareholders should seek advice from their licensed securities dealer(s) or other professional adviser(s) for details of those settlement arrangements and how such arrangements will affect their rights and interests.

REASONS FOR AND BENEFITS OF THE RIGHTS ISSUE AND THE USE OF PROCEEDS

The Company is an investment holding company. The Group is principally engaged in (i) the sales of computer components and consumer electronic products; (ii) the trading of plastic products; and (iii) the provision of computer software and hardware and system development services in Hong Kong and the PRC.

The Group’s principal trading operations have, over the past twelve months, expanded to include the trading of memory storage components and the trading of enterprise rack servers. These two product categories are operated alongside, and as a natural extension of, the Group’s existing trading operations in computer components and related consumer electronic products, and have collectively become a meaningful contributor to the Group’s revenue.

Memory storage components

The Group commenced the trading of memory storage components in the first quarter of 2026, following the appointment in November 2025 of Mr. Chen Leiyu as an executive Director. Mr. Chen has over 17 years of experience in the storage and memory components sector, including his tenure as General Manager of the SSD Business Division at Shenzhen Demingli Technology Co., Ltd. (深圳市德明利技術股份有限公司) (Stock Code: 001309.SZ), a company listed on the Shenzhen Stock Exchange. Based on the unaudited management accounts of the Group for the three months ended 31 March 2026, the Group recorded meaningful amount of revenue from the trading of memory storage components, with a gross profit margin materially higher than the overall gross profit margin recorded under the segment of sales of other brand products during the six months ended 31 December 2025.

The Directors are of the view that the global memory storage market is currently experiencing strong structural demand, driven in part by the accelerating adoption of artificial intelligence-related storage applications, the continued expansion of data centre infrastructure in the PRC and globally, and the structural reallocation of advanced manufacturing capacity towards high-performance storage. These conditions have, in the Directors' view, supported favourable pricing dynamics for distributors with established procurement channels and inventory positions. Supported by Mr. Chen's industry expertise, the Group's established procurement and warehousing infrastructure in the PRC, and the dedicated testing and inspection equipment which the Group has procured for the purpose of verifying product quality prior to delivery, the Directors consider that the Group is well-positioned to further scale its operations in this product category.

Enterprise rack servers

Building on the same operational platform, in April 2026 the Group further expanded its product portfolio to include the trading of enterprise rack servers. From the commencement of the trading of enterprise rack servers in April 2026 up to the date of this announcement, the Group has recorded sales of over HK\$100 million in this product category. The Group's customers for enterprise rack servers are principally PRC-based computing service providers and other enterprise users of computing infrastructure.

The Directors consider that the demand drivers for enterprise rack servers are closely aligned with those of memory storage components. Enterprise rack servers are the principal hardware platform on which enterprise computing workloads – including artificial intelligence training and inference workloads, cloud services and other data centre applications – are deployed. The Directors are of the view that the current demand for enterprise computing infrastructure in the PRC, driven by the rapid build-out of artificial intelligence computing capacity, the development of intelligent computing centres and the broader digitalisation of PRC enterprises, has translated into a sustained order pipeline for the Group from its PRC-based computing service provider customers.

Rationale and reasons for the Rights Issue

The Directors consider that the expansion of the Group's trading operations to encompass memory storage components and enterprise rack servers represents a logical extension of, and builds upon, the Group's established business in the trading of computer components and related products. The two new product categories utilise the Group's existing procurement and warehousing infrastructure, share the same operational processes and controls, and operate under the same management oversight, while providing access to product markets with stronger demand fundamentals and higher gross profit margin potential than the mainstream computer component categories historically traded by the Group.

The further development of these two product categories will require the Group to commit a significantly higher level of working capital to inventory and trade receivables, given that these operations are conducted on a principal basis – with the Group taking title to inventory at its own risk and extending trade credit to its customers against shorter supplier credit terms. The Group also intends to scale its supporting operational platform, by recruiting additional sales, technical and operational personnel and by expanding its warehousing footprint, to support the anticipated business growth.

Having considered the funding requirements of the Group, the Board considers that the Rights Issue is a timely and appropriate means of raising the additional capital required to support these initiatives, while at the same time offering the Qualifying Shareholders the opportunity to participate in the enlarged capital base of the Company on a pro-rata basis.

The estimated maximum gross proceeds and net proceeds (after deducting the relevant expenses) of the Rights Issue, if fully subscribed, will be up to approximately HK\$107.0 million and HK\$105.0 million respectively (assuming no change in the number of Shares in issue on or before the Record Date). The Company intends to apply the net proceeds from the Rights Issue as follows:

- (i) approximately HK\$52.5 million, representing approximately 50% of the net proceeds, for the procurement of inventory of memory storage components by the Group;
- (ii) approximately HK\$36.8 million, representing approximately 35% of the net proceeds, for the procurement of inventory of enterprise rack servers by the Group; and
- (iii) approximately HK\$15.7 million, representing approximately 15% of the net proceeds, for the general working capital of the Group.

Inventory of memory storage components

The Group intends to apply approximately 50% of the net proceeds from the Rights Issue, being approximately HK\$52.5 million, towards the procurement of inventory of memory storage components by the Group. As described above, the Group conducts the trading of memory storage components on a principal basis and bears the full working capital requirement arising from the timing gap between the credit terms extended by its suppliers and the credit terms extended to its customers. The Board considers that securing additional inventory holding capacity is essential to enable the Group to capture the prevailing demand in the memory storage market and to further scale the Group's sales volume in this product category.

Inventory of enterprise rack servers

The Group intends to apply approximately 35% of the net proceeds from the Rights Issue, being approximately HK\$36.8 million, towards the procurement of inventory of enterprise rack servers by the Group. The trading of enterprise rack servers is similarly conducted on a principal basis, with the Group holding inventory at its own risk and extending trade credit to its customers, which are principally PRC-based computing service providers and other enterprise users of computing infrastructure. The unit cost of enterprise rack server inventory is materially higher than the unit cost of the mainstream computer component categories historically traded by the Group, and the Group's ability to scale this product line is therefore directly constrained by the level of working capital available for inventory procurement. The Board considers that allocating a meaningful portion of the net proceeds to inventory procurement in this product category is necessary to support the continued growth of the business.

General working capital

The Group intends to apply approximately 15% of the net proceeds from the Rights Issue, being approximately HK\$15.7 million, for the general working capital of the Group, including the recruitment of additional sales, technical and operational personnel to support the expanded scale of the Group's operations, the expansion of the Group's warehousing footprint, and the general operating and overhead expenses of the Group incurred in the ordinary course of business.

In summary, the Board believes that the above allocation of the net proceeds will enable the Group to expand its trading operations into product categories which the Directors consider to offer attractive growth and higher gross profit margin opportunities, while at the same time providing the Group with general working capital to support its broader operations. The Board considers that the proposed use of the net proceeds is in the overall interests of the Company and the Shareholders as a whole.

In the event that there is an undersubscription of the Rights Issue, the net proceeds actually raised will be applied towards each of the intended uses described above on a pro-rata basis, subject to such adjustments as the Board may consider appropriate having regard to the funding priorities of the Group at the relevant time. Further details of the use of proceeds will be disclosed by the Company in the announcement of results of the Rights Issue.

Other fund-raising alternatives

Apart from the Rights Issue, the Directors have considered other debt/equity fund raising alternatives such as bank borrowings, placing, or an open offer.

In respect of debt financing, the Directors noted that bank borrowings will carry interest costs and may require the provision of security and creditors will rank before the Shareholders. Debt financing will also result in additional interest burden, higher gearing ratio of the Group and subject the Group to repayment obligations. Debt financing would expose the Group to a huge liquidity risk, especially when there are any unforeseen economic downturns and the additional finance costs would also affect the Group's financial performance. In addition, debt financing may not be achievable on favourable terms in a timely manner.

As for equity fund raising, such as placing of new Shares, it would lead to immediate dilution in the shareholding interest of the existing Shareholders without offering them the opportunity to participate in the enlarged capital base of the Company, which is not the intention of the Company.

As opposed to an open offer, the Rights Issue enables the Shareholders to sell the nil-paid rights in the market. The Rights Issue will give the Qualifying Shareholders the opportunity to maintain their respective pro-rata shareholding interests in the Company.

Having considered the abovementioned alternatives, the Directors consider raising funds by way of the Rights Issue is more attractive in the current market condition and the Rights Issue will enable the Company to strengthen its working capital base and enhance its financial position, while at the same time, allowing the Qualifying Shareholders to maintain their proportional shareholdings in the Company.

Based on the above, the Board (including the independent non-executive Directors) considers that raising capital through the Rights Issue is in the interests of the Company and the Shareholders as a whole. In addition, having considered the capital needs of the Group, the terms of the Rights Issue and the Subscription Price, the Board also considers that it is in the interests of the Company to proceed with the Rights Issue on a non-underwritten basis. However, those Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Excluded Shareholder(s), if any, should note that their shareholdings may be diluted, the extent of which will depend in part on the size of the Rights Issue.

EQUITY FUND RAISING EXERCISE IN THE PAST TWELVE MONTHS

Save as disclosed below, the Company has not conducted any other equity fund raising activity involving issue of equity securities in the past twelve (12) months immediately preceding the date of this announcement.

On 4 December 2025, the Company announced a placing (the “**Placing**”) of up to 100,000,000 new Shares (the “**Placing Shares**”) under the general mandate granted by the Shareholders at the annual general meeting held on 29 November 2024. The Placing was completed on 22 December 2025, with an aggregate of 100,000,000 Placing Shares successfully placed to not less than six independent placees at the placing price of HK\$0.30 per Placing Share. The net proceeds (after deduction of related fees and expenses) amounted to approximately HK\$29.41 million. The net proceeds have been applied for general working capital of the Group, primarily for the (i) procurement of inventory consisting of computer components, and (ii) operational and market development costs. The net proceeds from the Placing has been fully utilised as at the date of this announcement.

Details of the Placing are set out in the announcements of the Company dated 4 December 2025, 12 December 2025 and 22 December 2025.

PROPOSED CHANGE IN BOARD LOT SIZE

As at the date of this announcement, the Shares are traded on the Stock Exchange in the board lot size of 2,000 Shares. The Board proposes to change the board lot size for trading on the Stock Exchange from 2,000 Shares to 10,000 Shares with effect from 9:00 a.m. on Thursday, 27 August 2026. The Company will arrange odd lot matching services in order to facilitate the trading of odd lots.

REASONS FOR AND BENEFITS OF THE CHANGE IN BOARD LOT SIZE

The “Guide on Trading Arrangements for Selected Types of Corporate Actions” issued by the Hong Kong Exchanges and Clearing Limited on 28 November 2008 and last updated in June 2026 has stated that, among others, taking into account the minimum transaction costs for a securities trade, the expected value per board lot should be greater than HK\$1,000.

As at the date of this announcement, based on the closing price per Share of HK\$0.255, the market value of each existing board lot of 2,000 Shares is HK\$510, which is below the HK\$1,000 threshold. With a view to enable the Company to comply with the trading requirements under the Listing Rules, namely, the expected value per board lot should be greater than HK\$1,000, each board lot shall increase from 2,000 Shares to 10,000 Shares. Upon the Change in Board Lot Size becoming effective, and based on the closing price per Share of HK\$0.255 as at the date of this announcement, the market value of each board lot of 10,000 Shares is calculated to be HK\$2,550. Shareholders should note that Shareholders’ approval is not required for the Change in Board Lot Size.

To facilitate the trading of odd lots of Shares which will arise upon the Change in Board Lot Size, the Company will procure an arrangement with an agent to stand in the market to provide matching services for the sale and purchase of odd lots of Shares on a best effort basis. Further details in respect of the odd lot arrangement will be set out in the Prospectus. Holders of Shares in odd lots should note that the matching services mentioned above are on a “best effort” basis only and successful matching of the sale and purchase of odd lots of Shares is not guaranteed and will depend on there being adequate amount of odd lots of Shares available for matching. Any Shareholder who is in any doubt about the odd lots arrangements is recommended to consult his/her/its/their own professional advisers.

All existing share certificates in board lot of 2,000 shares will remain good evidence of the legal title to the Shares and continue to be valid for delivery, transfer, trading and settlement purposes. No new share certificates for existing Shareholders will be issued as a result of the change in the board lot size, and therefore no arrangement for free exchange of existing share certificates in board lot size 2,000 shares to new share certificate in board lot size of 10,000 shares is necessary. The Change in Board Lot Size will not affect any of the relative rights of the Shareholders. The Board considers that the Change in Board Lot Size is in the interest of the Company and the Shareholders as a whole.

LISTING RULES IMPLICATIONS

As (i) the Company has not conducted any rights issue, open offer or specific mandate placing within the 12-month period immediately preceding the date of this announcement; (ii) the Rights Issue will not increase the issued share capital or the market capitalisation of the Company by more than 50%; and (iii) the Rights Issue is not underwritten by a director, chief executive or controlling or substantial shareholder (or any of their respective associates) of the Company, the Rights Issue is not subject to the Shareholder’s approval pursuant to Rule 7.19A of the Listing Rules.

The Rights Issue does not result in a theoretical dilution effect of 25% or more on its own. As such, the theoretical dilution impact of the Rights Issue is in compliance with Rule 7.27B of the Listing Rules.

WARNING OF THE RISKS OF DEALING IN THE EXISTING SHARES AND NIL-PAID RIGHTS SHARES

Shareholders and potential investors of the Company should note that the Rights Issue is subject to the fulfilment of conditions including the Stock Exchange granting the listing of, and permission to deal in, the Rights Shares in their nil-paid and fully-paid forms in the new board lot size of 10,000 Shares. If the conditions to the Rights Issue are not fulfilled, the Rights Issue will not proceed.

Any dealing in the Shares from the date of this announcement up to the date on which all conditions of the Rights Issue are fulfilled, and any Shareholder or other person dealing in the Shares and/or Rights Shares in nil-paid form will accordingly bear the risk that the Rights Issue may not become unconditional or may not proceed.

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptance of the provisionally allotted Rights Shares. Accordingly, if the Rights Issue is undersubscribed, the size of the Rights Issue will be reduced. Qualifying Shareholders who do not take up their assured entitlements in full and Excluded Shareholders, if any, should note that their shareholdings in the Company may be diluted, the extent of which will depend in part on the size of the Rights Issue.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the Shares and/or the nil-paid Rights Shares.
