VOLUNTARY ANNOUNCEMENT

DELIVERY OF THE FIRST PRODUCTION UNIT OF APOLLO EVO CUSTOMER CAR

This announcement is made by Apollo Future Mobility Group Limited (the "**Company**", and together with its subsidiaries, the "**Group**") on a voluntary basis.

The board (the "**Board**") of directors (the "**Directors**") of the Company is pleased to announce that, in accordance with the Company's strategic business plan to become a world leading hypercar developer, the Company has delivered the first production unit of Apollo EVO customer car, named the "Caribbean Dragon", in June 2026.

The Company has officially unveiled the first Apollo EVO customer car, being one of a limited run of ten (10) bespoke vehicles, at the Goodwood Festival of Speed 2026, a world-famous international motorsport event held in West Sussex, the United Kingdom, in July 2026.

Serving as the track-only successor to the acclaimed Apollo Intensa Emozione (IE), the Apollo EVO represents the latest evolution of the Apollo brand and the Group's continued pursuit of German engineering excellence. Built to modern-day motorsport specifications, the Apollo EVO features a newly developed full carbon-fibre monocoque, flanked by carbon front and rear subframes, as well as dedicated carbon crash structures. These technical features are designed to enhance the vehicles' stiffness-to-weight ratio, handling precision and aerodynamic efficiency. The Apollo EVO is powered by a naturally aspirated 6.3-litre V12 engine and features a dry weight of approximately 1,300 kg. The base price of each Apollo EVO hypercar is approximately EUR3,000,000.

The Board believes that the successful delivery of the first production unit of Apollo EVO demonstrates the Group's commitment to the development and sales of ultra-high performance hypercars, and further strengthens the Group's position in the automotive industry.

The Company will continue to update its shareholders and potential investors on any material developments in accordance with the applicable requirements under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.

By order of the Board
Apollo Future Mobility Group Limited
Hui Chun Ying
Chairman and Executive Director

Hong Kong, 23 July 2026

As at the date of this announcement, the Board comprises two executive Directors, namely Mr. Hui Chun Ying (Chairman) and Ms. Chen Yizi; and three independent non-executive Directors, namely, Mr. Charles Matthew Pecot III, Ms. Hau Yan Hannah Lee and Mr. Zhuang Qiyu.
