MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

Overview

During the financial year ended 31 March 2026 ("FY2026" or "the year under review"), revenue of the Group amounted to approximately HK\$442.8 million, representing a decrease of 2.3% compared with approximately HK\$453.3 million for the year ended 31 March 2025 ("FY2025" or the "same period last year"). The receipts from sales of prepaid beauty packages during the year under review was HK\$392.1 million, a decrease of 6.1% over the same period last year. The employee benefit expenses and depreciation charge of other properties leased for own use decreased by 7.2% to HK\$263.4 million and decreased by 6.3% to HK\$58.0 million respectively as compared with the same period last year. The Group recorded an operating profit of HK\$18.7 million during the year under review (FY2025: HK\$2.1million).

Below is the key statistics:

	For the year ended 31 March		
	2026	2025	Change
Revenue (HK\$ million)	442.8	453.3	-2.3%

Note: Gearing ratio represents bank loan over total equity.

Hong Kong

According to the Census and Statistics Department, Hong Kong's total retail sales value in 2025 reached approximately HK\$380 billion, a modest rise from around HK\$377 billion the previous year. This uptick reversed the 7.3% contraction recorded in 2024, supported by robust year-end consumer activity, improving local economic sentiment, a rebound in tourist arrivals, and a series of large-scale mega-events that boosted footfall and spending.

At the same time, the sustained rise in northbound spending—as Hong Kong residents increasingly travel to mainland cities for shopping, dining, and entertainment—has introduced fresh competitive pressures on local retailers and hospitality operators. In response, many businesses are being compelled to upgrade service standards, rethink pricing strategies, and craft more distinctive in-store and experiential offerings to keep local consumers at home. While this poses short-term challenges, such adaptation ultimately bodes well for Hong Kong's long-term competitiveness, fostering a more dynamic, customer-centric, and resilient commercial environment.

MANAGEMENT DISCUSSION AND ANALYSIS

Revenue in Hong Kong during FY2026 decreased by 2.3%. Revenue from services rendered and receipts from prepaid beauty packages during FY2026 were HK\$366.4 million and HK\$356.7 million respectively (FY2025: HK\$375.6 million and HK\$378.2 million), representing an edged decrease of 2.5% and decrease of 5.7% respectively. Revenue from sales of skincare and wellness products was HK\$28.8 million in FY2026 (FY2025: HK\$29.4 million). Our customers in Hong Kong amounted up to a total of approximately 443,900 during the year under review, representing an edged increase of 0.8% as compared to approximately 440,400 in the same period last year.

Our Group has managed to reshuffle the portfolio of shops in Hong Kong and retain our staff as much as we can, and strive to enhance the operational efficiency to achieve long term healthy development for the Group. We will continue to ensure the safety and quality of the services and products offered in our beauty and wellness centres.

In terms of the sales of skincare and wellness products, as of 31 March 2026, the Group had a total of 8 stores under the names of "be Beauty Shop", located across Hong Kong, Kowloon and New Territories. More than 100 varieties of products are available for sale under different series of skincare service, including "Y.U.E", "Advanced Natural", "be", "Care Plus", "Cellnoc", "Malu Wilz", "Dr Plus", "Castille", "Eclat du teint", "p.e.n", "FERRECARÉ", "Byotea", "Mu-lan Spa", "Natural Care", "Veribel" which can fulfil the needs of customers with different skin types.

Singapore

During FY2026, the Group operated a total of 8 beauty and wellness service centres in Singapore (FY2025: 8). During FY2026, the revenue from operations in Singapore was HK\$45.8 million, as compared with HK\$47.5 million for the same period last year. Revenue recognised for provision of beauty and wellness services and receipts from sales of prepaid beauty packages in Singapore amounted to HK\$38.3 million and HK\$35.4 million respectively, as compared with HK\$40.5 million and HK\$39.3 million for the same period last year.

The Group will proceed with its Singapore business development in a prudent and steady manner. With relentless dedication to customer satisfaction, we will continue to focus on providing quality services that serve our customers well and enhance our brand awareness.

MANAGEMENT DISCUSSION AND ANALYSIS

Financial Review

Revenue

Set out below is a breakdown on the revenue of the Group by service lines and product sales during FY2026 (with comparative figures for FY2025):

Sales mix	For the year ended 31 March				
	2026 HK\$'000	Percentage of revenue	2025 HK\$'000	Percentage of revenue	Change

Total	442,813	100%	453,274	100%	-2.3%

Revenue of the Group was mainly contributed by the beauty, facial and slimming services. The Group's revenue from beauty and wellness services decreased by about 2.7% from approximately HK\$416.1 million in FY2025 to approximately HK\$404.7 million in FY2026.

The Group reported that gross receipts from the sales of new prepaid beauty packages of the Group amounted to HK\$392.1 million during FY2026, representing a decrease of 6.1% compared with HK\$417.4 million for FY2025, while cash and cash equivalents at year end maintained at a healthy level.

MANAGEMENT DISCUSSION AND ANALYSIS

Set out below is an analysis on the deferred revenue:

Movement of deferred revenue	For the year ended 31 March					
	2026			2025		
	Hong Kong HK\$'000	Singapore HK\$'000	Total HK\$'000	Hong Kong HK\$'000	Singapore HK\$'000	Total HK\$'000
At beginning of the year	232,108	20,801	252,909	229,603	21,780	251,383
Exchange differences	–	958	958	–	237	237
Gross receipts from sales of prepaid beauty packages	356,705	35,366	392,071	378,152	39,273	417,425
Revenue recognised for provision of beauty and wellness services and expiry of prepaid beauty package	(366,447)	(38,258)	(404,705)	(375,647)	(40,489)	(416,136)
At the end of the year	222,366	18,867	241,233	232,108	20,801	252,909

Employee benefit expenses

Employee benefit expenses (including staff's salaries and bonuses as well as directors' remunerations) represented the largest component of the Group's operating costs. During the year under review, employee benefit expenses decreased by about 7.2% from HK\$283.8 million in FY2025 to approximately HK\$263.4 million. Employee benefit expenses accounted for 59.5% of our revenue in FY2026, as compared to 62.6% for FY2025. The total headcount of the Group as at 31 March 2026 decreased by 1.3% to 783, as compared to a headcount of 793 for FY2025. The Group's remuneration policies are in line with the prevailing market practices and are determined based on the individual performance and experience. For the purpose of motivating and rewarding our staff, discretionary bonus and share options may be granted to eligible employees based on individual performance and the Group's results. The Group introduced the elite system, whereby excellent staff with outstanding performance may receive discretionary bonus in recognition of their contribution.

Depreciation charge of other properties leased for own use

During the year under review, the Group's depreciation of other properties leases for own use were approximately HK\$58.0 million (2025: HK\$61.9 million), accounting for approximately 13.1% of our revenue (2025: 13.7%). As of 31 March 2026, the Group operated a total of 46 shops in Hong Kong and Singapore with a total weighted average gross floor area of 181,950 square feet, representing a decrease of 4.9% as compared to 191,400 square feet in FY2025.

Bank charges, advertising costs and building management fees

Bank charges recorded changes in line with gross receipts from sales of new prepaid beauty packages, which decreased by 5.1% to HK\$23.6 million. Advertising costs was approximately HK\$2.6 million and it accounts for 0.6% of our revenue in both FY2026 and FY2025. This reflected the Group's ability to enjoy cost advantage in advertising costs as it could spread such costs across an enlarged service centre network that covers Hong Kong and Singapore. Advertising cost is allocated in an effective way to raise brand awareness and capture a greater market share. Building management fees decreased by about 8.3% from HK\$11.6 million in FY2025 to approximately HK\$10.6 million during the year under review. It accounts for 2.4% of our revenue in FY2026, as compared to 2.6% for FY2025.

MANAGEMENT DISCUSSION AND ANALYSIS

Other operating expenses

Other expenses (Note)	5,081	8,298
	45,432	49,404

Note: The administrative expenses for each of the years ended 31 March 2025 and 2026 included motor vehicles expenses, postage and courier expenses, printing and stationary, telephone and fax and transportation expenses. The other expenses for each of the years ended 31 March 2025 and 2026 mainly included recruitment, training and internet expenses.

Net loss

The net loss attributable to equity shareholders of the Company was approximately HK\$1.8 million in FY2026, as compared to the net loss attributable to equity shareholders of the Company of HK\$5.1 million in FY2025. The Group will continue to expand its business when opportunities arise in order to achieve the long-term value-added objective of maximising shareholders' returns.

Dividend per share

The Board did not recommend any final dividend to the shareholders of the Company for the year under review (FY2025: Nil). As no interim dividend had been approved by the Board for the six months ended 30 September 2025, the total dividend for the year ended 31 March 2026 will be nil (FY2025: Nil).

Liquidity, financial resources and capital structure

The Group generally finances its liquidity requirements through the gross receipts from sales of prepaid beauty packages and settlement of credit card prepayment transactions with banks. During the year under review, the Group maintained a healthy financial position with cash and bank balances of approximately HK\$253.7 million (FY2025: HK\$236.7 million) with no bank borrowings (FY2025: HK\$0.4 million). The Group's cash is primarily used as working capital and to finance our normal operating expenses, as well as to pay for the purchase of skincare and wellness products, materials and consumable used in the provision of beauty and wellness services. During the year under review, except for cash at bank held for daily operation, the majority of the Group's cash was held under fixed and savings deposits as in line with the Group's prudent treasury policies.

MANAGEMENT DISCUSSION AND ANALYSIS

Capital expenditure

The total capital expenditure of the Group (excluding additions to right-of-use assets for leases of properties for own use) during the year under review was approximately HK\$3.1 million, as compared to HK\$16.1 million for the same period last year. The amount was mainly used leasehold improvements and equipment and machinery in connection with the expansion and integration of its service network in Hong Kong and Singapore.

Contingent liabilities and capital commitment

The Board considered that there were no material contingent liabilities as at 31 March 2026. The Group had capital commitment of HK\$nil as at 31 March 2026 (31 March 2025: HK\$1.5 million), mainly for the acquisition of plant and equipment.

Charges on assets

As of 31 March 2026, the Group had pledged bank deposits of HK\$51.9 million (31 March 2025: HK\$52.9 million) in favour of certain banks to secure banking facilities granted to certain subsidiaries in the Group.

At 31 March 2026, ownership interests in leasehold land and buildings held for own use with carrying values of HK\$30.4 million (2025: HK\$48.4 million) were pledged as securities for banking facilities.

Foreign exchange risk exposures

The Group's transactions were mainly denominated in Hong Kong Dollars. However, the fluctuation in exchange rates of Hong Kong Dollars against and Singapore Dollars also affected the operating costs as the Group expanded its business to Southeast Asian regions and Australia. Management will closely monitor the risk exposures faced by the Group, and will take necessary actions to minimize potential risks and strike a balance between our exposure and return so as to properly hedge such exposures.

Human resources and training

The Group had a workforce of 783 staff as of 31 March 2026 (31 March 2025: 793 staff), including 647 front-line service centre staff in Hong Kong and 61 in Singapore. Back office staff totalled 56 in Hong Kong, 16 in Singapore and 3 in Australia. The Group reviews its remuneration policies on a regular basis with reference to the legal framework, market conditions and performance of the Group and individual staff. The Remuneration Committee also reviews the remuneration policies and packages of executive directors and senior management.

Pursuant to the remuneration policies of the Group, employees' remunerations comply with the legal requirements of all jurisdictions in which we operate and are in line with the market rates. During the year under review, total employee benefit expenses, including directors' emoluments, amounted to HK\$263.4 million, representing a decrease of 7.2% as compared to HK\$283.8 million in FY2025. To enhance the service quality and core skills of our staff, the Group regularly organises training programs designed by the Group's senior management for its staff. In addition, the seminars also facilitate the interaction and communication between the Group's management and the general staff.

Outlook

As an established enterprise with multiple beauty product and service centers across Hong Kong, we are well-positioned to capitalize on declining commercial rents. Our extensive physical footprint and long market tenure give us significant negotiating leverage with landlords. In the current climate, property owners increasingly favor creditworthy, stable long-term tenants—making our scale and financial strength a clear competitive advantage. We are actively using this leverage to renegotiate existing leases and secure favorable terms for new locations. This proactive approach is expected to substantially reduce occupancy costs—one of our largest operating expenses—directly improving net profitability and strengthening long-term financial resilience.

MANAGEMENT DISCUSSION AND ANALYSIS

Looking forward, we remain steadfast in executing a dual-pronged strategy centered on operational excellence and technological advancement. Beyond optimizing rental expenditures, we are initiating a strategic program to integrate artificial intelligence across our organizational functions. In our back-office operations, AI will be deployed to automate routine administrative processes and inventory management tasks, thereby enhancing accuracy and reallocating human capital toward higher-value strategic activities. On the client-services front, AI-enabled solutions—including intelligent chatbots and personalized recommendation engines—will be leveraged to elevate the customer experience through instantaneous support and tailored product guidance. This digital transformation is expected to streamline workflows, minimize operational friction, and ultimately drive superior operational efficiency and enhanced client satisfaction.

In sum, by harnessing our market strength to curtail fixed costs while simultaneously deploying AI to optimize both internal and client-facing processes, we are establishing a resilient framework for sustainable growth, fortified competitiveness, and sustained shareholder value creation within the dynamic beauty services sector.

Environmental Policies and Performance

The Group understands that its business has an impact on the environment and recognises the importance of sound environmental management practices and sustainable business operations. It is committed to comply with the relevant environmental standards and policies related to its business operations as set by the relevant governments. The Group has implemented a number of environment-friendly measures in its operations and workplaces including but not limited to retail shops, warehouses and offices. In its day-to-day operations, the Group advocates “paperless office” and actively promotes electronic management information system. It also sets up required equipment in order to arrange different kinds of meeting by using teleconference and video conference, resulting in savings in time and resources. For retail shops, the Group has implemented energy saving practices by using some LED lighting fixtures.

Compliance with Laws and Regulations

The Group recognises the importance of compliance with regulatory requirements and risks of non-compliance with such requirements. The Group has conducted on-going review of the newly enacted laws and regulations affecting the operations of the Group and provides relevant trainings and guidance to the staff. The Group has complied with the relevant laws and regulations of its places of operation that have significant impact on the operations of the Group for the year ended 31 March 2026.

Key Relationships

(a) Employees

The Group believes that employees are a key element to the success of its business, so it strives to maintain a high staff retention rate by providing competitive remuneration package and developing harmonious workplace. To enhance capabilities and effectiveness of its employees in operation, the Group provides them with a comprehensive training program which includes quality service skills, product knowledge and language and interpersonal skills. In addition, the Group would organise regular retail staff gatherings to promote team spirits and award retail staff who had outstanding sales performance.

(b) Consumers

The Group provides direct service to consumers in its retail and salon shops. To ensure continuous improvement of the quality of products and services, the Group regularly conducts internal and external market surveys to interact with consumers to gain market insights and feedback.

(c) Suppliers

The Group has established long standing cooperation relationship with certain suppliers. It selects its suppliers prudently. The relevant suppliers need to fulfill certain assessment criteria of the Group, including, among others, financial capability, reputation and history of meeting our standards for raw materials or finished products.

MANAGEMENT DISCUSSION AND ANALYSIS

(d) Shareholders and Investors

The Board believes effective communication and accurate and timely information disclosure builds the Shareholders' and investors' confidence, and also facilitates the flow of constructive feedback and ideas that are beneficial for investor relations and future corporate development.

Principal risks and uncertainties

1. Macroeconomic changes – The Group's business is sensitive to the general economic conditions and other factors like consumer credit.
2. Regulatory & political risk of business – This includes legal regulation update in Hong Kong, especially the Trade Description Ordinance Chapter 362, Law of Hong Kong, since the Group's business mainly operates in Hong Kong. In addition, the Group would develop markets in Chinese Mainland further, which also bring more risk in relation to regulatory and political changes.
3. Market competition – The Group is under intense pressure to compete on both price and service as large and small, regional or niche competitors attempt to increase market share.
4. Foreign currency risk associated with the Group's investment – The Group may be exposed to transaction and translation (exchange rate) risks, particularly Singapore Dollars and Australian Dollars, and associated financial cost risks.
5. Rising costs of Hong Kong business – This mainly refers to increasing operational cost resulting from uncertain economic environment.
6. Reputation and performance risk of skincare and wellness products business of the Group – The Group's business is dependent on its reputation and quality of service and the Group may lose potential business if the quality of its products and service are called into question.

INVESTOR RELATIONS AND FINANCIAL CALENDAR

Upholding the principles of timeliness, fairness and openness, we continue to proactively expand our active and effective investor relations program during the year under review. We are committed to maintaining stable and smooth two-way communications with the shareholders, investors, financial media and potential investors, so as to ensure that the investors fully understand the current and future developments of the Group and make informed investment decisions, and allow the Group's shares price to fully reflect the long term value of the Company.

Investor Relations Strategy and Policy

We understand the importance of transparency and accountability to the Company and strongly believe that the best way to improve business transparency and accountability to shareholders is a sincere and active communication with investors, media and the public on an on-going basis so as to enhance the investment sector and the community's perception and understanding on the Group's business affairs, strategies and plans and financial positions. We also highly value investors' opinions and feedback as these will help us to formulate our development strategy for the enhancement of shareholder value.

Effective Two-way Communication

We have in place a dedicated investor relations team for handling investor relations and setting up a bridge between the Group and the investors. During the year under review, as arranged by the investor relations team, we held such investor relations events as the annual general meeting. The investment community is able to have a clearer insight on our business development and the shareholders are able to have latest information on the Group. Valuable opinions from investors on our business development will also be collected by the investor relations team through various channels to enable the Group to better understand the market's concern and formulate more effective future investor relations programs and business strategy and practices.

As our business continues to grow, we expect more access to the capital markets, and it will be more and more important to maintain timely and smooth communication with the investors. We shall continue to improve and enhance our investor relations system, and endeavor to maintain a high standard of investor relations.

CORPORATE GOVERNANCE REPORT

The Company is committed to principles of good corporate governance consistent with prudent management and enhancement of shareholder value, which emphasise transparency, accountability and independence.

The Company has adopted the code provisions ("Code Provisions") set out in the Corporate Governance Code (taking effect from 1 April 2012) ("the Code") as set out in Appendix 14 to the Rules Governing The Listing of Securities on The Stock Exchange of Hong Kong Limited ("the Listing Rules").

During the year under review, the Company met the Code Provisions in the Code, except for the deviation from Code provision C.2.1 and Code provision F.2.2 as set out below.

Model Code for Securities Transactions by Directors

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") set out in Appendix 10 to the Listing Rules as the code of conduct regarding securities transactions by the directors of the Company ("the Directors").

Having made specific enquiry of all Directors, all Directors confirmed that they had complied with, and there had been no non-compliance with, the required standard set out in the Model Code and its code of conduct regarding the Directors' securities transactions during the year under review.

Board of Directors

Board Composition

Composition of the board of directors of the Company ("the Board") is as follows:

Executive Directors:

Dr. Tsang Yue, Joyce

(Chairperson of the Board & Chief Executive Officer)

Mr. Yip Kai Wing

Ms. Yeung See Man

Independent Non-executive Directors:

Ms. Liu Mei Ling, Rhoda

Dr. Wong Man Hin, Raymond

Mr. Hong Po Kui, Martin

Mr. Lam Tak Leung, *MH, JP*

The Board is currently composed of three Executive Directors (including Chairperson of the Board) and four Independent Non-executive Directors. The Board considers this composition to be balanced and to reinforce a stronger independent review and monitoring function on overall management practices. The policy concerning diversity of Board members of the Company is to maintain a balanced composition of Board members in terms of age, gender, skills, experience, education to reinforce a stronger independent review and monitoring function. A majority of the Independent Non-executive Directors have the appropriate professional or accounting qualifications required by Rule 3.10(2) of the Listing Rules. Directors' biographical details and relevant relationships are set out in the section headed "Biography of Directors and Senior Management" on pages 18 to 19 of this annual report.

Board Meetings

The Board conducts meeting on a regular basis and also as and when required. Board meetings are scheduled in advance to facilitate maximum attendance by Directors. The Company Secretary assists the Chairperson in preparing the meeting agendas, and each Director may request inclusion of items in the agenda. Senior Management is invited to join all Board meetings to enhance the Board and management communication. Meeting agendas and other relevant information are provided to the Directors in advance of Board or Board committee meetings. During the year under review, save for executive Board meetings held between Executive Directors during the normal course of business of the Company, the Board held 5 board meetings.

Respective Responsibilities, Accountabilities and Contributions of the Board and the Management

The Board is responsible for the leadership and control of the Group (comprising the Company and its subsidiaries) and oversees the Group's business, strategic decisions and performance. The Board has the functions of considering and approving the strategies, financial objectives, annual budget and investment proposals of the Group. The Independent Non-executive Directors, who combine to offer diverse industry expertise, serve the important function of advising the management on strategy and ensuring that the Board maintains high standards of financial and other mandatory reporting requirements as well as providing adequate checks and balances for safeguarding the interests of shareholders and the Company as a whole. Significant transactions shall be approved by the Board. The members of the Board have no financial, business, family or other material/relevant relationship with each other. The Board also takes up the corporate governance functions pursuant to the Code. During the year under review, the work performed by the Board on corporate governance function is summarised as follows:

- (a) developed and reviewed policies and practices on corporate governance;
- (b) reviewed and monitored the training and continuous professional development of directors and senior management;
- (c) reviewed and monitored the policies and practices on compliance with legal and regulatory requirements;
- (d) reviewed and monitored the code of conduct and compliance manual (if any) applicable to employees and directors; and
- (e) reviewed the Company's compliance with the Code and disclosure in the Corporate Governance Report.

CORPORATE GOVERNANCE REPORT

Delegation to Management

Day-to-day operational responsibilities are specifically delegated by the Board to the management under the leadership of the Chief Executive Officer (“CEO”). Major matters include implementation of the strategies and decisions approved by the Board and the management assumes full responsibility to the Board for operations of the Group.

Directors’ Participation in Continuous Professional Trainings

Code Provision C.1.4 of the Code provides that all directors should participate in continuous professional development to develop and refresh their knowledge and skills. This is to ensure that their contribution to the Board remains informed and relevant. The Company should be responsible for arranging and funding suitable training, placing an appropriate emphasis on the roles, functions and duties of a listed company director. All Directors have been required to provide the Company with their training records. During the year under review, the Company organised training courses to the Directors or provided written materials to develop and refresh their professional skills on the latest development of applicable laws, rules and regulations for the Directors to assist them in discharging their duties. Some Directors participated in continuous professional development by attending other professional training courses or by reading relevant materials in relation to corporate governance matter. The Company has received from the relevant Directors the confirmations on taking continuous professional training course during the year under review as follows:

Dr. Tsang Yue, Joyce	Reading materials
Mr. Yip Kai Wing	Reading materials
Ms. Yeung See Man	Reading materials
Ms. Liu Mei Ling, Rhoda	Participation in training courses
Dr. Wong Man Hin, Raymond	Participation in training courses
Mr. Hong Po Kui, Martin	Participation in training courses
Mr. Lam Tak Leung, <i>MH, JP</i>	Participation in training courses

Chairperson and Chief Executive Officer (“CEO”)

During the year under review, Dr. Tsang Yue, Joyce (“Dr. Tsang”) was both the Chairperson and CEO of the Company. Code provision C.2.1 of the Code stipulates that the role of chairperson and chief executive should be separate and should not be performed by the same individual. After reviewing the management structure, the Board is of the opinion that Board decisions are collective decisions of all Directors made by way of voting and not decisions of the Chairperson of the Board alone. Further, there is a clear division of responsibilities between the management of the Board and the day-to-day management of the business of the Company, which relies on the support of the senior management. As such, the power of management of the Company is not concentrated in any one individual. The Board considers that the present structure will not impair the balance of power and authority between the Board and the senior management of the Group.

Code Provision F.2.2

Code Provision F.2.2 provides that the chairman of the board should attend the annual general meeting. Dr. Tsang Yue, Joyce, the Chairperson of the Board, was absent from the Annual General Meeting of the Company held on 28 August 2025 and the Extraordinary General Meeting of the Company held on 30 March 2026 due to personal reason.

Independence of Independent Non-executive Directors (“INEDs”)

Ms. Liu Mei Ling, Rhoda, Dr. Wong Man Hin, Raymond and Mr. Hong Po Kui, Martin, INEDs, had each entered into a letter of appointment dated 27 August 2025 for a term of three years commencing from 27 August 2025, subject to, inter alia, retirement from office by rotation at least once every three years and re-election in accordance with the Company’s Articles of Association.

Mr. Lam Tak Leung, *MH, JP* had entered into a letter of appointment dated 1 October 2023 for a term of three years commencing from 1 October 2023, subject to, inter alia, retirement from office by rotation at least once every three years and re-election in accordance with the Company’s Articles of Association.

Each INED is required to give a written annual confirmation of his/her independence and to inform the Company as soon as practicable if there is any change that may affect his/her independence. The Company confirms that it has received from each INED an annual confirmation of his/her independence pursuant to Rule 3.13 of the Listing Rules and the Company still considers each INED to be independent.

CORPORATE GOVERNANCE REPORT

Appointment and Re-election of the Directors

In accordance with the Articles of Association of the Company, the appointment of a new director must be approved by the Board. The Board has delegated the power to the Nomination Committee to select and recommend candidates for directorship including the consideration of referrals and engagement of external recruitment professionals when necessary. The responsibilities of Nomination Committee are set out in the subheading "Board Committees" below.

All Directors, including INEDs, elected at the annual general meeting are subject to retirement at annual general meeting of the Company by rotation at least once every three years in accordance with the Company's Articles of Association. All retiring Directors, including INEDs, shall be eligible for re-election. All Directors, including Non-executive Directors, appointed to fill a causal vacancy or as an addition to the existing Board, shall hold office only until the first annual general meeting after their appointment and shall then be eligible for re-election.

Board Committees

The Board has established the following committees with defined terms of reference, which are on no less exacting terms than those set out in the Code:

- Remuneration Committee
- Nomination Committee
- Audit Committee

Each Committee has authority to engage outside consultants or experts as it considers necessary to discharge the Committee's responsibilities. Minutes of all committees meetings are circulated to their members. To further reinforce independence and effectiveness, all Audit Committee members are INEDs, and the Nomination and Remuneration Committees have been structured with a majority of INEDs as members.

Remuneration Committee

The composition of the Remuneration Committee is as follows:

Independent Non-executive Directors

Dr. Wong Man Hin, Raymond (*Chairman*)
Ms. Liu Mei Ling, Rhoda
Mr. Hong Po Kui, Martin

Executive Director

Dr. Tsang Yue, Joyce

The responsibilities of Remuneration Committee as set out in its written terms of reference include reviewing and determining the terms of remuneration packages, bonuses and other compensation payable to the Directors and senior management according to the policies as prescribed. Such policies (including Directors' remuneration policy) are to link total compensation for senior management with the achievement of annual and long-term performance goals. By providing total compensation at competitive industry levels for delivering on-target performance, the Group seeks to attract, motivate and retain the key executives essential to its long-term success.

During the year under review, the Remuneration Committee met once. Details of the attendance of the members of the Remuneration Committee in the said meeting(s) are set out under the sub-heading "Directors' Attendance at Board/Board Committee/General Meetings" above.

The work performed by the Remuneration Committee during the year under review is summarised as follows:

- a. reviewed remuneration policy, organisational structure and human resources deployment;
- b. reviewed performance and remuneration of Executive Directors and senior management for the year under review; and
- c. reviewed the compensation and benefits for directors and senior management for the year under review.

CORPORATE GOVERNANCE REPORT

Nomination Committee

The composition of the Nomination Committee is as follows:

Executive Director

Dr. Tsang Yue, Joyce (*Chairman*)

Independent Non-executive Directors

Ms. Liu Mei Ling, Rhoda

Dr. Wong Man Hin, Raymond

Mr. Hong Po Kui, Martin

The Board established the Nomination Committee with written terms of reference which cover recommendations to the Board on the appointment of Directors, evaluation of Board composition, assessment of the independence of INEDs and the management of Board succession.

The basis for the Nomination Committee to select and recommend candidates to the Board is set out in the Nomination Policy below.

During the year under review, the Nomination Committee did not hold any meeting.

Audit Committee

The composition of the Audit Committee is as follows:

Independent Non-executive Directors

Ms. Liu Mei Ling, Rhoda (*Chairman*)

Dr. Wong Man Hin, Raymond

Mr. Hong Po Kui, Martin

The Audit Committee reviews the Group's financial reporting, risk management, internal control and corporate governance issues and makes relevant recommendations to the Board. All Audit Committee members possess appropriate professional qualifications, accounting or related financial management expertise as required under the Listing Rules. During the year under review, the Audit Committee met four times. Details of the attendance of the members of the Audit Committee in the said meeting(s) are set out under the sub-heading "Directors' Attendance at Board/Board Committee/General Meetings" above.

The work performed by the Audit Committee during the year under review is summarised as follows:

- a. approved the remuneration and terms of engagement of KPMG as the external auditor of the Company;
- b. reviewed the external auditor's independence and objectivity and the effectiveness of audit process in accordance with applicable standards;
- c. reviewed the audit planning for the annual results circulated to them;
- d. reviewed the interim and annual financial statements before submission to the Board; and
- e. reviewed the audit programme of the internal audit department and risk management and internal control systems.

The Audit Committee had reviewed and approved the Group's annual results for the year under review prior to their approval by the Board.

Auditors' Remuneration

During the year under review, the remuneration paid/payable to the Company's external auditor, KPMG and its network firms, for providing the audit and other services were as follows:

	Fee paid/payable HK\$'000

Further particulars regarding Director's remuneration and the five highest paid employees are set out in notes 8 and 9 to the financial statements, respectively.

Directors' Responsibilities for preparing accounts and Auditor's Responsibilities

The Directors acknowledged their responsibility for preparing the accounts of the Company for the year under review and the auditor's reporting responsibilities is set out on page 43 of this annual report.

Internal Control and Risk Management

The Board has conducted a review of the effectiveness of the risk management and internal control systems of the Company and its subsidiaries and considered the systems to be effective and adequate.

The Board is responsible for maintaining sound and effective systems of risk management and internal control in the Group and for reviewing its effectiveness through the Audit Committee. Such systems are designed to manage rather than eliminate the risk of failure to achieve corporate objectives. They aim to provide reasonable but not absolute assurance against material misstatement, loss or fraud.

The Company has set up an internal audit department. The risk management and internal control systems are reviewed at least once during the year under review.

The Board has adopted a structure of enterprise risk management for the Company. Business units, support functions and individuals of the Group review, share experience and report to the senior management if any material risk is alerted during daily operation. Internal audit department communicates and assesses the Group's risk profile and material risk at Group level. The Board has delegated to executive management the design, implementation and ongoing assessment of such systems of risk management and internal control, while the Board through its Audit Committee oversees and reviews the adequacy and effectiveness of relevant financial, operational and compliance controls and risk management procedures that have been in place. Qualified personnel throughout the Group maintain and monitor these systems of controls on an ongoing basis. Inside information is handled by and disseminated to senior management on a need-to-know basis.

Based on the results of evaluations and representations made by the senior management, the Audit Committee is satisfied that:

- there is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group that threaten the achievement of its business objectives; and
- appropriate systems of internal control and risk management have been in place for the year under review, and up to the date of approval of this annual report.

Company Secretary

The Company Secretary of the Company took no less than 15 hours of relevant professional training during the year under review.

CORPORATE GOVERNANCE REPORT

Board Diversity Policy

The Board has adopted a policy concerning diversity of the Board members, which policy sets out the principles of, and the factors and rationale behind to be considered in order to achieve, diversity in the board of directors the Company.

Principles

The Board believes in the benefits that diversity brings and it recognizes that diversity of thought makes prudent business sense. Having the Board composed of men and women with diverse skills, experience, backgrounds and perspectives means:

- competitive advantage;
- robust understanding of opportunities, issues and risks;
- inclusion of different concepts, ideas, and relationships;
- enhanced decision-making and dialogue; and
- heightened capacity for oversight of the Company and its governance.

Factors and rationale behind

For purposes of achieving diversity in the Board, the factors to be considered include, but are not limited to:

- (1) business and industry experience;
- (2) professional skills and expertise;
- (3) gender;
- (4) age; and
- (5) cultural and educational background.

The principal activities of the Company and its subsidiaries ("the Group") are provision of beauty and wellness services and sales of skincare and wellness products, which are very competitive business and activities. Experience in such business or activities or other business or activities is essential to understand and run the business and activities of the Group. Professional (e.g. legal, accounting) skills and expertise are important to minimize risks in the business and activities of the Group. Gender and age diversity as well as cultural and educational diversity will give different perspectives in terms of customer requirements and feedback in provision of products and services of the Group and the needs of the shareholders and investors.

The Board will make good use of these differences and distinctions among individuals in determining the optimum composition of the Board.

Measurable Objectives

This Policy will be measurable on an objective review of the composition of the Board.

This policy will be reviewed from time to time.

Nomination Policy

The Board has adopted a policy for Nomination of Directors setting out the criteria, procedure and process to select and recommend candidates for appointment as a member of the board of directors the Company.

Selection Criteria

A number of factors shall be considered in making selection and recommendation of candidates for directorship of the Company, including but not limited to:

- (1) Personal Attributes: Every candidate must adhere to the highest ethical standards, display solid business judgment, and have strong interpersonal skills.
- (2) Adherence to the Policy on Diversity of Members of Board of Directors of the Company.

CORPORATE GOVERNANCE REPORT

- (3) Compliance with the Memorandum and Articles of Association of the Company and the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.
- (4) Specific Skills and Experience:
 - (a) Leadership experience in an organization or company of the similar size and complexity of the Company;
 - (b) Previous board experience;
 - (c) Ability to read and interpret financial statements;
 - (d) Experience in legal matters;
 - (e) Experience or expertise in the field of beauty sector or beauty services;
 - (f) Understands and share the vision of the Company;
 - (g) Able to devote time and effort necessary for the good governance and betterment of the Company.

Procedures and Process

- (1) Any member of the Board may nominate candidates for new appointment as a director of the Company or re-appointment of any existing director.
- (2) Nomination Committee may convene a meeting to consider the nomination of such candidate(s).
- (3) The Nomination Committee shall make due diligence in respect of the nominated candidates and make recommendations for the Board's consideration and approval.
- (4) Shareholders of the Company may by ordinary resolution elect any person to be a director of the Company. Please refer to the "The Way by Which Shareholders Can Convene Extraordinary General Meeting/Put Forward Proposal" available in the website of the Company for the relevant procedure.

This policy will be reviewed from time to time.

Dividend Policy

In deciding whether to propose the payment and the amount of the dividends, the Company will take into account the Group's future operations and strategies, financial results, cash flows, market situation, capital requirements and any other factors that the Board considers relevant.

The declaration and payment of dividends by the Company shall be determined at the sole discretion of the Board from time to time and shall be subject to any restrictions under the Companies Law of the Cayman Islands and the Articles of Association of the Company.

This policy will be reviewed from time to time.

CORPORATE GOVERNANCE REPORT

Shareholders' Rights

The Way by Which Shareholders Can Convene Extraordinary General Meeting/Put Forward Proposal

Pursuant to Article 79 of the Articles of Association of the Company, the Board may, whenever it thinks fit, convene an extraordinary general meeting. General meetings shall also be convened on the written requisition of any two or more members of the Company deposited at the principal office of the Company in Hong Kong or, in the event the Company ceases to have such a principal office, the registered office specifying the objects of the meeting and signed by the requisitionists, provided that such requisitionists held as at the date of deposit of the requisition not less than one tenth of the paid up capital of the Company which carries the right of voting at general meetings of the Company. General meeting may also be convened on the written requisition of any one member of the Company which is a recognised clearing house (or its nominee(s)) deposited at the principal office of the Company in Hong Kong or, in the event the Company ceases to have such a principal office, the registered office specifying the objects of the meeting and signed by the requisitionists, provided that such requisitionists held as at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company which carries the right of voting at general meetings of the Company. If the Board does not within 21 days from the date of deposit of the requisition proceed duly to convene the meeting to be held within a further 21 days, the requisitionist(s) themselves or any of them representing more than one half of the total voting rights of all of them, may convene the general meeting in the same manner, as nearly as possible, as that in which meetings may be convened by the Board provided that any meeting so convened shall not be held after the expiration of three months from the date of deposit of the requisition, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to them by the Company. And, if a shareholder wishes to make any proposal at any general meeting of the Company, the shareholder should deposit a written notice of the proposal to the Company Secretary of the Company within 7 days commencing from the date of the notice of the general meeting of the Company (or such other period as may be determined and announced by the Director from time to time).

REPORT OF THE DIRECTORS

Management Contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company and the Group were entered into or existed during the year under review.

Major Customers and Suppliers

During the year under review, the aggregate purchases attributable to the Group's largest supplier accounted for approximately 11% (FY2025: 15%) of the Group's total purchase for the year under review and the five largest suppliers taken together accounted for approximately 38% (FY2025: 41%) of the Group's total purchase for the year under review.

The five largest customers of the Group in aggregate accounted for less than 5% of the total sales.

None of the Directors, their associates, or any Shareholders (which to the knowledge of the Directors own more than 5% of the Company's issued share capital) had any interest in any of the Group's five largest suppliers and customers during the year under review.

Share Capital

Details of movements in the share capital of the Company during the year under review are set out in note 23(c) to the financial statements.

Pre-emptive Rights

There are no provisions for pre-emptive rights under the Company's Articles of Association or the laws of the Cayman Islands, which would oblige the Company to offer new Shares on a pro-rata basis to existing Shareholders.

Charitable Donations

During the year under review, the Group made no donations to charitable and non-profit making organisations.

Directors

The Directors during the year under review and up to the date of this report are:

Connected Transactions

- (A) During the year, the Group had the following connected transactions, certain details of which are disclosed in compliance with the requirements of Chapter 14A of the Rules Governing the Listing of Securities on the Stock Exchange.

Addition of right-of-use asset from related companies

Since the Group intends to continue to lease certain existing premises and may lease certain new premises and, if appropriate, other new premises from the subsidiaries ("Owners") of Asia Power Global Limited ("Lessor"), a company wholly-owned by a family trust set up by Dr. Tsang, as its operating facilities (including but not limited to offices, retail shops, service centres and warehouses) and anticipates that it will enter into new leases during the ordinary and usual course of the Group's business during the three years ending 31 March 2026, the Company and the Lessor entered into an agreement on 22 February 2023 ("2023 Master Lease Agreement") to set out the principal terms and conditions governing the leasing of premises by the Group from the Owners pursuant to the 2023 Master Lease Agreement by the entering into a tenancy or lease agreement in respect of such premises between the Group and the relevant Owner ("2023–2026 Leasing Arrangements") in the future.

The 2023 Master Lease Agreement shall be for a term commencing from 1 April 2023 and ending on 31 March 2026. In addition, the 2023 Master Lease Agreement may be terminated by the Company by giving the Lessor at least sixty days' written notice of termination. Such right allows the Group the flexibility to terminate the 2023 Master Lease Agreement at any time during its term. According to the terms of the 2023 Master Lease Agreement, the Lessor shall not have any right to terminate the 2023 Master Lease Agreement.

Each of the 2023–2026 Leasing Arrangements to be entered into between the Group and the relevant Owners pursuant to the 2023 Master Lease Agreement will have a term commencing on or after 1 April 2023 and expiring on or before (i) the expiration or earlier termination of its own term, or (ii) 31 March 2026, whichever is earlier.

Pursuant to the 2023 Master Lease Agreement, each individual lease to be entered into shall be on normal commercial terms or better (within the meaning of Chapter 14A of the Listing Rules) and the amount of rental (exclusive of rates, government rent and management fees) under each such lease shall be determined by the parties to such individual lease with reference to the then prevailing market rents on premises comparable in location, area and permitted use ("Comparable Premises") provided that before each such individual lease under the 2023 Master Lease Agreement is entered into, the Group shall, at its own cost and expenses, obtain a confirmation from an independent property valuer providing its opinion of the then prevailing market rent of the premises with reference to the market rent of the Comparable Premises and the rent to be set out in the relating Leasing Arrangement under the 2023 Master Lease Agreement shall be no more than such prevailing market rent and the effective date of the opinion shall not be more than three months. The government rent, rates and management fee under each individual lease under the 2023 Master Lease Agreement will be paid to the government or, as the case may be, the management companies by the relevant tenant direct.

REPORT OF THE DIRECTORS

The HKFRS Accounting Standards issued by the Hong Kong Institute of Certified Public Accountants applicable to the Group include HKFRS 16 “Leases” which has come into effect on 1 January 2019 and is applicable to financial years starting on or after 1 January 2019. Under HKFRS 16, the Group, as the lessee, shall recognize the total rental payments payable to the relevant Owners under the 2023 Master Lease Agreement as a right-of-use asset and a lease liability in the consolidated statement of the financial position of the Group.

Having considered the current business environment, it is the intention of the Group to negotiate for a discount for the monthly rental (as compared to the fair rent as stated above) when the Group enters into the individual leases with the Owners. Asia Power has in principle agreed to giving such discount under the Leasing Arrangements. Taking into account (i) the fact that the Group intends to continue to lease the properties owned by the Owners in Hong Kong and/or other place(s) in the world currently leased to the Group and are expected to continue to be leased to the Group upon the expiry of the lease agreements (“Existing Premises”) and may lease additional premises, for its own use during the three years ending 31 March 2026; (ii) the estimated value of the Group’s right-of-use assets of the Existing Premises which is initially measured on present value basis and calculated by discounting the non-cancellable lease payments for respective connected lease, using the incremental borrowing rate as the discount rate; and (iii) the said aggregate prevailing monthly rent of the Existing Premises, it is expected that the Annual Cap in respect of the leasing arrangements as contemplated under the 2023 Master Lease Agreement for the year ending 31 March 2024, the year ending 31 March 2025 and the year ending 31 March 2026 will not exceed HK\$119 million, HK\$6 million and HK\$3 million respectively. These Annual Caps were determined after taking into account (i) the prevailing market rents of the relevant Existing Premises; and (ii) a buffer of approximately 20% for rental payments in respect of additional premises which may be leased from the Owners during the term of the 2023 Master Lease Agreement.

The above transactions have been approved by independent shareholders at an Extraordinary General Meeting held on 30 March 2023.

The amount of the addition of right-of-use asset from related companies during the year are set out in note 28(b) to the financial statements and did not exceed the annual cap for the year.

The Independent Non-executive Directors have reviewed the Continuing Connected Transactions and confirmed that these transactions have been entered into:

- (i) in the ordinary and usual course of business of the Group;
- (ii) either on normal commercial terms or on terms no less favourable to the Group than terms available to or from independent third parties; and
- (iii) in accordance with the relevant agreement governing them on terms that are fair and reasonable and in the interests of the Shareholders as a whole.

REPORT OF THE DIRECTORS

Pursuant to the Listing Rules, the Company has engaged the auditor of the Company to report on the Continuing Connected Transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised), "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised), "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has confirmed in writing to the Board of Directors that in respect of the Continuing Connected Transactions:

- a. nothing has come to our attention that causes us to believe that the disclosed continuing connected transactions have not been approved by the Company's board of directors.
- b. nothing has come to our attention that causes us to believe that the disclosed continuing connected transactions were not entered into, in all material respects, in accordance with the relevant agreements governing such transactions.
- c. with respect to the aggregate amount of each of the continuing connected transactions set out in the attached list of continuing connected transactions, nothing has come to our attention that causes us to believe that the disclosed continuing connected transactions have exceeded the annual cap as set by the Company.

- (B) The following transactions have been approved by independent shareholders at an Extraordinary General Meeting held on 30 March 2026.

Since the Group intends to continue to lease certain existing premises and may lease certain new premises and, if appropriate, other new premises from the subsidiaries ("Owners") of Asia Power Global Limited ("Lessor"), a company wholly owned by a family trust set up by Dr. Tsang, as its operating facilities (including but not limited to offices, retail shops, service centres and warehouses) and anticipates that it will enter into new leases during the ordinary and usual course of the Group's business during the two years ending 31 March 2028, the Company and the Lessor entered into an agreement on 13 February 2026 ("2026 Master Lease Agreement") to set out the principal terms and conditions governing the leasing of premises by the Group from the Owners pursuant to the 2026 Master Lease Agreement by the entering into a tenancy or lease agreement in respect of such premises between the Group and the relevant Owner ("2026–2028 Leasing Arrangements") in the future.

The 2026 Master Lease Agreement shall be for a term commencing from 1 April 2026 and ending on 31 March 2028. In addition, the 2026 Master Lease Agreement may be terminated by the Company by giving the Lessor at least sixty days' written notice of termination. Such right allows the Group the flexibility to terminate the 2026 Master Lease Agreement at any time during its term. According to the terms of the 2026 Master Lease Agreement, the Lessor shall not have any right to terminate the 2026 Master Lease Agreement.

Each of the 2026–2028 Leasing Arrangements to be entered into between the Group and the relevant Owners pursuant to the 2026 Master Lease Agreement will have a term commencing on or after 1 April 2026 and expiring on or before (i) the expiration or earlier termination of its own term, or (ii) 31 March 2028, whichever is earlier.

REPORT OF THE DIRECTORS

Pursuant to the 2026 Master Lease Agreement, each individual lease to be entered into shall be on normal commercial terms or better (within the meaning of Chapter 14A of the Listing Rules) and the amount of rental (exclusive of rates, government rent and management fees) under each such lease shall be determined by the parties to such individual lease with reference to the then prevailing market rents on premises comparable in location, area and permitted use ("Comparable Premises") provided that before each such individual lease under the 2026 Master Lease Agreement is entered into, the Group shall, at its own cost and expenses, obtain a confirmation from an independent property valuer providing its opinion of the then prevailing market rent of the premises with reference to the market rent of the Comparable Premises and the rent to be set out in the relating Leasing Arrangement under the 2026 Master Lease Agreement shall be no more than such prevailing market rent and the effective date of the opinion shall not be more than three months. The government rent, rates and management fee under each individual lease under the 2026 Master Lease Agreement will be paid to the government or, as the case may be, the management companies by the relevant tenant direct.

The Hong Kong Financial Reporting Standards ("HKFRS") issued by the Hong Kong Institute of Certified Public Accountants applicable to the Group include HKFRS 16 "Leases" which has come into effect on 1 January 2019 and is applicable to financial years starting on or after 1 January 2019. Under HKFRS 16, the Group, as the lessee, shall recognize the total rental payments payable to the relevant Owners under the 2026 Master Lease Agreement as a right-of-use asset and a lease liability in the consolidated statement of the financial position of the Group.

Having considered the current business environment, it is the intention of the Group to negotiate for a discount for the monthly rental (as compared to the fair rent as stated above) when the Group enters into the individual leases with the Owners. Asia Power has in principle agreed to giving such discount under the Leasing Arrangements. Taking into account (i) the fact that the Group intends to continue to lease the properties owned by the Owners in Hong Kong and/or other place(s) in the world currently leased to the Group and are expected to continue to be leased to the Group upon the expiry of the lease agreements ("Existing Premises") and may lease additional premises, for its own use during the two years ending 31 March 2028; (ii) the estimated value of the Group's right-of-use assets of the Existing Premises which is initially measured on present value basis and calculated by discounting the non-cancellable lease payments for respective connected lease, using the incremental borrowing rate as the discount rate; and (iii) the said aggregate prevailing monthly rent of the Existing Premises, it is expected that the Annual Cap in respect of the leasing arrangements as contemplated under the 2026 Master Lease Agreement for the year ending 31 March 2027, the year ending 31 March 2028 will not exceed HK\$64 million and HK\$2 million respectively. These Annual Caps were determined after taking into account (i) the prevailing market rents of the relevant Existing Premises; and (ii) a buffer of approximately 10% for rental payments in respect of additional premises which may be leased from the Owners during the term of the 2026 Master Lease Agreement.

The Company confirms that it has complied with the disclosure requirements, where appropriate, in accordance with Chapter 14A of the Listing Rules.

Other material related party transactions

Other material related party transactions of the Company during the year are set out in note 28 to the financial statements.

REPORT OF THE DIRECTORS

INDEPENDENT AUDITOR'S REPORT

**Independent auditor's report to the shareholders of
Modern Healthcare Technology Holdings Limited**
(Incorporated in the Cayman Islands with limited liability)

Opinion

We have audited the consolidated financial statements of Modern Healthcare Technology Holdings Limited ("the Company") and its subsidiaries ("the Group") set out on pages 46 to 110, which comprise the consolidated statement of financial position as at 31 March 2026, the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended and notes, comprising material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2026 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code"), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Recognition of revenue

Refer to notes 4 and 21 to the consolidated financial statements and the accounting policies in note 2(s)(ii).

The Key Audit Matter

The Group's revenue mainly comprises income from beauty and wellness services, which contributed approximately 91% of the Group's total revenue for the year ended 31 March 2026.

The Group sells prepaid packages for beauty and wellness services which comprise multiple numbers of treatments. When prepaid packages are sold, the Group receives upfront payment of the treatment fees, which are recorded as revenue initially.

Prepaid packages sold are non-refundable and customers may not exercise all of their contractual rights within the contract period of one year. Those unexercised contractual rights are referred to as "breakage" and, at the end of the reporting period, management estimates an expected amount of breakage based on historical experience.

In respect of the value of the prepaid beauty and wellness services for which the related services have not yet been provided and have not yet expired, adjusted for breakage, is recorded as deferred revenue in the consolidated financial statements.

How the matter was addressed in our audit

Our audit procedures to assess the recognition of revenue in respect of the provision of beauty and wellness services included the following:

- with the assistance of our internal IT specialists, identifying and evaluating the relevant IT systems and the design, implementation and operating effectiveness of key internal controls over the recognition of revenue, with particular emphasis on the capturing and recording of beauty and wellness services transactions;
- utilising our internal IT specialists to assist us in assessing the calculation logic of deferred revenue for beauty and wellness services;
- analysing the Group's historical data for utilisation of prepaid packages to re-perform the calculation of the breakage amount for the current year; comparing our expectation with the actual figures recorded by the Group and investigating any unusual items or trends; and assessing whether or not there was an indication of management bias;

INDEPENDENT AUDITOR'S REPORT

Key audit matters (continued)

Recognition of revenue

Refer to notes 4 and 21 to the consolidated financial statements and the accounting policies in note 2(s)(ii).

The Key Audit Matter

The Group automatically tracks beauty and wellness services transaction details, including receipts of treatment fees from sales of prepaid packages, subsequent delivery of the related services and the calculation of the expected amount of breakage estimated by management.

At the end of the reporting period, the Group generates a "deferred revenue report", representing the prepaid services for which the related services have not yet been provided and have not yet expired, to determine the amount of revenue to be deferred at the end of the reporting period.

Based on this deferred revenue report, manual journal entries are prepared to adjust revenue and the balance of deferred revenue at the end of the reporting period.

We identified the recognition of revenue from the provision of beauty and wellness services as a key audit matter because revenue is a key performance indicator of the Group and therefore there is a risk that revenue could be manipulated to meet specific targets or expectations.

How the matter was addressed in our audit

- comparing the details in the deferred revenue report generated by the IT system, on a sample basis, with relevant underlying documentation, including original invoices and customer acknowledgement records for beauty and wellness services provided to assess whether or not revenue and deferred revenue are (a) completely and accurately recorded based on the deferred revenue report and (b) whether they are accounted for in the correct accounting period;
- for the invoices tested in the preceding paragraph, also comparing details therein with transaction statements received from credit card companies and other electronic payment providers; and
- inspecting underlying documentation for other manual journal entries relating to revenue which met specific risk-based criteria.

INDEPENDENT AUDITOR'S REPORT

Key audit matters (continued)

Assessing impairment of property, plant and equipment ("PPE") attributable to the beauty and wellness services segment

Refer to note 11 to the consolidated financial statements and the accounting policies in note 2(i)(ii).

The Key Audit Matter

As at 31 March 2026, management identified indicators of impairment of the Group's PPE including right-of-use ("ROU") assets attributable to the Group's beauty and wellness services segment.

Where indicators of impairment were identified, management assessed whether the recoverable amount of those assets could be determined individually. Where an individual asset did not generate cash inflows that were largely independent of other assets, the asset was tested for impairment as part of the cash-generating unit ("CGU") that included the asset. The recoverable amount is the higher of the value in use ("VIU") and fair value less costs of disposals ("FVL COD"). Management determined that the FVL COD was higher than VIU for the relevant assets or CGUs and therefore used FVL COD as the basis for impairment testing.

How the matter was addressed in our audit

Our audit procedures to assess impairment of PPE, including ROU assets attributable to the beauty and wellness services segment included the following:

- evaluating management's determination of the level at which assets were tested for impairment, including whether the recoverable amount of individual assets could be determined and, where CGU-level testing was required, management's identification of the relevant CGUs, by assessing the relevant cash flow characteristics and considering the requirements of the prevailing accounting standards;
- obtaining and inspecting the valuation report prepared by the external property valuer on which management's assessment of FVL COD was based;
- assessing the competence, capability and objectivity of the external property valuer engaged by management;

INDEPENDENT AUDITOR'S REPORT

Key audit matters (continued)

Assessing impairment of property, plant and equipment ("PPE") attributable to the beauty and wellness services segment

Refer to note 11 to the consolidated financial statements and the accounting policies in note 2(i)(ii).

The Key Audit Matter

For the CGU whose recoverable amount was determined by reference to property valuation of an owned property, management estimated FVLCOB with the assistance of a firm of qualified external property valuers. That valuation involved significant management judgement and estimation, including the selection of comparable market transactions. For CGUs whose recoverable amounts were determined by reference to the FVLCOB of ROU assets, management estimated FVLCOB by reference to market rental evidence, involving significant management judgement and estimation in determining prevailing market rents for comparable properties.

An impairment loss of HK\$15,800,000 was recognised during the year.

We identified impairment of PPE, including ROU assets, attributable to the beauty and wellness services segment as a key audit matter because management's assessment involved significant judgment and estimation in determining the level at which the assets were tested for impairment and in estimating the recoverable amounts. These judgements included assessing whether individual assets generated cash inflows that were largely independent, identifying the relevant CGUs where CGU-level testing was required, and selecting comparable market transactions and market rental evidence, which could be subject to management bias.

How the matter was addressed in our audit

- with the assistance of our internal property valuation specialists and utilising their industry knowledge and experience, discussing with the external property valuer, without the presence of management, their valuation methodology with reference to the prevailing accounting standard; and
- with the assistance of our internal property valuation specialists, evaluating the appropriateness of the valuation methodology adopted with reference to requirements of the prevailing accounting standards and assessing the reasonableness of the key assumptions adopted in the valuation by comparing with the available market data.

INDEPENDENT AUDITOR'S REPORT

Information other than the consolidated financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon as part of our engagement to audit the consolidated financial statements. We have performed an assurance engagement on the disclosed continuing connected transactions that form part of the other information and provided a separate assurance practitioner's conclusion thereon that is included within the other information.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the consolidated financial statements (continued)

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, actions taken to eliminate threats or safeguards applied.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the consolidated financial statements (continued)

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lee Ling Tak Maggie (practising certificate number: P04545).

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

1 General information

Modern Healthcare Technology Holdings Limited ("the Company") was incorporated in the Cayman Islands with limited liability. The address of its registered office is PO Box 309 GT, Uglan House, Grand Cayman, KY1-1104, Cayman Islands. The address of its principal place of business is Work Shop Nos. 66–68, 6th Floor, Sino Industrial Plaza, 9 Kai Cheung Road, Kowloon Bay, Kowloon, Hong Kong. The Company's shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited ("the Stock Exchange").

The Company is an investment holding company. The principal activities of its subsidiaries are provision of beauty and wellness services and the sales of skincare and wellness products. In the opinion of the directors of the Company, Dr. Tsang Yue, Joyce ("Dr. Tsang"), who is a director of the Company, is the ultimate controlling party of the Company.

2 Material accounting policies

(a) Statement of compliance

The financial statements have been prepared in accordance with HKFRS Accounting Standards, which collective term includes all applicable individual Hong Kong Financial Reporting Standards ("HKFRSs"), Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the disclosure requirements of the Hong Kong Companies Ordinance. The financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Stock Exchange. Material accounting policies adopted by the Company and its subsidiaries ("the Group") are disclosed below.

The HKICPA has issued certain new or amended to HKFRS Accounting Standards that are first effective or available for early adoption for the current accounting period of the Group. Note 2(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

(b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 March 2026 comprise the Company and its subsidiaries.

The measurement basis used in the preparation of the financial statements is the historical cost basis except that the investment properties (see note 2(e)) are stated at their fair values as explained in the accounting policies set out below.

The preparation of financial statements in conformity with HKFRS Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(b) Basis of preparation of the financial statements (continued)

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRS Accounting Standards that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 30.

(c) Changes in accounting policies

The Group has applied amendments to HKAS 21, *The effects of changes in foreign exchange rates – Lack of exchangeability* issued by the HKICPA to these financial statements for the current accounting period. The amendments do not have a material impact on these financial statements as the Group has not entered into any foreign currency transactions in which the foreign currency is not exchangeable into another currency.

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

(d) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company. Loans from holders of non-controlling interests and other contractual obligations towards these holders are presented as financial liabilities in the consolidated statement of financial position in accordance with note 2(l) depending on the nature of the liability.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(d) Subsidiaries and non-controlling interests (continued)

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or a joint venture.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 2(i)(ii)), unless the investment is classified as held for sale (or included in a disposal group that is classified as held for sale).

(e) Investment properties

Investment properties are land and/or buildings which are owned or held under a leasehold interest (see note 2(h)) to earn rental income and/or for capital appreciation. These include land held for a currently undetermined future use and property that is being constructed or developed for future use as investment property.

Investment properties are stated at fair value, unless they are still in the course of construction or development at the end of the reporting period and their fair value cannot be reliably measured at that time. Any gain or loss arising from a change in fair value or from the retirement or disposal of an investment property is recognised in profit or loss. Rental income from investment properties is accounted for as described in note 2(s)(iii).

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(f) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 2(i)(ii)).

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost of items of property, plant and equipment and right-of-use assets, less their estimated residual value, if any, using the straight-line method over their estimated useful lives as follows:

- Leasehold land is depreciated over the unexpired term of lease.
- The Group's interest in buildings situated on leasehold land and other properties leased for own use are depreciated over the shorter of the unexpired term of lease and the buildings' estimated useful lives.
- Leasehold improvements Over the lease term
- Equipment and machinery 4 years
- Furniture and fixtures 4 years
- Motor vehicles 3 years
- Computers 3 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

(g) Intangible assets (other than goodwill)

Intangible assets that are acquired by the Group are stated at cost less accumulated amortisation (where the estimated useful life is finite) and impairment losses (see note 2(i)(ii)). Intangible assets, if acquired in a business combination, are measured at fair value at acquisition date.

Amortisation of intangible assets with finite useful lives is charged to profit or loss on a straight-line basis over the assets' estimated useful lives. The following intangible assets with finite useful lives are amortised from the date they are available for use and their estimated useful lives are as follows:

- Customer relationship 6 years
- Trademark Indefinite

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(g) Intangible assets (other than goodwill) (continued)

Both the period and method of amortisation are reviewed annually.

Intangible assets are not amortised while their useful lives are assessed to be indefinite. Any conclusion that the useful life of an intangible asset is indefinite is reviewed annually to determine whether events and circumstances continue to support the indefinite useful life assessment for that asset. If they do not, the change in the useful life assessment from indefinite to finite is accounted for prospectively from the date of change and in accordance with the policy for amortisation of intangible assets with finite lives as set out above.

(h) Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

(i) As a lessee

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses (see notes 2(f) and 2(i)(ii)), except for the following types of right-of-use asset:

- right-of-use assets that meet the definition of investment property are carried at fair value in accordance with note 2(e).

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(h) Leased assets (continued)

(i) *As a lessee (continued)*

The initial fair value of refundable rental deposits is accounted for separately from the right-of-use assets in accordance with the accounting policy applicable to investments in debt securities carried at amortised cost. Any difference between the initial fair value and the nominal value of the deposits is accounted for as additional lease payments made and is included in the cost of right-of-use assets.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The lease liability is also remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract ("lease modification") that is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification.

The Group presents right-of-use assets that do not meet the definition of an investment property in property, plant and equipment and presents lease liabilities separately.

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within twelve months after the reporting period.

(ii) *As a lessor*

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease.

When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. The rental income from operating leases is recognised in accordance with note 2(s)(iii).

2 Material accounting policies (continued)

(i) Credit losses and impairment of assets

(i) Credit losses from financial instruments and lease receivables

The Group recognises a loss allowance for expected credit losses ("ECLs") on financial assets measured at amortised cost (including cash and cash equivalents, trade and other receivables and lease receivables).

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Expected cash shortfalls of trade and other receivables are discounted using the effective interest rate determined at initial recognition or an approximation thereof, while lease receivables are discounted using the discount rate used in the measurement of the lease receivable.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

2 Material accounting policies (continued)

(i) Credit losses and impairment of assets (continued)

(i) *Credit losses from financial instruments and lease receivables (continued)*

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument (including a loan commitment) has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 90 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Basis of calculation of interest income

Interest income recognised in accordance with note 2(s)(iv) is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(i) Credit losses and impairment of assets (continued)

(i) Credit losses from financial instruments and lease receivables (continued)

Basis of calculation of interest income (continued)

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or past due event;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

Write-off policy

The gross carrying amount of a financial asset or lease receivable is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

(ii) Impairment of other non-current assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- intangible assets; and
- investments in subsidiaries in the Company's statement of financial position.

If any such indication exists, the asset's recoverable amount is estimated. In addition, for intangible assets that are not yet available for use and intangible assets that have indefinite useful lives, the recoverable amount is estimated annually whether or not there is any indication of impairment.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(i) Credit losses and impairment of assets (continued)

(ii) Impairment of other non-current assets (continued)

- Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal ("FVLCD") and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit). A portion of the carrying amount of a corporate asset (for example, head office building) is allocated to an individual cash-generating unit if the allocation can be done on a reasonable and consistent basis, or to the smallest group of cash-generating units if otherwise.

- Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

- Reversals of impairment losses

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(j) Inventories

Inventories are assets which are held for sale in the ordinary course of business, or in the form of materials or supplies to be consumed in the rendering of services.

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the weighted average cost formula and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(j) Inventories (continued)

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(k) Trade and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due.

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 2(i)(i)).

(l) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at invoice amounts.

(m) Interest-bearing borrowings and borrowing costs

Interest-bearing borrowings are measured initially at fair value less transaction costs. Subsequently, these borrowings are stated at amortised cost using the effective interest method. Borrowing costs are expensed in the period in which they are incurred.

(n) Deferred revenue

Deferred revenue is recognised when the customer pays non-refundable consideration before the Group recognises the related revenue (see note 2(s)(ii)). Deferred revenue would also be recognised if the Group has an unconditional right to receive non-refundable consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 2(k)).

(o) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash and cash equivalents are assessed for ECL in accordance with the policy set out in note 2(i)(i).

(p) Employee benefits

(i) **Short-term employee benefits and contributions to defined contribution retirement plans**

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans, including those payables in Australia, Hong Kong, and Singapore, and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) **Defined contribution retirement plans**

The Group operates a Mandatory Provident Fund ("MPF") scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance for all qualifying employees in Hong Kong. The Group's contributions to the MPF scheme are calculated at 5% of the salaries and wages subject to a monthly maximum amount of contribution of HK\$1,500 per employee and vest fully with employees when contributed into the MPF scheme.

The Group's subsidiaries established in Singapore are required to make contributions to defined contribution retirement benefit plans are recognised as an expense as they fall due. The entity's legal or constructive obligation is limited to the amount that it agrees to contribute to an independently administered fund which is the Central Provident Fund in Singapore (a government managed retirement benefit plan).

The Group's subsidiaries established in Australia are required to make contributions to respective defined contribution plans, which are charged to profit or loss in the financial year to which they relate.

(iii) **Defined benefit plan obligation**

The Group has Long Service Payment ("LSP") under the Hong Kong Employment Ordinance.

The Group's net obligation in respect of defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount. For LSP obligations, the estimated amount of future benefit is determined after deducting the negative service cost arising from the accrued benefits derived from the Group's MPF contributions that have been vested with employees, which are deemed to be contributions from the relevant employees.

The calculation of defined benefit obligation is performed by a qualified actuary using the projected unit credit method.

Remeasurements arising from defined benefit plans, which comprise actuarial gains and losses, are recognised immediately in other comprehensive income. Net interest expense for the period is determined by applying the discount rate used to measure the defined benefit obligation at the beginning of the reporting period to the then net defined benefit liability, taking into account any changes in the net defined benefit liability during the period. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

(iv) **Termination benefits**

Termination benefits are recognised at the earlier of when the Group can no longer withdraw the offer of those benefits and when it recognises restructuring costs involving the payment of termination benefits.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(q) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

Where investment properties are carried at their fair value in accordance with the accounting policy set out in note 2(e), the amount of deferred tax recognised is measured using the tax rates that would apply on sales of those assets at their carrying value at the reporting date unless the property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(q) **Income tax (continued)**

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

Additional income taxes that arise from the distribution of dividends are recognised when the liability to pay the related dividends is recognised.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

(r) **Provisions, contingent liabilities and onerous contracts**

(i) ***Provisions and contingent liabilities***

Provisions are recognised when the Group has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, a separate asset is recognised for any expected reimbursement that would be virtually certain. The amount recognised for the reimbursement is limited to the carrying amount of the provision.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(r) Provisions, contingent liabilities and onerous contracts (continued)

(ii) Onerous contracts

An onerous contract exists when the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. Provisions for onerous contracts are measured at the present value of the lower of the expected cost of terminating the contract and the net cost of fulfilling the contract. The cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling that contract.

(s) Revenue and other income

Income is classified by the Group as revenue when it arises from the sale of goods, the provision of services or the use by others of the Group's assets under leases in the ordinary course of the Group's business.

Revenue is recognised when control over a product or service is transferred to the customer, or the lessee has the right to use the asset, at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Further details of the Group's revenue and other income recognition policies are as follows:

(i) Sale of skincare and wellness products

Revenue is recognised when goods are delivered to the customers which is taken to be the point in time when the customer takes possession of and accepts the products.

(ii) Provision of beauty and wellness services

The Group sells prepaid packages for beauty and wellness services which comprise multiple numbers of treatments.

Revenue from the rendering of services is recognised when the services have been rendered to customers.

Prepaid packages sold are non-refundable and customers may not exercise all of their contractual rights within the contract period of one year. Those unexercised contractual rights are referred to as "breakage". An expected breakage amount is determined by historical experience and is recognised as revenue in proportion to the pattern of rights exercised by the customers.

In respect of the value of the prepaid beauty and wellness services for which the related services have not yet been rendered and have not yet expired, adjusted for breakage, is recorded as deferred revenue in the consolidated financial statements.

Any residual deferred revenue at the end of the contractual service period is fully recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 Material accounting policies (continued)

(s) Revenue and other income (continued)

(iii) Rental income from operating leases

Rental income receivable under operating leases is recognised in profit or loss in equal instalments over the periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivable. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are earned.

(iv) Interest income

Interest income is recognised as it accrues using the effective interest method. For financial assets measured at amortised cost or fair value through other comprehensive income (recycling) that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the asset. For credit-impaired financial assets, the effective interest rate is applied to the amortised cost (i.e. gross carrying amount net of loss allowance) of the asset (see note 2(i)(i)).

(t) Translation of foreign currencies

Foreign currency transactions during the year are translated into Hong Kong dollars at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated into Hong Kong dollars at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Hong Kong dollars using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated into Hong Kong dollars using the foreign exchange rates ruling at the dates the fair value was measured.

The results of foreign operations are translated into Hong Kong dollars at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Statement of financial position items, including goodwill arising on consolidation of foreign operations acquired, are translated into Hong Kong dollars at the closing foreign exchange rates at the end of the reporting period. The resulting exchange differences are recognised in other comprehensive income and accumulated separately in equity in the exchange reserve.

On disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation is reclassified from equity to profit or loss when the profit or loss on disposal is recognised.

(u) Related parties

(a) A person, or a close member of that person's family, is related to the Group if that person:

- (i) has control or joint control over the Group;
- (ii) has significant influence over the Group; or
- (iii) is a member of the key management personnel of the Group or the Group's parent.

(b) An entity is related to the Group if any of the following conditions applies:

- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (iii) Both entities are joint ventures of the same third party.
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
- (vi) The entity is controlled or jointly controlled by a person identified in (a).
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
- (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

(v) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

3 Segment information

The Group has two reportable segments as follows:

Beauty and wellness services	– Provision of beauty and wellness services
Skincare and wellness products	– Sales of skincare and wellness products

The Group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies. Segment profits do not include other income, interest income, fair value change on investment properties, net loss on disposal of subsidiaries and unallocated costs, which comprise corporate administrative expenses, and income tax expense. Segment assets do not include investment properties, deferred tax assets and tax recoverable. Segment liabilities do not include tax payable, deferred tax liabilities and amounts due to related companies and the ultimate controlling party.

3 Segment information (continued)

(c) Geographic information

The following table sets out information about the geographical location of (i) the Group's revenue from external customers and (ii) the Group's property, plant and equipment ("specified non-current assets"). The geographical location of customers is based on the location at which the services were provided or the goods delivered. The geographical location of the specified non-current asset is based on the physical location of the asset, in the case of property, plant and equipment. Specified non-current assets do not include investment properties, intangible assets, rental deposits, and deferred tax assets.

	Revenue from external customers		Specified non-current assets	
	2026 HK\$'000	2025 HK\$'000	2026 HK\$'000	2025 HK\$'000

	442,813	453,274	107,013	160,175

4 Revenue

The principal activities of the Group are the provision of beauty and wellness services and sales of skincare and wellness products.

The amount of each significant category of revenue is as follows:

	2026 HK\$'000	2025 HK\$'000
Revenue from contracts with customers within the scope of HKFRS 15		
Revenue recognised from provision of beauty and wellness services and expiry of prepaid beauty packages	404,705	416,136
Sales of skincare and wellness products	38,108	37,138
	442,813	453,274

Since all the revenue comprises revenue recognised from provision of beauty and wellness services and expiry of prepaid beauty packages and sales of skincare and wellness products transferred to customers at a point in time, no revenue is derived from services transferred over time.

Disaggregation of revenue from contracts with customers by geographical segment is disclosed in note 3(c).

7 Income tax in the consolidated statement of profit or loss (continued)

(a) Taxation in the consolidated statement of profit or loss represents: (continued)

The provision for Hong Kong Profits Tax for 2026 is calculated at 16.5% (2025: 16.5%) of the estimated assessable profits for the year, except for one subsidiary of the Group which is a qualifying corporation under the two-tiered Profits Tax rate regime.

For this subsidiary, the first HK\$2 million of assessable profits are taxed at 8.25% and the remaining assessable profits are taxed at 16.5%. The provision for Hong Kong Profits Tax for this subsidiary was calculated at the same basis in 2025.

Taxation for overseas subsidiaries is charged at the appropriate current rates of taxation ruling in the relevant countries.

HK\$3,000,001 – HK\$3,500,000	–	1
	4	4

During the year, no emoluments were paid by the Group to any of the directors or the highest paid individuals as an inducement to join or upon joining the Group or as compensation for loss of office (2025: Nil).

10 Loss per share

The calculation of basic loss per share is based on the loss attributable to ordinary equity shareholders of the Company of HK\$1,762,000 (2025: HK\$5,066,000) and the weighted average number of 904,483,942 ordinary shares (2025: weighted average number of 904,483,942 ordinary shares) in issue during the year. Diluted loss per share is the same as basic loss per share as there were no dilutive potential shares in issue throughout the years ended 31 March 2026 and 2025.

11 Property, plant and equipment (continued)

(a) Impairment loss on property, plant and equipment

During the year ended 31 March 2026, the Group recognised an impairment loss of HK\$17,272,000 (2025: Nil) on property, plant and equipment in the consolidated statement of profit or loss. The details of the impairment loss are set out below:

(a) *Beauty and wellness services segment*

Certain of the Group's beauty centres sustained operating losses during the year. During the year ended 31 March 2026, the Group reassessed the level at which property, plant and equipment, including right-of-use assets, within the beauty and wellness services segment were tested for impairment. This reassessment reflected changes in customer behaviour, service-line performance and the manner in which the related assets generated cash inflows. As a result, certain assets that had previously been tested at a wider aggregation level were tested at a lower level, being the smallest groups of assets that generate cash inflows that are largely independent of other assets or groups of assets.

Based on the results of the assessment, the recoverable amount of the property, plant and equipment associated with one beauty centre was determined to be less than its carrying amount. Accordingly, an impairment loss of HK\$15,800,000 (2025: Nil) was recognised in the Group's consolidated statement of profit or loss. The recoverable amount of the related property, plant and equipment was determined to be HK\$30,383,000 as at 31 March 2026 based on its fair value less costs of disposal, which was primarily represented by the fair value of a property.

Fair value measurement of property

The fair value measurement of the underlying property is categorised as Level 3 within the fair value hierarchy.

The valuation was carried out by an independent firm of surveyors, ROMA Appraisals Limited, whose staff include members of the Hong Kong Institute of Surveyors with recent experience in the location and category of property being valued. The Group's senior management have discussions with the surveyors on the valuation assumptions and valuation results when the valuation is performed.

The fair value of the Group's property was determined using the direct market comparison approach, assuming sale of properties in their existing state with vacant possession and by reference to recent comparable sales transactions as available in the market.

Valuation techniques	Unobservable inputs	Range 2026
Direct market comparison approach	Adjusted unit rate/square feet (for gross floor area)	HK\$4,568 to HK\$5,927

(a) Impairment loss on property, plant and equipment (continued)

(b) Cafe operations

In February 2026, the Group ceased one of its two cafe operations in Singapore due to its sustained operating losses. Following the closure, an impairment loss of HK\$1,472,000 (2025: Nil) was recognised in the Group's consolidated statement of profit or loss to fully impair the carrying amounts of the property, plant and equipment associated with this cafe operation.

(b) Right-of-use assets

The analysis of the net book value of right-of-use assets by class of underlying asset is as follows:

	Note	2026 HK\$'000	2025 HK\$'000
Investment properties	12	32,540	33,600
Ownership interests in leasehold land and buildings held for own use, carried at depreciated cost in Hong Kong with remaining lease term of between 10 and 30 years		30,383	48,357
Ownership interests in leasehold land and buildings held for own use, carried at depreciated cost in Singapore with remaining lease term of between 30 and 50 years		18,669	18,199

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

11 Property, plant and equipment (continued)

(b) Right-of-use assets (continued)

During the year, additions to right-of-use assets were HK\$38,049,000 (2025: HK\$23,816,000), relating to the capitalised lease payments payable under new/renewed tenancy agreements.

Details of total cash outflow for leases and the maturity analysis of lease liabilities are set out in notes 19(c) and 22, respectively.

(i) *Ownership interests in leasehold land and buildings held for own use*

The Group holds several buildings units for provision of beauty and wellness services and sales of skincare and wellness. The Group is the registered owner of these property interests, including the whole or part of undivided share in the underlying land. Lump sum payments were made upfront to acquire these property interests from their previous registered owners, and there are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.

(ii) *Other properties leased for own use*

The Group has obtained the right to use other properties as its warehouses and beauty centres through tenancy agreements. The leases typically run for an initial period of 1 to 5 years. Lease payments are adjusted periodically to reflect market rentals.

During the year ended 31 March 2026, the Group leased a number of beauty centres which contain variable lease payment terms that are based on sales generated from the beauty centres and minimum annual lease payment terms that are fixed. These payment terms are common in beauty centres in Hong Kong where the Group operates. No variable lease payment was incurred for the year as the thresholds were not met (2025: Nil).

(c) Property pledged as securities

At 31 March 2026, ownership interests in leasehold land and buildings held for own use with carrying values of HK\$30,383,000 (2025: HK\$48,357,000) were pledged as securities to secure the Group's performance of services to customers who paid for the services by credit cards, in accordance with the merchant agreements entered into between the Group and the banks/credit card companies.

12 Investment properties (continued)

Investment properties were revalued as at 31 March 2026 and 2025. Details of the fair value measurement are disclosed in note 12(a)(i).

As of 31 March 2026 and 2025, all the Group's investment properties are situated in Hong Kong, with remaining lease term between 10 and 30 years.

(a) Fair value measurement of investment properties

(i) Fair value hierarchy

The following table presents the fair value of the Group's investment properties measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

12 Investment properties (continued)

(a) Fair value measurement of investment properties (continued)

(i) Fair value hierarchy (continued)

All of the Group's investment properties measured at fair value on a recurring basis are categorised as Level 3 of the fair value hierarchy.

During the year ended 31 March 2026, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3 in respect of the Group's investment properties (2025: Nil). The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

All the Group's investment properties were revalued as at 31 March 2026 and 2025. The valuations were carried out by an independent firm of surveyors, ROMA Appraisals Limited, whose staff include members of the Hong Kong Institute of Surveyors with recent experience in the location and category of property being valued. The Group's senior management have discussions with the surveyors on the valuation assumptions and valuation results when the valuation is performed at each annual reporting date.

(ii) Information about Level 3 fair value measurements

The fair value of the Group's investment properties located in Hong Kong are determined on a recurring basis using the direct market comparison approach, assuming sale of properties in their existing state with vacant possession and by reference to recent comparable sales transactions as available in the market.

Valuation techniques	Unobservable inputs	Range 2026	Range 2025
Direct market comparison approach	Adjusted unit rate/ square feet (for saleable area)	HK\$7,087 to HK\$8,137	HK\$6,742 to HK\$9,766

Fair value adjustment of investment properties is recognised as a separate line item "Fair value change on investment properties" in the Group's consolidated statement of profit or loss.

12 Investment properties (continued)

(b) Investment properties lease out under operating leases

The Group holds several buildings units for leasing for rental income. The Group is the registered owner of these property interests, including the whole or part of undivided share in the underlying land. Lump sum payments were made upfront to acquire these property interests from their previous registered owners, and there are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.

Undiscounted lease payments under non-cancellable operating leases in place at the reporting date will be receivable by the Group in future periods as follows:

Ordinary shares of HK\$0.1 each	904,483,942	90,448	904,483,942	90,448

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per ordinary share at general meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

(d) Nature and purpose of reserves

(i) Share premium

Under the Companies Law of the Cayman Islands, the funds in the share premium account of the Company are distributable to the shareholders of the Company provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off its debts as they fall due in the ordinary course of business.

(ii) Merger reserve

The merger reserve represents the aggregate of:

- (a) Pursuant to the Group's reorganisation effected on 24 January 2006 (the "Reorganisation"), the Company acquired the share capital of Koladen Enterprises Inc. in consideration of allotment and issue of 539,999,925 shares to its corporate shareholders, Silver Compass Holdings Corp. and Silver Hendon Enterprises Corp. Under the merger basis of accounting, the difference between the nominal value of the shares of subsidiaries acquired over the nominal value of the share capital of the Company issued in exchange amounting to approximately HK\$53,982,000 was debited to the merger reserve of the Group.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

23 Capital, reserves and dividends (continued)

(d) Nature and purpose of reserves (continued)

- (b) Pursuant to the sale and purchase agreement dated 5 July 2011 ("SPA") entered into between BE Universal Limited ("BE Universal", a subsidiary of the Company) as purchaser and Dr. Tsang as vendor, BE Universal conditionally agreed to acquire the entire equity interest in Zegna Management Limited ("Zegna") together with its subsidiaries (collectively referred to as the "Zegna Group") from Dr. Tsang at a consideration of HK\$250,000,000 which is to be satisfied by the issue of convertible note ("CN") at conversion price of HK\$1.05 per share (hereinafter referred to as the "Business Combination").

On 30 September 2011, BE Universal and Dr. Tsang entered into a supplemental sale and purchase agreement ("Supplemental SPA") to amend and supplement certain terms of the SPA including (i) the businesses of two subsidiaries of Zegna, namely Modern Beauty Salon (S) Pte. Limited ("MBSS") and Splendid Overseas Pte. Limited ("Splendid") to be taken up by another newly set-up subsidiary; (ii) MBSS shall execute a deed of waiver in favour of Euro King Limited ("Euro King", a then subsidiary of Zegna) to discharge and release its obligations to settle any amounts due to MBSS as ascertained in a special audit up to a maximum amount of HK\$70,000,000 (the "Waiver"); and (iii) the entire issued share capital of Euro King shall be transferred by Zegna to Dr. Tsang (or her nominee) at nil consideration, representing deemed partial consideration of the Business Combination; in fact that Euro King shall not form part of the Zegna Group in the Business Combination. Details of the SPA and Supplemental SPA relating to the Business Combination are set out in the announcement and circular of the Company dated 5 July 2011 and 30 September 2011 respectively.

The Business Combination was completed on 10 January 2012 when all the precedent conditions to the Business Combination were fulfilled and the issue of the CN has taken place.

The merge reserve arising from the acquisition of Zegna Group comprised of:

- A debit amount of approximately HK\$71,488,000, representing the deemed partial consideration of the Business Combination, being the net assets value of Euro King after the Waiver disposed to Dr. Tsang at nil consideration, pursuant to the Supplemental SPA of the Business Combination; in fact that Euro King did not form part of the Zegna Group in the Business Combination.
- A credit balance of approximately HK\$549,000, being the difference between the aggregate amount of nominal value of the shares of subsidiaries acquired by Zegna and the relevant consideration paid.
- A net debit amount of HK\$248,332,000, being the difference between (i) the value of the CN amounting to HK\$250,000,000 issued for the Business Combination; (ii) the nominal value of the share capital of Zegna; and (iii) the investment cost in the book of BE Universal.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

23 Capital, reserves and dividends (continued)

(d) Nature and purpose of reserves (continued)

(iii) *Contributed surplus*

The contributed surplus of the Company arose as a result of the Reorganisation and represented the excess of the fair value of the subsidiaries acquired, over the nominal value of the share capital of the Company issued in exchange therefore.

(iv) *Exchange reserve*

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 2(t).

(v) *Property revaluation reserve*

The property revaluation reserve has been set up to deal with the fair value changes arising from the Group's property, plant and equipment reclassified to investment properties.

(e) Distributability of reserves

At 31 March 2026, the aggregate amount of reserves available for distribution to equity shareholders of the Company was HK\$10,869,000 (2025: HK\$10,925,000). After the end of reporting period, the directors did not propose a final dividend (2025: nil per ordinary share) (note 23(b)).

(f) Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to maximise returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The only externally imposed capital requirement is that for the Group to maintain its listing on the Stock Exchange it has to have a public float of at least 25% of the shares. The Group receives a report from the shares registrars monthly on substantial share interests showing the non-public float and it demonstrates continuing compliance with the 25% limit throughout the year.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

24 Employee benefits

(a) Defined contribution retirement plans

The Group operates a MPF scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees' relevant income, subject to a cap of monthly relevant income of HK\$30,000. Contributions to the plan vest immediately, there is no forfeited contributions that may be used by the Group to reduce the existing level of contribution.

Details of the accounting policies adopted by the Group over the defined contribution retirements plans are disclosed under note 2(p)(ii).

(b) Long service payment liabilities

Hong Kong employees that have been employed continuously for at least five years are entitled to long service payments in accordance with the Hong Kong Employment Ordinance under certain circumstances. These circumstances include where an employee is dismissed for reasons other than serious misconduct or redundancy, that employee resigns at the age of 65 or above, or the employment contract is of fixed term and expires without renewal. The amount of LSP payable is determined with reference to the employee's final salary (capped at HK\$22,500) and the years of service, reduced by the amount of any accrued benefits derived from the Group's contributions to MPF scheme (see note 24(a)), with an overall cap of HK\$390,000 per employee. Currently, the Group does not have any separate funding arrangement in place to meet its LSP obligation.

Starting from 1 May 2025 (the "Transition Date"), the Hong Kong Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 (the "2022 Amendment Ordinance") came into effect, which abolishes the statutory right of an employer to reduce its LSP payable to a Hong Kong employee by drawing on its mandatory contributions to the MPF scheme. Separately, a 25-year scheme to provide a subsidy ("Subsidy") for employers' costs in relation to the post-transition portion of the LSP has been implemented with effect on 1 May 2025.

Among other things, once the abolition of the offsetting mechanism takes effect, an employer can no longer use any of the accrued benefits derived from its mandatory MPF contributions (irrespective of the contributions made before, on or after the Transition Date) to reduce the LSP in respect of an employee's service from the Transition Date. However, where an employee's employment commenced before the Transition Date, the employer can continue to use the above accrued benefits to reduce the LSP in respect of the employee's service up to that date; in addition, the LSP in respect of the service before the Transition Date will be calculated based on the employee's monthly salary immediately before the Transition Date and the years of service up to that date.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

24 Employee benefits (continued)

(b) Long service payment liabilities (continued)

The Group has accounted for the offsetting mechanism and its abolition as disclosed in note 2(p)(iii).

The Group was not entitled to any Subsidy during the year ended 31 March 2026.

The present value of unfunded obligations and its movements are as follows:

	2026 HK\$'000	2025 HK\$'000
At 1 April	1,516	3,108
Actuarial gains arising from changes in financial assumptions	(412)	(1,804)
Expenses recognised in profit or loss:		
Current service cost	143	174
Interest cost	25	38
	168	212
At 31 March	1,272	1,516

The weighted average duration of the defined benefit obligation is 6 years (2025: 5 years).

Significant actuarial assumptions (expressed as weighted averages) and sensitivity analysis are as follows:

	2026	2025
Discount rate	2.31%	2.89%
Future salary increases	1.12%	2.02%

The below analysis shows how the defined benefit obligation would have (decreased)/increased as a result of 0.25% change in the significant actuarial assumptions:

	2026		2025	
	Increase in 0.25% HK\$'000	Decrease in 0.25% HK\$'000	Increase in 0.25% HK\$'000	Decrease in 0.25% HK\$'000
Discount rate	(15)	25	(4)	4
Future salary increases	10	(2)	4	(2)

The above sensitivity analysis is based on the assumption that changes in actuarial assumptions are not correlated and therefore it does not take into account the correlations between the actuarial assumptions.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 Financial risk management and fair values of financial instruments

Exposure to credit, liquidity, interest rate and currency risks arises in the normal course of the Group's business. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

(a) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. The Group's credit risk is primarily attributable to trade receivables and trade deposits retained by banks/credit card companies. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

The credit risks on trade receivables and trade deposits retained by banks/credit card companies are limited because the counterparties are banks/financial institutions with high external credit ratings. In addition, the directors of the Group consider those not credit-impaired trade receivables were collectible based on historical observed default rates over the expected life of the debtors and adjusted for forward-looking information that is available without undue cost or effort. Therefore, loss allowance for expected credit loss was insignificant. Further quantitative disclosure in respect of the Group's exposure to credit risk arising from trade receivables is set out in note 15.

The Group does not provide any guarantees which would expose the Group or the Company to credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

(b) Liquidity risk

The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

25 Financial risk management and fair values of financial instruments (continued)

(c) Currency risk

The Group has no significant exposure to currency risk as substantially all the transactions of the Group's entities are denominated in their functional currency.

(d) Interest rate risks

At the end of the reporting period, the Group did not hold any assets or liabilities which are exposed to significant interest rate risk.

(e) Fair value measurement

The carrying amounts of the Group's financial instruments carried at amortised cost are not materially different from their fair values as at 31 March 2026 and 2025.

26 Capital commitments

Capital commitments outstanding at 31 March 2026 not provided for in the financial statements were as follows:

	2026 HK\$'000	2025 HK\$'000
Contracted for	–	1,503

27 Contingent liabilities

During the course of business, the Group has received complaints and claims concerned with the provision of beauty services in respect of breach of contract, tenancy dispute and personal injuries in relation to the services provided, including claims of insignificant or unspecified amounts. The directors are of the opinion that the loss or settlement for such complaints and claims have no material financial impact to the Group.

28 Material related party transactions and balances

(a) Key management personnel remuneration

Remuneration for key management personnel of the Group, including amounts paid to the Company's directors as disclosed in note 8 and certain of the highest paid employees as disclosed in note 9, is as follows:

	2026 HK\$'000	2025 HK\$'000
Short-term employee benefits	18,580	21,990
Post-employment benefits	232	211
	18,812	22,201

Total remuneration is included in "employee benefit expenses" (see note 6(a)).

(b) Material related party transactions

In addition to those related party transactions disclosed elsewhere in the consolidated financial statements, the Group had the following material transactions with its related parties during the year:

	Note	2026 HK\$'000	2025 HK\$'000

30 Accounting estimates and judgements

In the process of applying the Group's accounting policies, management has made the following accounting estimates:

(i) Impairment of property, plant and equipment

The Group conducts impairment reviews of property, plant and equipment whenever events or changes in circumstances indicated that their carrying amounts may not be recoverable. Determining whether an asset is impaired requires an assessment of both the FVLCD, and the estimation of the value in use, which requires the Group to estimate the future cash flows and a suitable discount rate in order to calculate the present value. Where the recoverable amounts are less than expected, a material impairment loss may arise.

30 Accounting estimates and judgements (continued)

(ii) Revenue

Revenue recognition on provision of services is dependent on the estimation of the utilisation pattern of treatments. Based on the Group's historical experience, the Group makes estimates of an expected amount of breakage. Actual utilisation may be higher or lower than those estimated at the end of each reporting period, which would affect the revenue and profit recognised in future year.

31 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 March 2026

Up to the date of issue of these financial statements, the HKICPA has issued a number of new or amended standards, which are not yet effective for the year ended 31 March 2026 and which have not been adopted in these financial statements. These developments include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to HKFRS 9, <i>Financial instruments</i> and HKFRS 7, <i>Financial instruments</i> : <i>disclosures – Amendments to the classification and measurement of financial instruments</i>	1 January 2026
Annual improvements to HKFRS Accounting Standards – Volume 11	1 January 2026
HKFRS 18, <i>Presentation and disclosure in financial statements</i>	1 January 2027

The Group is in the process of making an assessment of what the impact of these developments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements, except for the following:

HKFRS 18, *Presentation and disclosure in financial statements*

HKFRS 18 will replace HKAS 1 *Presentation of financial statements* and aims to improve the transparency and comparability of information about an entity's financial statements.

HKFRS 18 is effective for annual reporting periods beginning on or after 1 January 2027 and is to be applied retrospectively.

Among other changes, under HKFRS 18, entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to provide specific disclosures about management-defined performance measures in a single note in the financial statements.

The Group does not plan to early adopt HKFRS 18 and is still in the process of assessing the impact of the adoption.

32 Approval of financial statements

The financial statements were approved and authorised for issue by the Board of Directors on 30 June 2026.
