INSIDE INFORMATION
FURTHER UPDATE ON PUBLICATION OF ANNUAL RESULTS FOR THE YEAR ENDED 31 MARCH 2026

This announcement is made by Century Entertainment International Holdings Limited (the "**Company**" together with its subsidiaries, the "**Group**") pursuant to Rules 13.09 and 13.49(3) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") (the "**Listing Rules**") and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Cap. 571, the Laws of Hong Kong) (the "**SFO**").

Reference is made to the inside information announcements of the Company dated 29 June 2026 and 8 July 2026 (collectively, the "**Previous Announcements**") in relation to, among other things, the delay in publication of the Company's annual results for the year ended 31 March 2026 (the "**2026 Annual Results**"). Unless otherwise defined, capitalised terms used in this announcement shall bear the same meanings as those defined in the Previous Announcements.

The board (the "**Board**") of directors (the "**Directors**") of the Company hereby provides the following further update on the publication of the 2026 Annual Results.

The Board collectively and individually accepts full responsibility for the accuracy of the information contained in this announcement and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief, opinions expressed in this announcement have been arrived at after due and careful consideration and there are no other facts not contained in this announcement, the omission of which would make any statement in this announcement misleading.

1. FURTHER REASONS FOR THE DELAY

Notwithstanding the absence of any substantive audit dispute, the publication of the 2026 Annual Results requires further time for the following reasons:

1.1 IT audit and platform audit

Given the technology-driven nature of the Group's online gaming business, the Company's auditor — Crowe (HK) CPA Limited ("**Crowe**") is conducting a comprehensive IT audit covering the gaming platform's systems architecture, data integrity, system access controls, and operational continuity. This IT audit scope, reflecting the complexities inherent in a platform-based revenue model, has required extensive and continuous coordination between Crowe, the Company's IT team in Shenzhen, and the technology service provider's platform engineers. As this involves the first comprehensive integration of cross-border technical platforms and detailed audit trail verification for this newly established segment, additional time has been dedicated to aligning technical protocols, bridging system documentation standards, and ensuring full mutual understanding of the stringent IT audit scope and requirements between the parties.

1.2 Normal audit procedures

Given that the Group has proactively reallocated its human resources to support and expedite the completion of the Group's annual audit, the Group's finance team is now working in full coordination with Crowe to facilitate its comprehensive review. This includes, without limitation, providing requested documentation, assisting with confirmation procedures and interviews with the Group's debtors and creditors, and providing operational support to Crowe in completing the IT audit as mentioned in paragraph 1.1 above. The Board confirms that management is fully committed to cooperating with the auditor to ensure the timely finalization of the audit.

2. POSITIVE PROGRESS AND MANAGEMENT'S COMMITMENT

The Company wishes to emphasise that, to the best of the Board's knowledge, information and belief having made all reasonable enquiries, the current delay is not attributable to any unresolved disagreement, material irregularity, or adverse financial finding. On the contrary, the temporary delay reflects the rigorous approach adopted by Crowe in auditing a business that has expanded into new operational territories and technology-driven revenue streams. The Company views Crowe's thoroughness and professional diligence as a constructive contribution to the Group's governance maturity.

Management has dedicated substantial additional resources to support the audit process. In addition to the full support of the Group's finance team, the Group's IT engineers are providing comprehensive assistance to Crowe to facilitate the completion of the IT audit. All outstanding audit procedures are currently expected to be completed within the coming weeks, and the Company maintains a constructive, transparent, and regular dialogue with the auditors throughout this process to ensure the timely publication of the 2026 Annual Results.

3. **REVISED EXPECTED DATE OF PUBLICATION**

Based on the current progress of the audit work and the additional procedures described above, the Company now anticipates that the auditing process will be finalized, allowing the Company to publish the 2026 Annual Results on or before end of August 2026. The Company will continue to keep its shareholders and potential investors informed of any material developments in connection with the 2026 Annual Results by way of further announcement(s) as and when appropriate.

4. **AUDIT COMMITTEE OVERSIGHT**

The audit committee of the Company (the "**Audit Committee**") has been closely monitoring the audit progress and has held regular meetings with both management and Crowe to track the completion of the status of audit. The Audit Committee is satisfied that:

(i) there are no unresolved accounting or auditing disagreements between management and the auditors;

(ii) the audit procedures described above are appropriate and necessary given the Group's expanded operations and technology-driven segments; and

(iii) management has allocated sufficient financial and human resources and is taking all reasonable steps to facilitate the timely completion of the audit.

The Audit Committee will continue to oversee the process until the 2026 Annual Results are published.
