**VOLUNTARY ANNOUNCEMENT  
JULY 2026 DELIVERY UPDATE**

This is a voluntary announcement issued by VOYAH Automotive Technology Co., Ltd. (the “**Company**” or “**VOYAH**”).

The Company delivered 13,189 vehicles in July 2026, an increase of 9% year-on-year. The Company’s year-to-date deliveries reached 89,453, an increase of 31% year-on-year.

On July 8, 2026, the Company announced that the all-new MPV VOYAH Dream 9 is planned to be launched in the second half of 2026. Positioned in the flagship MPV segment at the RMB500,000 price level, the model will further enrich the Company’s product lineup in the premium MPV market spanning the RMB300,000 to RMB700,000 range and drive continued upward optimisation of the product mix.

On July 24, 2026, pre-sales of the Voyah Passion S commenced, with an official launch scheduled for August 15, 2026. The model supplements the Company’s market presence in the sporty premium SUV segment targeting younger consumers, enriches the Company’s battery electric vehicle matrix, establishes a differentiated product positioning, and provides new product support for subsequent delivery growth.

On July 29, 2026, the Company's fully in-house developed all-terrain intelligent chassis, the first of its kind in China, was officially named the "VOYAH Tiger Intelligent Chassis". Built on a three-layer architecture comprising "all-terrain performance integrated agent × robust mechanical foundation × intelligent neurons", the chassis seamlessly combines urban ride comfort with all-terrain capability. Leveraging premium hardware and a millisecond-level sensing and control system, it adapts to over a thousand road conditions, significantly enhancing driving stability, adaptability, and safety, thereby consolidating the Company's technological advantages in intelligent systems and providing technical support for subsequent model development, product iteration, and user experience enhancement.

## **About VOYAH**

VOYAH is the premium intelligent new energy vehicle brand under Dongfeng Motor Corporation, committed to providing customers with products and services rooted in Chinese cultural heritage. As a user-oriented technology enterprise with the full value chain covering design, research and development, manufacturing, supply chain, sales and services, the Company has built end-to-end in-house R&D capabilities and leading-edge innovation strength. It has developed five models: VOYAH FREE, Dream, Passion, Courage and Taishan, with a product portfolio fully covering the three segments of sedans, SUVs and MPVs. VOYAH is the first premium new energy vehicle brand under China's central state-owned enterprises to achieve cumulative deliveries of 300,000 units.
