中康科技控股有限公司

(formerly known as Sinohealth Holdings Limited 中康控股有限公司)

(Incorporated in the Cayman Islands with limited liability)

(Stock code: 2361)

SUPPLEMENTAL ANNOUNCEMENT IN RELATION TO DISCLOSEABLE TRANSACTIONS OF

(1) SUBSCRIPTION OF FEEDER FUND;

AND

(2) ADVANCE FOR PROPOSED SUBSCRIPTION OF FEEDER FUND

Reference is made to the announcement dated 14 July 2026 (the “**Announcement**”) in relation to, among others, the Company’s subscription under the April 2026 Global Champion Feeder Fund Subscription Agreement, and an advance for the Proposed July 2026 Global Champion Feeder Fund Subscription Agreement. Unless the context otherwise requires, capitalized terms used herein shall have the same meanings as those defined in the Announcement.

The Board would like to supplement the following additional information:

(1) Investment Manager of the Master Fund and Feeder Fund

Pacific Synergy Group Limited is the investment manager (the “**Investment Manager**”) of both the Master Fund and the Feeder Fund, and is responsible for all investment decisions relating to both Fund.

The Investment Manager is a multi-family-office investment platform co-founded by Mr. Ken Xu, who is also the chief investment officer, and partners including leading private equity managers and tech entrepreneurs. The platform builds a global network connecting investors and entrepreneurs to generate sustainable financial returns and positive societal impact through strategic partnerships, shared investment opportunities, and industry insights. The combined assets under management of the Investment Manager are approximately USD 500 million.

Mr. Ken Xu has over 23 years of investment management experience. He founded Strategic Vision Investment in 2014, which focused on leading industry participants across artificial intelligence, energy revolution, industry consolidation, new materials and healthcare and biotech.

Each of the Master Fund and the Feeder Fund has a wide base of professional investors who have duly completed know-your-client procedures conducted by the Investment Manager and Citco Custody Limited. None of the investors and their ultimate beneficial owners are interested in more than 30% in either Master Fund or the Feeder Fund.

(2) Investment Scope and Selection Criteria Employed for the Class P Series

The investment scope of the class P series of the Feeder Fund includes high-quality underlying hedge funds across fundamental long-short, quantitative, down-market and other alternative strategies. The Investment Manager selects underlying hedge funds based on the investment capabilities of their respective investment managers, risk controls, and operational integrity. This includes, among others, (i) an assessment of the investment team's institutional background and track record to ensure their methodology can generate sustainable returns distinct from market movements, (ii) an evaluation of portfolio risks to confirm the effectiveness of the underlying fund's risk management systems; (iii) analyze portfolio diversification and correlation with strategies of the Feeder Fund; and (iv) conduct comprehensive operational and legal due diligence, review commercial terms and assess alignment of interests with the Feeder Fund.

(3) Refund of the Advance for the Proposed Subscription of Class ANT series of the Feeder Fund

The Company would like to provide an update concerning the Proposed Subscription of the Feeder Fund, which will no longer be pursued. The Company was informed by the Investment Manager that the Target Company will not proceed with the Pre-IPO Investment due to changes in its strategic priorities. In view of this development, and the absence of other investment opportunities from the Investment Manager which are suitable for the Company, the Company has requested for a return of the Advance, which will be refunded to the Company within reasonable time.

By order of the Board
Sinohealth Technology Holdings Limited
Wu Yushu
Chairman
