PROFIT WARNING

This announcement is made by Guangdong Huayan Robotics Co., Ltd. (the "**Company**", together with its subsidiaries, collectively the "**Group**") pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") (the "**Listing Rules**") and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the "**Board**") hereby informs the shareholders and investors of the Company that, based on a preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended June 30, 2026 (the "**2026 Interim Period**") and information currently available to the Company, notwithstanding that the Group's revenue remained stable, the Group is expected to record a net loss ranging from RMB54 million to RMB58 million for the 2026 Interim Period, as compared to a net loss of RMB19.17 million for the corresponding period last year, representing an increase in loss of approximately 181.69% to 202.56%.

The Company is of the view that the increase in net loss recorded for the 2026 Interim Period as compared to the corresponding period last year was primarily due to (i) a significant increase of approximately 48.47% in selling and distribution expenses, which was mainly attributable to the Company's substantial expansion of its sales team to implement its next-stage strategic arrangement, leading to a significant increase in sales personnel costs. At the same time, the Company increased its resource investment in marketing efforts, especially in overseas markets, resulting in higher promotion expenses as compared to the corresponding period last year. It takes time for these investments to translate into performance, and the relevant results have not yet been fully reflected in the operating results for the 2026 Interim Period; and (ii) the net proceeds from the Company's Global Offering were affected by exchange rate fluctuations, resulting in significant foreign exchange losses, which are expected to account for over 50% of the total net loss for the 2026 Interim Period. The Company believes that the aforesaid changes will not have an adverse effect on the Company's operating condition.

The information contained in this announcement is a preliminary assessment by the Board based solely on the unaudited consolidated management accounts and information currently available to the Company, and has not been reviewed or audited by the auditor. As at the date of this announcement, the consolidated results of the Group for the 2026 Interim Period have not yet been finalized and may be subject to adjustment upon further review. Details of the Group's information for the 2026 Interim Period will be disclosed in the 2026 interim results announcement to be published on or before August 31, 2026.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
