The board (the "**Board**") of directors (the "**Directors**") of the Company wishes to inform the shareholders of the Company (the "**Shareholders**") and potential investors that, based on its initial assessment of the latest unaudited consolidated management accounts of the Group and the information currently available to the Board, the Group expects to record a net loss attributable to owners of the Company for the six months ended 30 June 2026 (the "**Reporting Period**") of not more than approximately RMB45,000,000 as compared to the net profit attributable to owners of the Company of approximately RMB7,717,000 for the corresponding period in 2025.

The expected net loss of the Group was mainly attributable to (i) the fair value loss of financial assets at fair value through profit or loss; (ii) a loss recorded by the Group's telecommunications business during the period as compared to a profit in the corresponding period in 2025, due to market saturation, fierce competition and rising operational costs; and (iii) the launching of the fintech business in the second half of last year, and the commencement of an artificial intelligence (AI) strategy upgrade during the Reporting Period in order to extend its business into the computing power service sector of AI infrastructure, and such new businesses increased employee benefit expenses and other operating expenses accordingly.

The Company is still in the process of finalising the interim results of the Group for the Reporting Period. The information contained in this announcement is only based on the preliminary assessment made by the Board on the unaudited consolidated financial statements of the Group for the Reporting Period with reference to the information currently available, and such information has not been audited, confirmed or reviewed by the Company's independent auditors or the audit committee of the Company and may be subject to adjustments where necessary.
