ANNOUNCEMENT ON KEY OPERATING DATA FOR THE THIRD QUARTER OF 2026

This announcement is made by OmniVision Integrated Circuits Group, Inc. (the “**Company**”) pursuant to Rules 13.09(2) and 13.10B of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

I. KEY OPERATING DATA FOR THE THIRD QUARTER OF 2026

Based on preliminary calculations by the finance department of the Company, it is estimated that the operating income of the Company for the third quarter of 2026 will be RMB7.578 billion to RMB8.130 billion, representing a year-on-year change in the range of -3.18% to 3.87%, and a quarter-on-quarter change in the range of -0.43% to 6.83%. The gross profit margin of the Company is expected to be approximately 29.35% to 30.65%.

II. OPERATING CONDITIONS IN THE THIRD QUARTER OF 2026

In the third quarter of 2026, leveraging its technological foundation in visual perception and continuous optimization of its product structure, the Company demonstrated strong resilience. With the continued increase in the revenue contribution from product lines such as intelligent driving, professional imaging, machine vision and robotics, the Company's operating revenue is expected to achieve steady growth. Meanwhile, the semiconductor design business continued to deepen its presence in intelligent driving and AI-related application scenarios, expanding its market share of high-end products and driving a steady quarter-on-quarter increase in gross profit margin.

The Company will continue to optimize its business structure, actively explore emerging downstream application scenarios, seize opportunities presented by the advancement of visual perception driven by artificial intelligence, continuously deepen technological innovation and the commercialization of advanced technological achievements, promote the implementation of emerging application scenarios such as edge AI, machine vision robotics and intelligent driving, and continue to expand the product portfolio in high-end application sectors. Simultaneously, the Company will strengthen the supply chain management and cost control, with the aim of improving profitability and driving high-quality development of the Company's business.

III. OTHER MATTERS

The key operating data included in this announcement is only preliminary accounting data and may differ from the financial data disclosed in the 2026 third quarterly report of the Company. Please refer to the 2026 third quarterly report to be officially disclosed by the Company for the detailed and accurate financial data.

Shareholders and potential investors of the Company are reminded to exercise caution when dealing in the shares of the Company.

By order of the Board
