VOLUNTARY ANNOUNCEMENT

BUSINESS UPDATE - ROBOTICS PLATFORM OPERATION BUSINESS

CO-ORGANIZATION OF ROBOTICS AND EMBODIED INTELLIGENCE UNICORN FORUM

ESTABLISHMENT OF CHINA ROBOTICS INDUSTRY DEVELOPMENT ALLIANCE

This announcement is made by Hony Media Group (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis to provide information to the Company’s shareholders and potential investors regarding the Group’s latest business developments.

I. ROBOTICS AND EMBODIED AI INDUSTRY FORUM

From 24 to 25 August 2026, the Global Unicorn Summit hosted by Hong Kong Ta Kung Wen Wei Media Group was held at the Hong Kong Convention and Exhibition Centre. AIROBO, the Group’s robotics operations platform, co-organized the “Robotics and Embodied Intelligence Unicorn Forum” (the “**Forum**”) as part of the event. Guests and speakers in attendance included Professor Zhang Xiang, JP, President of The University of Hong Kong, Mr. Zhou Yong (founder of LinkerBot), Mr. Zhang Wei (founder of LimX Dynamics), Mr. Wang Kun (founder of DAX Robotics), and Mr. Jin Liang (co-founder of GENISOM AI), among others. The Forum focused on topics including the integration of artificial intelligence and robotics, embodied AI, commercial application of robotics, and industrial synergy, bringing together enterprises, investment institutions, and industry ecosystem representatives in the fields of robotics and embodied AI. InvestHK, the investment promotion agency of the Government of the Hong Kong Special Administrative Region, has listed the Global Unicorn Summit as one of its key innovation and technology events.

II. ESTABLISHMENT OF CHINA ROBOTICS INDUSTRY DEVELOPMENT ALLIANCE

During the Forum, the launching ceremony of China Robotics Industry Development Alliance (the “**Alliance**”) was held concurrently, with AIROBO being one of the founding entities of the Alliance. Representative leading enterprises in the fields of robotics and embodied AI, including LinkerBot, LimX Dynamics, DAX Robotics, GENISOM AI, Zelos, and Udi Robot, among others, have already signed agreements with the Alliance. The Alliance serves as an important collaborative platform connecting technology, capital, supply chains, and application scenarios within the robotics and embodied AI industries. Adhering to the principles of non-profit operations, open collaboration, and industrial neutrality, the Alliance is dedicated to promoting industry exchanges, resource integration, scenario cooperation, and international connection, thereby facilitating collaborative innovation and high-quality development in the robotics industry.

Addressing the actual needs of industry development, the Alliance will continuously bring together diverse entities including robotics enterprises, scientific research institutions, investment institutions, and industry service organizations. It aims to promote effective docking among technology, products, capital, and application scenarios, progressively building a comprehensive platform encompassing technical exchanges, industrial collaboration, project implementation, capital connections, and international cooperation.

In terms of specific operational directions, the Alliance will primarily focus on the following aspects:

- Promoting upstream and downstream communication and collaboration in the robotics and embodied AI industries;
- Facilitating the matching and transformation of technological achievements into application scenarios;
- Strengthening the linkage among industrial capital, enterprises, and scientific research resources; and
- Promoting industry exchanges, international cooperation, and ecosystem co-construction to cultivate a more open, orderly, and collaborative industry development environment.

III. SIGNIFICANCE TO AND BENEFITS FOR THE GROUP

As disclosed in previous announcements of the Company, the Group has entered into cooperation agreements for the joint construction and operation of property robotics operations platforms with property management companies including Longfor Property Service Group Limited*, Greentown Property Service Group Co., Ltd.*, Henan Central China Property Management Co., Ltd.*, Shenzhen Excellence Property Management Co., Ltd.*, and Yunnan Junfa Property Service Co., Ltd.*, and has been pushing forward pilot operations across multiple projects.

Through co-organizing the Forum and participating as a founding entity of the Alliance, AIROBO has further solidified its positioning as a robotics operations platform and an industry ecosystem connector. Furthermore, taking this opportunity to introduce its robotics operations platform business and latest

developments to the industry will help further enhance the Group's industry influence and ecosystem connectivity in the field of robotics operations.

IV. GENERAL

The specific implementation of the aforesaid business developments remains subject to subsequent execution of project documents between the parties and actual progress, and is therefore subject to certain uncertainties. **Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.** The Company will make further announcement(s) in relation to any material progress as and when appropriate in accordance with the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and other applicable laws and regulations.

** Note: The English name of these companies is directly translated from their Chinese names and are furnished for identification purpose only. Should any inconsistencies between the Chinese names and the English names exist, the Chinese names shall prevail.*

By Order of the Board
Hony Media Group
HAU Wai Man, Raymond
Company Secretary

Hong Kong, 25 August 2026

As at the date of this announcement, the Board comprises:

Mr. YUEN Hoi Po¹ (CEO), Mr. CHENG Wu¹, Mr. YUEN Kin², Ms. WANG Song Song² and Ms. PAN Min²

¹ *Executive director*

² *Independent non-executive director*

In the case of inconsistency, the English text of this announcement shall prevail over the Chinese text.
