**VOLUNTARY ANNOUNCEMENT
MEMORANDUM OF UNDERSTANDING IN RELATION TO
STRATEGIC COOPERATION WITH DELOITTE CONSULTING
(SHANGHAI) CO., LTD.**

This announcement is made by Beijing DeepZero Technology Co., Ltd. (the “**Company**”) on a voluntary basis to keep the shareholders of the Company (the “**Shareholders**”) and potential investors informed of the latest developments of the Company.

The board of directors of the Company (the “**Board**”) is pleased to announce that the Company has entered into a memorandum of understanding in relation to strategic cooperation (the “**MOU**”) with Deloitte Consulting (Shanghai) Co., Ltd. (“**Deloitte China**”). Deloitte China has long been committed to serving the complex transformation of large enterprises, and has accumulated deep experience in AI strategic planning, industry insights, data governance and organizational change.

This strategic cooperation combines Deloitte China’s consulting capabilities with the Company’s enterprise decision-making AI agent products and implementation capabilities, connecting transformation strategy with decision-making applications to deliver more competitive and scalable enterprise AI deployment approaches for customers. The two parties will integrate the entire process from strategic blueprinting and scenario selection to product deployment and ongoing operations, and will cooperate in areas including joint development of solutions, collaborative development of key customers, and industry practices.

Scalable enterprise AI deployment requires building a trustworthy, measurable and governable end-to-end capability system that connects key links such as data, knowledge, talent organisation and value creation. As a leading player in enterprise decision-making AI agents, the Company has developed advanced agent products for AI-driven intelligent decision-making, growth-oriented operations and marketing innovation, and accumulated in-depth technical capabilities. Deloitte China will leverage its professional capabilities in industry insights, strategic consulting and technology transformation, and work hand-in-hand with the Company to facilitate the in-depth integration of AI technologies and products into clients' scenarios, and continuously advance AI-enabled enterprise growth.
