PROFIT WARNING

This announcement is made by FingerTango Inc. (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to the Inside Information Provisions (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**")) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, Laws of Hong Kong) and Rule 13.09(2) of the Listing Rules.

The board (the "**Board**") of the director of the Company (the "**Directors**") wishes to inform the shareholders of the Company (the "**Shareholders**") and potential investors, that based on preliminary assessment and analysis of the Group's unaudited consolidated management accounts (the "**2026 Interim Management Accounts**") for the six months ended 30 June 2026 (the "**Reporting Period**") which have not been audited by the auditor of the Company nor reviewed by the audit committee of the Company, as well as the information currently available to the Company immediately preceding the publication of this announcement, the Group is expected to record a loss attributable to owners of the Company of approximately RMB30.4 million for the Reporting Period, as compared to the profit attributable to the owners of the Company of approximately RMB4.4 million for the six months ended 30 June 2025 (the "**Corresponding Period**").

The expected turnaround from profit to loss of the Group for the Reporting Period is primarily due to the following factors:

(i) the decline in revenue of approximately RMB43.6 million or 20.6% for the Reporting Period as compared to that in the Corresponding Period, primarily due to the natural decline of revenue from classic games which have been in operation for years and have entered their mature stage;

(ii) the decrease in cost of revenue was proportionally less than the decline in revenue. While variable expenses such as platform sharing charges and commissions charged by game developers decreased alongside revenue, certain fixed and semi-fixed components of the cost of revenue, including the amortization of licenses, did not decrease proportionally, thereby exerting pressure on the gross profit margin; and

(iii) a significant decrease in other income, gains and losses from approximately RMB7.6 million for the Corresponding Period to approximately RMB0.9 million for the Reporting Period, which was primarily due to the turnaround from net foreign exchange gains to net foreign exchange losses of approximately RMB5.8 million during the Reporting Period.

The Company is still in the process of finalizing the interim results for the Reporting Period. The information contained in this announcement is only based on the preliminary assessment by the Board with reference to the 2026 Interim Management Accounts and the information currently available to the Company, and is not based on any financial figures and/or information which have been audited, verified nor reviewed by the auditor nor the audit committee of the Company and may be subject to adjustments. The interim results announcement of the Company for the Reporting Period is expected to be published in late August 2026.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
