CLARIFICATION ANNOUNCEMENT REGARDING MEDIA REPORTS

This announcement is made by WebX Holding Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

The board of directors of the Company (the "**Board**") has recently noted certain media reports (the "**Media Reports**") regarding the Company's principal business. According to the Media Reports, a recent speech given by the Company's chairman, Mr. ZHUANG Jiyong ("**Mr. ZHUANG**") indicates that the Company has operated in the digital economy sector for approximately eight years and focuses on a "Web3 + AI" strategy. The Media Reports also stated that the Company has developed an integrated digital ecosystem comprising five principal business segments, namely WebX main network, blockchain-enabled trading, blockchain entertainment, payment and social networking services, and capital activities, and that the Company has adopted four business models, including platform access, regional co-development, content partnership and industry-capital collaboration, for assisting Chinese manufacturers, brands and enterprises in expanding overseas.

To avoid any potential confusion among the shareholders of the Company (the "**Shareholders**") and potential investors, the Board hereby clarifies and confirms that:

(i) the business operations referred to in the Media Reports in fact relate to Mr. ZHUANG's private business activities and were erroneously attributed to the Company due to certain misunderstandings arising in the course of communications between Mr. ZHUANG and the news agencies; and

(ii) the Company does not have any participation in the business activities described in the Media Reports and the Company's principal business has been and still is investment and trading of listed and unlisted securities.

The Company would like to remind the Shareholders and investors that information not published by the Company may not represent the actual state of the Company and the Company is not responsible for the accuracy and/or completeness of such information. The Shareholders and investors should not rely on information that is not published by the Company when making investment decisions, and in particular, should not refer to media reports and market speculation.
