SUPPLEMENTAL ANNOUNCEMENT
CONTINUING CONNECTED TRANSACTIONS

Reference is made to the announcement of Wuxi Lead Intelligent Equipment Co., Ltd. (the "**Company**") dated August 28, 2026 (the "**Announcement**"). Unless otherwise defined, capitalized terms used in this announcement shall have the same meanings as those defined in the Announcement.

This announcement is to provide additional information in relation to the Procurement Framework Agreement set out as follows.

As disclosed in the Announcement, the prices for the procurement of the Relevant Equipment and Services by the Company from Leadmicro Nano shall follow the principles of voluntariness, equality, mutual benefit and reciprocity, be determined after arm's length negotiations between the parties with reference to the market prices of comparable products and prevailing industry practices, and be fair and reasonable. Specifically, the prices will take into account various factors, including but not limited to the type of relevant equipment and services, transaction volume, and the prices charged by independent third parties in the market for products and services of a similar nature, type and quantity.

Where comparable products or services are available in the market, the Company will obtain market pricing information for similar types of products or services provided by other independent third-party suppliers (not less than two independent third-party suppliers in aggregate) to ensure the prices offered to the Company shall be no less favourable than those available to the Company from independent third parties.

Where directly comparable market pricing information is not reasonably available due to bespoke technical specifications, customised configurations or project-specific requirements, the Company will assess the proposed prices by reference to prevailing industry practices, estimated costs and the overall commercial terms of the transaction, to ensure that the prices are fair and reasonable and on normal commercial terms.

Having taken into account the pricing policies and internal control measures disclosed above and in the Announcement, the Board considers that the pricing policies and internal control measures adopted are sufficient to ensure that the proposed prices are fair and reasonable and no less favourable to the Company than those available from independent third parties.

Save as disclosed above, all other information in the Announcement remains unchanged. This announcement is supplemental to and should be read in conjunction with the Announcement.
