CHANGE IN BOARD LOT SIZE

The board (the "**Board**") of directors (the "**Directors**") of Genscript Biotech Corporation (the "**Company**") hereby announces that the board lot size of the Company's issued ordinary shares (the "**Share(s)**") trading on the Main Board of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") will be changed from 2,000 Shares (the "**Existing Board Lot Size**") to 1,000 Shares (the "**New Board Lot Size**") with effect from 9:00 a.m. on Wednesday, 14 October 2026 (the "**Change in Board Lot Size**"). The Change in Board Lot Size will not affect any of the relative rights of the Company's shareholders (the "**Shareholders**").

Based on the closing price of HK$41.40 per Share as quoted on the Stock Exchange as at the date of this announcement, the market value of the Existing Board Lot Size is approximately HK$82,800, and the market value of the New Board Lot Size is approximately HK$41,400. The Change in Board Lot Size will directly reduce the value of each board lot by half, thereby lowering the minimum transaction value for trading of the Shares. The Board is of the view that the lower board lot value may make the Shares more accessible to a wider range of investors and facilitate trading of the Shares, which may in turn improve the liquidity of the Shares. Therefore, the Change in Board Lot Size is in the interests of the Company and the Shareholders as a whole.

As the New Board Lot Size is an integral divisor of the Existing Board Lot Size, no new odd lots of the Shares will be created as a result of the Change in Board Lot Size. Having consulted with the Share Registrar (as defined below), no odd lot arrangement or matching service for the sales and purchase of odd lots of the Shares will be made by the Company in connection with the Change in Board Lot Size.
