MANAGEMENT DISCUSSION AND ANALYSIS

INTERIM RESULTS

The board (the “Board”) of directors (the “Directors”) of Unity Enterprise Holdings Limited (the “Company”) is pleased to present the unaudited condensed consolidated interim financial statements of the Company and its subsidiaries (collectively, the “Group”) for the six months ended 30 June 2026, together with the comparative unaudited figures for the corresponding period in 2025.

BUSINESS REVIEW

The Group is a contractor specialising in repair, maintenance, alteration and addition (“RMAA”) works in Hong Kong. The Group undertook repair and maintenance services, involving the upkeep, restoration and improvement of existing buildings and facilities, including the services of re-roofing, external and internal walls refurbishment, floor screeding and retiling, spalling repair, scaffolding, repairing and replacement of windows and door, plastering, painting, improvement of fire services system, plumbing and drainage works and the Group also provided additional ancillary services, such as alteration and addition works of building layout and structural works, design of new structural works and checking of structural adequacy of existing constructions and interior decoration works to the existing premises. After acquisitions, the Group also engaged in provision of EV Advising and Installation services and the distributionship of building materials in Hong Kong.

For the six months ended 30 June 2026, the Group’s total revenue decreased by approximately HK\$5.0 million, or 4.2%, from approximately HK\$119.1 million for the six months ended 30 June 2025 to approximately HK\$114.1 million for the six months ended 30 June 2026. The decline in revenue was primarily driven by the following adverse market conditions. First, a contraction in market demand caused a marked slowdown in the local construction and engineering sector. Facing broader economic uncertainty, property developers and investors scaled back capital expenditure, leading to project delays, scope reductions, and a smaller volume of available tenders across Hong Kong. Second, heightened price competition emerged as fewer market opportunities intensified rivalry among local engineering contractors. Widespread aggressive bidding put severe pressure on tender margins, limiting the Group’s ability to maintain high revenue levels without accepting unviable financial risks. Third, customer caution and operational delays slowed overall progress, as developers and property owners adopted highly conservative cash-management strategies that led to prolonged budget approvals, extended contract negotiations, and deferred project start dates.

MANAGEMENT DISCUSSION AND ANALYSIS

Despite these operational headwinds, the Group leveraged its market reputation, technical capabilities, and established track record to secure several key project awards during the six months ended 30 June 2026. These key projects included a large-scale industrial facility contract for a logistics center in Kwai Chung that expands the Group's presence in modern supply-chain infrastructure, a significant repair and maintenance contract for the Mei Foo residential estate, and a specialized commercial contract for a hotel development in Kwun Tong.

As at 30 June 2026, the Group had 40 projects (31 December 2025: 86 projects) on hand with backlog value of approximately HK\$212.4 million (31 December 2025: approximately HK\$234.4 million).

PROSPECTS

Despite temporary economic headwinds and a cautious property market, the outlook for Hong Kong's Repair, Maintenance, Alteration and Addition sector remains resilient. Demand is consistently supported by a massive stock of aging buildings requiring mandatory statutory inspections. Although intensified market competition and cautious developer spending will continue to put pressure on tender margins, RMAA contractors, backed by ongoing government support, are well-positioned to maintain stable project volumes and secure steady revenue over the coming years.

FINANCIAL REVIEW

REVENUE

For the six months ended 30 June 2026, the Group's unaudited consolidated revenue amounted to approximately HK\$114.1 million (six months ended 30 June 2025: approximately HK\$119.1 million). The decrease in revenue of approximately 4.2% was mainly caused by several major projects creating a high comparison baseline during the six months ended 30 June 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

GROSS PROFIT/(LOSS) AND GROSS PROFIT MARGIN

For the six months ended 30 June 2026, the gross profit amounted to approximately HK1.1 million (six months ended 30 June 2025: gross loss of approximately HK3.2 million). The turnaround from a gross loss to a gross profit was mainly driven by the more effective cost control and a reduction in project cost overruns, which ultimately improved gross profit.

The gross profit margin was approximately 1.0% for the six months ended 30 June 2026. Gross profit margin was not applicable for the six months ended 30 June 2025.

OTHER INCOMES AND OTHER LOSS

For the six months ended 30 June 2026, the net other income and other loss amounted to approximately HK\$0.5 million, which mainly included the non-operating service income from a related company amounting to approximately HK\$0.5 million and the sundry income of approximately HK\$71,000, offsetting by the loss of disposal of property, plant and equipment of approximately HK\$76,000.

For the six months ended 30 June 2025, the other incomes amounted to approximately HK\$0.5 million, which included the bank interest income of approximately HK\$6,000 and the non-operating service income received from provision of water seepage investigation and testing service of approximately HK\$0.5 million.

ADMINISTRATIVE EXPENSES

Administrative expenses primarily comprise staff costs, depreciation, office expenses, audit fee and professional fees. The administrative expenses decreased from approximately HK\$3.9 million for the six months ended 30 June 2025 to approximately HK\$3.8 million for the six months ended 30 June 2026, representing a decrease of approximately HK\$0.1 million or 2.6%. Such decrease was mainly caused by the decrease in professional fees.

FINANCE COSTS

The Group's finance costs amounted to approximately HK\$185,000 (six months ended 30 June 2025: approximately HK\$73,000) for the six months ended 30 June 2026. The increase in finance costs was mainly caused by the increase in interest on bank borrowings.

MANAGEMENT DISCUSSION AND ANALYSIS

INCOME TAX CREDIT

The income tax credit was approximately HK\$74,000 (six months ended 30 June 2025: approximately HK\$8,000) for the six months ended 30 June 2026 due to the change of deferred tax liabilities.

LOSS AND TOTAL COMPREHENSIVE EXPENSE FOR THE PERIOD

The loss and total comprehensive expense for the period decreased from approximately HK\$15.5 million for the six months ended 30 June 2025 to approximately HK\$13.0 million for the six months ended 30 June 2026, representing a decrease of approximately HK\$2.5 million or 16.3%. Such decrease was mainly contributed by the improvement in gross profit partially offset by the increase in loss allowances on trade receivables and contract assets.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The liquidity requirements are primarily attributable to the working capital for the business operations. The principal sources of liquidity are cash generated from the operations, the proceeds from the listing of the ordinary shares of the Company (the “**Share(s)**”), bank borrowing and promissory notes. As at 30 June 2026, the Group recorded net current liabilities of approximately HK\$2.0 million (31 December 2025: net current assets of approximately HK\$11.2 million), cash and bank balances of approximately HK\$12.7 million (31 December 2025: approximately HK\$13.0 million). The cash and bank balances were denominated in Hong Kong dollars. The Shares were listed on Main Board of the Stock Exchange on 31 March 2021 (the “**Listing**”). As at 30 June 2026, the capital structure of the Company comprised mainly issued share capital and reserves. The Group also deployed bank borrowing and promissory notes as its financial resources.

MANAGEMENT DISCUSSION AND ANALYSIS

BANK BORROWINGS AND PROMISSORY NOTES

Bank borrowings as at 30 June 2026 amounted to approximately HK\$5.3 million (31 December 2025: approximately HK\$6.1 million). The bank borrowings were denominated in Hong Kong dollars and bear interest at floating rates.

As at 30 June 2026, the Group had promissory notes of approximately HK\$56.5 million (31 December 2025: approximately HK\$56.5 million). The promissory notes are transferable and have maturity dates of 18 to 24 months since issuance and do not carry interest. The Company may redeem all or part of the promissory notes at any time to the maturity date at 100% of the face value of the promissory notes.

GEARING RATIO

The gearing ratio is calculated as bank borrowings and promissory notes divided by the total equity. The Group's gearing ratio was 79.9% and 69.3% as at 30 June 2026 and 31 December 2025, respectively. Such increase was caused by the decrease in total equity as at 30 June 2026.

NET DEBT TO EQUITY RATIO

Net debt to equity ratio is calculated as net debts (i.e. bank borrowings and promissory notes, net of cash and cash equivalents) divided by the total equity. The net debt to equity ratio was approximately 63.5% and 54.8% as at 30 June 2026 and 31 December 2025, respectively. Such increase was caused by the decrease in total equity as at 30 June 2026.

TREASURY POLICY

The Group has adopted a prudent financial management approach towards its treasury policy. The Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities, and other commitments can meet its funding requirements all the time.

CAPITAL EXPENDITURES

For the six months ended 30 June 2026, the Group incurred capital expenditures of approximately HK\$0.3 million (six months ended 30 June 2025: approximately HK\$15,000) to acquire the office equipments and motor vehicle.

MANAGEMENT DISCUSSION AND ANALYSIS

CONTINGENT LIABILITIES

In the ordinary course of the Group’s business, the Group has been subject to a number of claims of personal injuries suffered by employees of the Group or of the Group’s subcontractors in accidents arising out of and in the course of their employment. The Directors are of the opinion that such claims are substantially covered by insurance and would not result in material adverse impact on the financial position or results and operations of the Group.

At the end of each reporting period, the Group had outstanding performance bonds as follows:

	30 June 2026 HK\$'000 (Unaudited)	31 December 2025 HK\$'000 (Audited)
Performance bonds for guarantee of completion of projects issued by insurance companies	6,613	6,613

FOREIGN EXCHANGE EXPOSURE

The Group has a minimal exposure to foreign currency risk as most of the business transactions and assets and liabilities of the Group are principally denominated in Hong Kong Dollar. As such, the Directors consider the Group’s risk in foreign exchange is insignificant and no foreign exchange hedging was conducted by the Group during the six months ended 30 June 2026.

SUBSEQUENT EVENTS

There was no significant event relevant to the business or financial performance of the Group that came to the attention of the Directors after the six months ended 30 June 2026 and up to the date of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

SIGNIFICANT INVESTMENTS, ACQUISITIONS AND DISPOSALS

There were no material acquisitions or disposals of subsidiaries and associated companies and joint ventures during the six months ended 30 June 2026.

EMPLOYEES AND REMUNERATION POLICIES

The Group offers remuneration package to the employees which includes salary and bonuses. Generally, the Group considers employees' salaries based on each of their qualifications, position and seniority. The Company has an annual review system to appraise the performance of the employees, which constitutes the grounds of our decision as to the salary raises, bonuses and promotions. The remuneration of the Directors is decided by the Board upon the recommendation from the remuneration committee of the Company having regard to the Group's operating results, individual performance and comparable market statistics.

DIVIDEND

The Board has resolved not to recommend the declaration of an interim dividend for the six months ended 30 June 2026 and 2025.

FUTURE PLAN FOR MATERIAL INVESTMENTS AND CAPITAL ASSETS

As at the 30 June 2026, the Group did not have other plans for material investments and capital assets.

CORPORATE GOVERNANCE AND OTHER INFORMATION

CORPORATE GOVERNANCE CODE

The Group is committed to ensuring high standards of corporate governance and business practices. The Company had adopted the Corporate Governance Code (the “CG Code”) as set out in Appendix C1 of the Listing Rules as its own corporate governance code. Mr. Chan Leung will perform both of the roles as the chairman and the chief executive officer of the Company. This deviates from code provision C.2.1 of the CG Code, which requires that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. However, the Board considers that this structure will not impair the balance of power and authority between the Board and the management of the Company. The Board currently comprises an executive Director and three independent non-executive Directors and therefore has a fairly strong independence in its composition, and they meet regularly to discuss issues relating to the operation of the Company in order to provide adequate safeguards to protect the interests of the Company and its Shareholders. In addition, after taking into account the past experience of Mr. Chan Leung, the Board is of the opinion that vesting the roles of the chairman and the chief executive officer of the Company in Mr. Chan Leung helps to facilitate the execution of the Group’s business strategies and enhance the effectiveness of its operation. Hence, the aforesaid deviation is appropriate and in the best interest of the Company at the present stage.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model Code”) as set out in Appendix C3 to the Listing Rules as the required standard for securities transactions by Directors. 2. BASIS OF PREPARATION

These unaudited condensed consolidated interim financial statements (the “unaudited interim financial statements”) are prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and the applicable disclosure requirements of the Rules Governing the Listing of Securities (the “Listing Rules”) on the Stock Exchange and the Hong Kong Companies Ordinance. These unaudited interim financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual financial statements for the year ended 31 December 2025.

The accounting policies and the basis of preparation adopted in the preparation of this unaudited interim financial statements are consistent with those adopted in the Group’s annual financial statements for the year ended 31 December 2025, which have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which also include HKASs and Interpretations) issued by the HKICPA and accounting principles generally accepted in Hong Kong and the disclosures requirements of the Hong Kong Companies Ordinance, except for the adoption of the amendments to HKFRSs as disclosed in note 3 below.

For the six months ended 30 June 2026, the Group recorded a net loss of approximately HK13,008,000 and as at 30 June 2026, the Group had net current liabilities of approximately HK2,011,000. These conditions indicate the existence of an uncertainty that may cast doubt on the Group’s ability to continue as a going concern, and therefore, the Group may be unable to realize its assets and discharge its liabilities in the normal course of business.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 JUNE 2026

In assessing the appropriateness of preparing the condensed consolidated financial statements on a going concern basis, the Directors have reviewed the Group's cash flow forecast covering a period of not less than 12 months from the end of the reporting period. In preparing the forecast, the Directors have given careful consideration to the future liquidity and performance of the Group and its available sources of financing, taking into account the following plans and measures:

- (i) the Group is currently in active negotiations with the holder of the promissory notes with a principal amount of approximately HK\$56,456,000 to extend the maturity profile and not to demand repayment within the next 12 months;
- (ii) the controlling shareholder of the Company has executed a letter of financial support to provide continuous financial and operational assistance to the Group, including providing additional working capital to enable the Group to meet its financial obligations as and when they fall due; and
- (iii) the Group continues to implement stringent working capital control measures and defer non-essential capital expenditures.

Assuming the successful implementation of the above plans and measures, the Directors are of the opinion that the Group will have sufficient working capital to satisfy its present requirements for at least the next 12 months from 30 June 2026. Accordingly, the condensed consolidated financial statements have been prepared on a going concern basis.

These unaudited condensed consolidated interim financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand ("HK\$'000") except when otherwise indicated. These unaudited condensed consolidated interim financial statements have not been audited or reviewed by the Company's external auditors, but have been reviewed by the Company's audit committee.

ARISING ON ACQUISITION OF WONDER GROUP

On 30 April 2024, the Group acquired 100% equity interest of Wonder Group. Goodwill arising from the acquisition amounted to HK\$19,470,000 which represented the excess of the consideration paid amounted to HK\$22,000,000 over the fair value of the identifiable net assets of the acquired business amounted to HK\$2,530,000, with reference to (i) the valuation prepared by an independent valuer which, according to such valuation report, as at 31 December 2023, the appraised value of 100% equity interest in the Wonder Group on the basis of the approach of Guideline Publicly-traded Comparable Method was approximately HK\$22,000,000; (ii) historical financial performance of the Wonder Group for the year ended 31 December 2023; and (iii) the prospect of the Wonder Group and the potential synergies between the Wonder Group and the Company as assessed by the Company.

During the year ended 31 December 2025, the Group recognised an impairment loss on goodwill of approximately HK\$19,470,000. The impairment was primarily driven by the unexpected decrease in number of tenders awarded by the Wonder Group, which resulted in a decrease in the forecast revenue and profit margins for the relevant cash-generating unit ("CGU"). Consequently, the carrying amount of the CGU was fully impaired. The impairment loss recognised is a non-cash item and did not impact the Group's daily operations or liquidity position.
