VOLUNTARY ANNOUNCEMENT ENTERING INTO A STRATEGIC COOPERATION AGREEMENT

This announcement is made by Robotphoenix Intelligent Technology Co., Ltd. (浙江翼菲智能科技股份有限公司) (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis to inform the shareholders of the Company and potential investors of the latest development in the Group’s business.

The board (the “**Board**”) of directors (the “**Directors**”) of the Company is pleased to announce that, on September 25, 2026, the Company entered into a strategic cooperation agreement (the “**Strategic Cooperation Agreement**”) with CAS Space Technology Co., Ltd.* (中科宇航技术股份有限公司) (“**CAS Space**”).

THE STRATEGIC COOPERATION AGREEMENT

Pursuant to the Strategic Cooperation Agreement, the Company and CAS Space (the “**Parties**”) agreed to establish a long-term strategic cooperative relationship and leverage their respective strengths to explore collaboration opportunities in areas including scientific research, industrial ecosystem development, supply chain coordination and talent exchange in the field of space manufacturing and commercial aerospace intelligent manufacturing.

In particular, the Parties intend to conduct joint research on frontier and key common technologies in the field of space manufacturing, jointly apply for national and local science and technology projects, and promote collaborative innovation as well as the commercialization of scientific and technological achievements. The Parties will also cooperate in industry ecosystem development through participation in the discussion and formulation of relevant industry standards, joint promotion of intelligent manufacturing solutions for the commercial aerospace industry, and establishment of regular communication and technical exchange mechanisms. In addition, the Parties plan to strengthen supply chain collaboration in relation to intelligent manufacturing, digitalization and lean production upgrades for aerospace equipment manufacturing, and explore cooperation in intelligent equipment and digital transformation solutions. The Parties will further establish regular talent exchange and capability-building mechanisms to facilitate technical exchanges and the integration of expertise in aerospace engineering, intelligent manufacturing and intelligent equipment.

The Strategic Cooperation Agreement serves as a framework for strategic cooperation between the Parties, and it does not create any legally binding obligations on the Company and CAS Space in relation to any specific transaction thereunder. Subject to compliance with applicable laws and regulations and the execution of definitive agreements, the Parties may further develop specific cooperation projects in the future.

The Strategic Cooperation Agreement shall be valid for 3 years, subject to renewal upon the Parties' mutual agreement.

INFORMATION ABOUT CAS SPACE

CAS Space, is a leading commercial aerospace enterprise in China incubated by the Institute of Mechanics at the Chinese Academy of Sciences. The company focuses on the R&D, manufacturing, and launch services of a series of medium-to heavy-lift commercial launch vehicles, while expanding into emerging space economy sectors such as in-orbit manufacturing, space-based scientific research, and space tourism.

To the best of the Directors' knowledge, information and belief, having made all reasonable inquiries, CAS Space and its beneficial owners are independent third parties and are independent of the Company and its connected persons.

REASONS FOR AND BENEFITS OF THE STRATEGIC COOPERATION

The Board considers that the entering into of the Strategic Cooperation Agreement is in line with the Group's development strategy. Through leveraging the respective strengths and resources of the Parties, the cooperation is expected to facilitate the Group's further expansion of the application of its intelligent manufacturing and robotics technologies and products in high-end industrial scenarios, including the commercial aerospace sector.

The Board believes that the cooperation will provide opportunities for the Group to strengthen its presence in the intelligent aerospace equipment industry, enhance its brand recognition and market competitiveness, and support the Group's long-term business development. The Board is of the view that the strategic cooperation is in the interests of the Company and its shareholders as a whole.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
Robotphoenix Intelligent Technology Co., Ltd.
Dr. Zhang Sai
Executive Director, Chairman of the Board and President

Hong Kong, September 25, 2026

As at the date of this announcement, the Board comprises (i) Dr. Zhang Sai, Mr. Zhang Zichao, Mr. Sun Tongliang and Mr. Dou Zhiyuan as executive directors; (ii) Mr. Wang Maike, Mr. Lee Shen Kai and Mr. Song Pengfei as non-executive directors; and (iii) Mr. Xiong Minghua, Ms. Zhou Shuang, Ms. Zhao Fengmei and Mr. Wu Qingyao as independent non-executive directors.
