As a result, the Company recorded a net loss after tax of THB5.0 million for 1H2026, an improvement from the net loss after tax of THB45.7 million for 1H2025.

BUSINESS OUTLOOK

The Thai economy is projected to grow between 1.6% and 2.0% in 2026, driven by government stimulus programs and a steady recovery in tourism. Thai Government and Board of Investment are executing strategic plans to lift long-term growth potential to 3% by 2030. Key focus areas include advanced manufacturing and green energy, tourism and wellness and digital and creative economy by accelerating investment in digital technologies, biotech and data services. The Company is still assessing the impact of these strategic plans and seeking opportunities for its future projects.

The Group remains confident of its long-term prospects as it continues to work to secure new projects and deliver on its existing projects.

MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

FINANCIAL REVIEW

Condensed Consolidated Statement of Profit or Loss and Other Comprehensive Income

Revenue

The Group's total revenue increased by approximately THB115.6 million from approximately THB30.4 million for 1H2025 to approximately THB146.0 million for 1H2026. The increase was mainly attributable to new PEA projects and an EGAT project that started in the second half of 2025, which contributed approximately THB50.6 million and THB58.4 million respectively in 1H2026.

Gross profit and gross profit margin

The Group had a gross profit of approximately THB28.8 million or 19.7% of revenue for 1H2026, compared to the same period last year, which had a gross profit of approximately THB4.8 million or 15.7% of revenue. The increase in gross profit was mainly due to the new major projects taking place in the second half of 2025 that continued into 1H2026.

Other income and gains, net

The Group recorded other income of approximately THB21.3 million for 1H2026, a decrease of approximately THB0.3 million compared to the same period last year. The decrease was mainly due to an unrealised gain on financial assets at fair value declining by approximately THB12.1 million and the capital gain on disposals of financial assets at FVTPL declining by approximately THB3.9 million. Meanwhile, the interest income from a revenue contract increased by approximately THB5.6 million, and the unrealized gain on foreign exchange increased by approximately THB10.7 million.

Selling and distribution expenses

The Group's selling and distribution expenses for 1H2026 were approximately THB1.1 million, decreasing by approximately THB0.5 million compared to the same period last year, mainly due to the decline in salaries of our sales division of approximately THB0.4 million.

MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Administrative expenses

The Group's administrative expenses for 1H2026 were approximately THB39.7 million, decreasing by approximately THB10.7 million compared to the same period last year. The decrease was mainly due to an unrealized loss on foreign exchange which declined by approximately THB15.3 million and the depreciation expenses declining by approximately THB4.8 million. These were offset by the increase in employee expenses by approximately THB7.8 million and the professional fee expenses by approximately THB1.3 million.

Finance costs

The Group's finance costs for 1H2026 of approximately THB13.3 million decreased by approximately THB5.7 million, compared to the same period last year. The decrease was mainly due to the decline in the interest expenses from bank loans by approximately THB3.5 million, and interest expenses from financial leases by approximately THB2.2 million, compared to the same period last year.

Net Loss

As a result of the above factors, the Group had a loss of approximately THB5.1 million for 1H2026, compared to a loss of approximately THB45.7 million for the same period last year.
