Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated Financial Statements

For the six months ended 30 June 2026

1. Basis of Preparation

This unaudited condensed consolidated financial statements of Deep Source Holdings Limited (formerly known as Theme International Holdings Limited) (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) have been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities (the “**Listing Rules**”) on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”), including compliance with Hong Kong Accounting Standard (“**HKAS**”) 34, “Interim financial reporting”, issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”).

These condensed consolidated financial statements should be read in conjunction with the 2025 annual financial statements. The accounting policies and methods of computation used in the preparation of these condensed consolidated financial statements are consistent with those used in the annual financial statements for the year ended 31 December 2025 as well as the accounting policies applied to the new transactions that occurred during the interim reporting period, as set out in Note 2.

The preparation of a condensed consolidated financial statements in conformity with HKAS 34 requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

This condensed consolidated financial statements contain condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2025 annual financial statements. The condensed consolidated financial statements and notes thereon do not include all of the information required for full set of financial statements prepared in accordance with HKFRS Accounting Standards.

The condensed consolidated interim financial statements are unaudited, but have been reviewed by the audit committee of the Company.

Condensed Consolidated Financial Statements

1. Basis of Preparation (Continued)

The condensed consolidated financial statements have been prepared on a going concern basis.

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments, which have been measured at fair values, as appropriate.

2. Changes in accounting policies and disclosures

(a) New and amended standards adopted by the Group

A number of new or amended standards and interpretation became applicable for the current reporting period. The adoption of these new standards and amendments did not have material impact on the Group's financial position or operating result and did not require retrospective adjustment.

	Effective for accounting periods beginning on or after
Amendments to HKFRS 7 and HKFRS 9 - Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
Amendments to HKFRS 7 and HKFRS 9 - Contracts referencing nature-dependent electricity	1 January 2026
Annual improvements to HKFRS - Annual improvements to HKFRS Accounting Standards – Volume 11	1 January 2026

The amendments listed above did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

Condensed Consolidated Financial Statements

2. Changes in accounting policies and disclosures (Continued)

(b) New and amended standards not yet adopted

The following new or amended accounting standards have been issued but are not effective for the financial year beginning on 1 January 2026 and have not been early adopted by the Group:

Standards and amendments	Effective for accounting periods beginning on or after
HKFRS 18 - Presentation and Disclosure in Financial Statements	1 January 2027
HKFRS 19 and its amendments - Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to HKAS 21 - Translation to hyperinflationary presentation currency	1 January 2027
Amendments to HKFRS 10 and HKAS 28 - Sale or contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

The Group has already commenced an assessment of the impact of these new and amended standards and has concluded on a preliminary basis that adoption of these new and amended standards, except for HKFRS 18, is not expected to have a significant impact on the financial performance and positions of the Group when they become effective.

HKFRS 18 will replace HKAS 1 Presentation of financial statements, introducing new requirements that will help to achieve comparability of the financial performance of similar entities and provide more relevant information and transparency to users. Even though HKFRS 18 will not impact the recognition or measurement of items in the financial statements, its impacts on presentation and disclosure are expected to be pervasive, in particular those related to the statement of financial performance and providing management-defined performance measures within the financial statements.

Condensed Consolidated Financial Statements

2. Changes in accounting policies and disclosures (Continued)

(b) New and amended standards not yet adopted (Continued)

Management is currently assessing the detailed implications of applying the new standard on the Group's consolidated financial statements. From the high-level preliminary assessment performed, the following potential impacts have been identified:

Although the adoption of HKFRS 18 will have no impact on the Group's net profit, the Group expects that grouping items of income and expenses in the statement of profit or loss into the new categories will impact how operating profit is calculated and reported.

The line items presented on the primary financial statements might change as a result of the application of the concept of 'useful structured summary' and the enhanced principles on aggregation and disaggregation.

The Group does not expect there to be a significant change in the information that is currently disclosed in the notes because the requirement to disclose material information remains unchanged; however, the way in which the information is grouped might change as a result of the aggregation/disaggregation principles. In addition, there will be significant new disclosures required for:

- management-defined performance measures;
- a break-down of the nature of expenses for line items presented by function in the operating category of the statement of profit or loss – this break-down is only required for certain nature expenses; and
- for the first annual period of application of HKFRS 18, a reconciliation for each line item in the statement of profit or loss between the restated amounts presented by applying HKFRS 18 and the amounts previously presented applying HKAS 1.

Condensed Consolidated Financial Statements

2. Changes in accounting policies and disclosures (Continued)

(c) Non-current assets (or disposal groups) held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and investment property that are carried at fair value and groups of contracts within the scope of HKFRS 17 Insurance Contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of derecognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the statement of financial position. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the statement of financial position.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit or loss.

5. Income Tax (Continued)

Hong Kong Profits Tax is calculated at 16.5% (2025: 16.5%) of the estimated assessable profits in respect of the Group's operating entities in Hong Kong for the year, except for one subsidiary of the Group which is a qualifying corporation under the two-tiered Profits Tax rate regime. For this subsidiary, the first HK\$2 million of assessable profits are taxed at 8.25% (2025: 8.25%) and the remaining assessable profits are taxed at 16.5%.

Singapore Corporate Income Tax is provided using the Singapore standard rate of income tax of 17% or the concession rate of 5% for the periods ended 30 June 2026 and 2025. With the Global Trader Programme ("GTP") incentive awarded to Deep Source Pte. Ltd., a wholly-owned subsidiary of the Company by the Inland Revenue Authority of Singapore with effect from 1 January 2017 and further revised in late 2019, certain qualified income generated during the periods ended 30 June 2026 and 2025 from the distribution and trading business of the Group has been charged at a tax concessionary rate of 5% since then. Any other income not qualified for the GTP incentive has been charged at the standard rate of 17% during the periods ended 30 June 2026 and 2025.

Besides, those VCC funds incorporated in Singapore are awarded by the Monetary Authority of Singapore as a Tax Exemption Scheme for Resident Funds with effect from 7 September 2020.

Save as those PRC incorporation categories as Small Low-Profit Business which enjoy tax cuts until end of 2025, the income tax provision in respect of operations in the PRC is calculated at 25% on the estimated assessable profits for the year based on existing legislation, interpretations and practices in respect thereof.

The Group has operations mainly in Singapore, PRC and Hong Kong. It is within the scope of the Organisation for Economic Co-operation and Development ("OECD") Pillar Two model rules. The Pillar Two model rules in Singapore and Hong Kong come into effect from 1 January 2025. The Group entities, except for those subsidiaries in Singapore and Hong Kong, apply the exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes.

The Group is subject to the global minimum top-up tax under the Pillar Two tax legislation effective from 1 January 2025. Under the legislation, the Group is liable to pay a top-up tax for the difference between their Global Anti-Base Erosion effective tax rate per jurisdiction and the 15% minimum rate. The top-up tax relates to the Group's operations in Hong Kong and Singapore, where the effective tax rate for entities was below 15% during the period ended 30 June 2026.

Other transactions with related parties (Continued)

Brokerage income and commission fee was received from related companies in the ordinary course of the Group's business of commodities and futures broking and derivatives dealing. It is inclusive of the brokerage and commission fees paid to the Group's service suppliers, which are the direct members of Singapore Exchange, Nasdaq Futures, ICE Futures US, New York Mercantile Exchange and London Metal Exchange. Commission rates are set at the same level as those normally offered to third party clients.

21. Fair Value Measurements

The carrying amounts of the Group's financial assets and financial liabilities as reflected in the condensed consolidated statement of financial position approximate their respective fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following disclosures of fair value measurements use a fair value hierarchy that categorises into three levels the inputs to valuation techniques used to measure fair value:

Level 1 inputs:	quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
Level 2 inputs:	inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3 inputs:	unobservable inputs for the asset or liability.

The Group's policy is to recognise transfers into and transfers out of any of the three levels as of the date of the event or change in circumstances that caused the transfer.

The Group's chief financial officer is responsible for the fair value measurements of assets and liabilities required for financial reporting purposes, including level 3 fair value measurements. The chief financial officer reports directly to the Board of Directors for these fair value measurements. Discussions of valuation processes and results are held between the chief financial officer and the Board of Directors at least twice a year.

For level 3 fair value measurements, the Group will normally engage external valuation experts with the recognised professional qualifications and recent experience to perform the valuations. The valuation methods currently adopt for these level 3 financial assets at fair value are:

Ltd., Guang Dian (Shanghai) International Trading Limited (光點 (上海) 國際貿易有限公司), Majulah Equity Partners Pte. Ltd. and Multi Excellence Portfolio VCC (the **"Target Group"**). The consideration shall be determined in accordance with the formula and adjustments set out in the SP Agreement and, for reference, is estimated to be approximately HK\$1,304 million (based on the Target Group's net asset value as at May 2026 to calculate the estimated tangible net asset value). Upon completion, the Target Group will cease to be subsidiaries of the Company and their financial results, assets and liabilities will no longer be consolidated into the consolidated financial statements of the Group. For details, please refer to the announcement of the Company dated 9 July 2026.

On 9 July 2026, the Company announced that the conditions precedent to completion under the sale and purchase agreement dated 26 August 2025 in relation to the acquisition of 60% equity interest in 安徽楚江恒創企業管理諮詢有限公司 had not been fulfilled. Accordingly, the sale and purchase agreement has lapsed and the acquisition will not proceed. The Board considers that the lapse of the sale and purchase agreement and the termination of the acquisition will not have any material adverse effect on the business, operations or financial position of the Group. For details, please refer to the announcement of the Company dated 9 July 2026.

Save as disclosed in Note 6 and disclosed as above, the Directors are not aware of any other significant events requiring disclosure that have taken place subsequent to 30 June 2026 and up to the date of this interim report.

24. Approval of Condensed Consolidated Financial Statements

The condensed consolidated financial statements were approved and authorised for issue by the Board of Directors on 31 August 2026.

Management Discussion and Analysis

Deep Source Holdings Limited (formerly known as Theme International Holdings Limited) (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) are principally engaged in (i) distribution, trading and processing of bulk commodities and related products in Hong Kong, Singapore and the PRC; and (ii) provision of securities and derivatives financial services, margin financing and fund management in Hong Kong and Singapore.

Financial and Business Review

Revenue, profit for the period and basic earnings per share of the Group for the six months period ended 30 June 2026 and 2025 are summarised as follows:

	Revenue from continuing operations		Profit for the period		Basic earnings per share	
	2026	2025	2026	2025	2026	2025
	HK\$'000	HK\$'000 (restated)	HK\$'000	HK\$'000		
From operations	14,963,871	10,011,548	513,415	369,906	HK2.58 cents	HK2.39 cents

The Group recorded a total revenue from continuing operations of approximately HK\$14,963,871,000 (2025: approximately HK\$10,011,548,000) for the six months period ended 30 June 2026 (the “**Interim Period**”) representing an increase of approximately 49% over the six months period ended 30 June 2025 (the “**Corresponding Period**”). Further analysis of the Group’s revenue from continuing operations in the Interim Period and Corresponding Period is as follows:

	Six months ended 30 June	
	2026 Revenue HK\$'000	2025 Revenue HK\$'000 (restated)
Iron Ore	11,968,938	5,951,531
Other commodities and processing income (Note)	2,571,429	3,785,585
Distribution, trading and processing	14,540,367	9,737,116
Financial Services	423,504	274,432
	14,963,871	10,011,548

Note: Other commodities mainly represent steel products, nickel ore and chrome ore, etc.

Management Discussion and Analysis

The distribution, trading and processing business contributed to the majority of the Group's revenue in the Interim Period. Iron ore trading represented the main commodity products of the distribution, trading and processing business. During the Interim Period, we also had other commodities trading such as chrome ore, nickel ore, and steel products. Revenue from the distribution, trading and processing business increased from approximately HK\$9,737,116,000 in the Corresponding Period to approximately HK\$14,540,367,000 in the Interim Period. The increase was mainly due to the increase in the trading volume of iron ore.

During the Interim Period, the Group recorded revenues from the provision of financial services from continuing operations of approximately HK\$423,504,000 (2025: approximately HK\$274,432,000). The increase in revenue during the Interim Period was due to the increase of the trading activities.

Gross profit from continuing operations of the Group increased from approximately HK\$235,826,000 in the Corresponding Period to approximately HK\$452,403,000 in the Interim Period, mainly due to stable development of the Group's existing distribution, trading and processing segment and financial services segment.

Other gains of approximately HK\$120,275,000 (2025: other gains of approximately HK\$41,215,000) were recorded during the Interim Period. Interest income on bank deposits totalling HK\$31,875,000 (2025: approximately HK\$28,334,000) was recorded during the Interim Period. Also, exchange gains amounted to approximately HK\$37,690,000 during the Interim Period. Besides, during the Interim Period, we recorded net realised gain on derivative instruments of approximately HK\$170,941,000, which was partly offset by loss on fair value changes of financial assets through profit or loss of approximately HK\$108,053,000 (2025: approximately HK\$13,405,000). Also, we recorded provision for impairment on inventories of approximately HK\$26,525,000 during the Interim Period.

Selling and distribution expenses of approximately HK\$45,573,000 (2025: approximately HK\$16,901,000) were incurred during the Interim Period, mainly attributable to the charges paid when importing cargoes into China.

Administrative expenses increased from approximately HK\$94,924,000 during the Corresponding Period to approximately HK\$132,242,000 in the Interim Period, mainly due to the increase in staff cost.

Finance costs of approximately HK\$16,662,000 (2025: approximately HK\$8,849,000) were incurred during the Interim Period for the factoring of the Group's trade receivables and for the settlement of interests arising from outstanding trust receipt loans.

Management Discussion and Analysis

Share of profits of associates totalling HK\$134,457,000 (2025: HK\$140,354,000) was recorded during the Interim Period. They mainly arose from the share of profits of associates named 連雲港恆鑫通礦業有限公司 (Lianyungang Hengxintong Mining Co., Ltd.*), Green Estee Pte. Ltd. and 山東能源集團榮暉國際貿易有限公司.

Income tax expense amounted to approximately HK\$72,745,000 in the Interim Period (2025: HK\$26,553,000). The rise was due to the increase in net profits.

Profits from discontinued operations amounted to HK\$73,502,000 during the Interim Period (2025: HK\$99,738,000).

The net profit for the Interim Period rose from around HK\$369,906,000 in the Corresponding Period to approximately HK\$513,415,000 in the Interim Period. The increase in net profit was primarily due to stable development of the Group's existing distribution, trading and processing segment and financial services segment. Net profit for the Interim Period attributable to shareholders of the Company rose from approximately HK\$321,849,000 in the Corresponding Period to approximately HK\$378,848,000 in the Interim Period.

The Group recorded a basic earnings per share of approximately HK2.58 cents in the Interim Period as compared to a basic earnings per share of approximately HK2.39 cents in the Corresponding Period.

Future Prospects

In 2026, while continuing to develop the financial services business and the distribution, trading and processing business, the Group will actively explore and evaluate potential development opportunities and gradually establish the direction of strategic transformation.

(i) Financial Services Business

The principal activities of the Company includes the provision of a wide range of financial services.

– Money Lending

The Group carried out money lending business in Hong Kong through Asia Develop Limited, a company incorporated in Hong Kong and a wholly-owned subsidiary of the Company, which has a money lender's licence in Hong Kong under the Money Lenders Ordinance (Chapter 163 of the Laws of Hong Kong).

Management Discussion and Analysis

Target customers include corporate customers in Hong Kong, with target loans mainly denominated in Hong Kong dollars for a period of one year in general but could be extended to mutual agreement. The loans are usually secured by collaterals or backed by guarantee.

– *Assets Management and Fund Management*

In December 2020, the Monetary Authority of Singapore approved the registration of a subsidiary of the Group as a Registered Fund Management Company. The subsidiary was subsequently transitioned to a Licensed Fund Management Company in July 2024. The Licensed Fund Management Company manages collective investment funds that focus on trading listed derivatives and other capital market products. Its investors comprise accredited investors, and the Company plans to expand its offerings by launching additional funds to further diversify investment opportunities. In 2025, the Securities and Futures Commission of Hong Kong has also granted to the Group licences to carry out Type 4 (advising on securities) and Type 9 (asset management) regulated activity under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

(ii) Distribution, Trading and Processing Business

In 2026, the market in China remained stable. The Group continues to focus on its development and expansion in Hong Kong, Singapore and China.

The Group is actively seeking merger and acquisition opportunities, with a strategic focus on the Chinese, Indonesian, Australian and Malaysian markets. This initiative is intended to steadily broaden our business footprint and enhance our resource portfolio. Please refer to our prior announcements for further information.

(iii) Others

Following the completion of the Company's name change in 2025, the Group has actively explored and evaluated potential development opportunities, and has progressively proposed and refined its development direction of focusing on the lithium value chain and areas related to artificial intelligence infrastructure for strategic transformation, based on its existing businesses and leveraging the controlling shareholder's global footprint and deep expertise in the resources and energy sectors.

Management Discussion and Analysis

Management believes that the lithium value chain is an important connection for the Group to extend from its traditional commodities business into the new energy sector. Since 2026, the Group has continued to promote the development of businesses related to the lithium value chain, advancing industrial layout and talent acquisition around segments such as spodumene ore, processing, lithium products and upstream resources, with a view to expanding the Group's presence across the entire lithium supply chain.

Management believes that the rapid development of the artificial intelligence industry is not only reshaping the global industrial order and the landscape of technological competition, but is also redefining the value of resources and energy. The Group possesses advantages in cross-border resource allocation, supply chain management and industrial cooperation, and, with the support of the controlling shareholder, has a solid foundation and development potential to further expand related businesses. The Group has commenced planning and implementation of relevant initiatives to support future business activities and subsequent business growth, and will make announcements in due course in accordance with applicable rules and relevant requirements.

Looking ahead to the second half of the year, the Group plans to further refine its strategic layout and operational framework to support future business expansion, thereby promoting the steady implementation of the Group's strategic transformation and creating long-term value for shareholders.

Fund Raising Activities

Issue of new shares under the General Mandate in June 2025

Management Discussion and Analysis

Suspected Breach of Fiduciary Duties and Misappropriation of Funds

As disclosed in the announcement of the Company dated 9 August 2024, the management of the Company has discovered and reported to the Board that a director (also acting as the chief executive officer) and certain employees of an indirect non-wholly owned subsidiary of the Company in Singapore (the “**SG Subsidiary**”), are suspected to have breached fiduciary duties and misappropriated certain funds of the SG Subsidiary (the “**Suspected Misappropriation**”), which is mainly engaged in trade facilitation services of physical gold and silver. The Company had made provisions of approximately HK\$167 million during the year ended 31 December 2024.

The Company has already reported the Suspected Misappropriation to the Singapore Police on 19 July 2024 and began legal proceedings against the suspected director, certain employees and certain counterparties. The suspected director and certain employees of the SG Subsidiary have been terminated from employment. The SG Subsidiary has been instructed to cease all operations pending conclusion of the case. The legal proceedings in relation to the Suspected Misappropriation are still on-going.

The Company places great importance on effective internal control systems, and is committed to preventing the re-occurrence of a similar issue. In light of the Suspected Misappropriation and to enhance the internal control of the Company, the Company has commissioned an internal control review of the SG Subsidiary by RSM SG Corporate Advisory Pte. Ltd. (“**RSM Advisory**”), the Singapore branch of a reputable global audit firm. The Company has considered the findings and has adopted and implemented the recommendations of RSM Advisory. For details, please refer to the section headed “(M) Key Findings of the Internal Control Review of the SG Subsidiary involved in the Suspected Misappropriation” of the Corporate Governance Report contained in the 2024 Annual Report of the Company.

In addition, the Board has commissioned professional experts to carry out investigation and forensic work for the purpose of clearly identifying and supporting the extent of loss to be recovered from the individuals and/or parties involved in the Suspected Misappropriation and confirming that the irregularities were confined to the SG subsidiary and the involved individuals. Investigation and Forensic Work have been completed. The Board would make all reasonable efforts to resolve this matter and recover funds. However, the legal proceedings in this connection are on-going and would not be completed in the near future.

To the best knowledge, information and belief of the Board, its assessment is that the Suspected Misappropriation did not impact the day-to-day operations of the Group and would not have a material adverse effect on its cash flow, financial position and business operations. The Company will make timely announcements to update the Shareholders and potential investors of the Company on this matter, in particular the result of the investigations and proceedings, as and when appropriate.

Ltd., Guang Dian (Shanghai) International Trading Limited (光點 (上海) 國際貿易有限公司), Majulah Equity Partners Pte. Ltd. and Multi Excellence Portfolio VCC (the "**Target Group**"). The consideration shall be determined in accordance with the formula and adjustments set out in the SP Agreement and, for reference, is estimated to be approximately HK\$1,304 million (based on the Target Group's net asset value as at May 2026 to calculate the estimated tangible net asset value). Upon completion, the Target Group will cease to be subsidiaries of the Company and their financial results, assets and liabilities will no longer be consolidated into the consolidated financial statements of the Group. For details, please refer to the announcement of the Company dated 9 July 2026.

Management Discussion and Analysis

On 9 July 2026, the Company announced that the conditions precedent to completion under the sale and purchase agreement dated 26 August 2025 in relation to the acquisition of 60% equity interest in 安徽楚江恒創企業管理諮詢有限公司 had not been fulfilled. Accordingly, the sale and purchase agreement has lapsed and the acquisition will not proceed. The Board considers that the lapse of the sale and purchase agreement and the termination of the acquisition will not have any material adverse effect on the business, operations or financial position of the Group. For details, please refer to the announcement of the Company dated 9 July 2026.

Apart from that, the Directors are not aware of any other significant events requiring disclosure that have taken place subsequent to 30 June 2026 and up to the date of this interim report.

Charges in Assets

Save for the restricted deposits of approximately HK\$659,490,000 (31 December 2025: approximately HK\$725,462,000) and property, plant and equipment of approximately HK\$137,178,000 (31 December 2025: Nil), which were mainly restricted for securing bills payables and banking facilities granted to the Group, none of the Group's assets was charged or subject to encumbrance as at 30 June 2026.

Contingent Liabilities

As at 30 June 2026, the Group had no material contingent liabilities.

Material Acquisitions and Disposals

On 24 April 2026, the Company entered into a share purchase agreement with Tibet Summit Resources Hongkong Limited as seller, pursuant to which the Company has agreed to acquire, and the seller has agreed to sell, 100% of the issued share capital in Tortuga de Oro S.A. for a total consideration of US\$70 million, equivalent to approximately HK\$546 million. For details, please refer to the announcement of the Company dated 27 April 2026.

Apart from that, during the period ended 30 June 2026, there was no material acquisition or disposal of subsidiaries, associates and joint ventures, which requires disclosures under the Listing Rules.

Share Capital

Details of movements in the share capital of the Company during the period ended 30 June 2026 are set out in note 19 to the condensed consolidated financial statements.

Management Discussion and Analysis

Reserves

Details of the movements in reserves of the Group during the period are set out in the condensed consolidated statement of changes in equity on page 10 of this interim report.

Principal Risks and Uncertainties

Commodities price risk

The Group's revenue and profit for the period were affected by fluctuations in the commodities price as our goods are sold at the market prices and such fluctuation is beyond our control. The considerable fluctuation of commodities price would lead to the Group's instability in operating results, especially in the event of a significant drop in commodities price which would have an adverse impact to the Group's operating results.

Exposure to fluctuation in exchange rates

The Group conducts its distribution and trading business in United States Dollars ("US\$") and Renminbi ("RMB"). Foreign currency exposure to US\$ is minimal, as the Hong Kong Dollars ("HK\$") is pegged to the US\$. The Group is exposed to fluctuation of transactions denominated in RMB. The Group monitors its exposure to foreign currency exchange risk on an ongoing basis.

Counterparty credit and performance risk

The Group continuously monitors the credit quality of our counterparties and seeks to reduce the risk of customer non-performance by requiring credit support from creditworthy financial institutions including making extensive use of credit enhancement products, such as letter of credit.

Interest rate risk

The Group is exposed to various risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its assets and liabilities and cash flows. Floating rate debt which is predominantly used to fund fast turning working capital is primarily based on US\$ SOFR plus an appropriate premium. Accordingly, prevailing market interest rates are continuously factored into transactional pricing and terms.

Management Discussion and Analysis

Legal, regulatory and compliance risk

Legal, regulatory and compliance risk includes the risk of legal or regulatory sanctions, material financial loss including fines, penalties, judgments, damages and/or settlements, or loss to reputation the Group may suffer as a result of our failure to comply with laws, regulations, rules, related self-regulatory organisation standards and codes of conduct applicable to our business activities. This risk also includes contractual and commercial risk such as the risk that a counterparty's performance obligations will be unenforceable. In today's environment of rapid and possibly transformational regulatory change, the Group also view regulatory change as a component of legal, regulatory and compliance risk.

The financial services industry is subject to extensive regulation, which is undergoing major changes that will impact our business.

The Group oversees potential compliance risks, such as insider dealing, money laundering, on a regular basis. With the support of external professional advisers where appropriate, the Group monitors whether and the extent to which additional regulatory requirements apply as a result of the growth or expansion of our operations in financial services business.

Like other major financial services firms, the Group is subject to extensive regulations, which significantly affect the way the Group do business and can restrict the scope of our existing businesses and limit our ability to expand our product offerings and pursue certain investments. The Group is and will continue to be subject to a more complex regulatory framework, and will incur costs to comply with new requirements as well as to monitor for compliance in the future.

Price risk

The Group's financial assets at fair value through profit or loss and derivative instruments are measured at fair value at the end of reporting period. Therefore, the Group is exposed to equity security and forward contract price risk. The Group manages this exposure by maintaining a portfolio of investments with different risk profiles.
