OTHERS/ADDITIONAL INFORMATION

Additional Special Bonus

Taking into consideration the contributions made by CICCHKS to the success of the Global Offering, in addition to the underwriting commission and incentive fee disclosed in the section headed “Underwriting — Underwriting Arrangements and Expenses — The International Offering — Total Commission and Expenses” in the Prospectus, the Company agrees to pay an additional incentive fee of HK\$6 million (the “**Special Bonus**”) to CICCHKS upon the Listing. Taking into account the Special Bonus, based on the Offer Price of HK\$58.85, assuming no exercise of the Over-allotment Option, the total estimated listing expenses in relation to the Global Offering will be approximately HK\$72.6 million. The Company proposed the Additional Special Bonus on September 23, 2026 and it was not discussed between the Company and CICCHKS prior to September 23, 2026.

The Company and the Joint Sponsors are of view that the adjustments to the listing expenses and use of proceeds as a result of the Special Bonus are not material to the business operations, financial positions and prospect of the Company, and that the Special Bonus arrangement does not constitute a significant change or a significant new matter for the purposes of Rule 11.13 of the Listing Rules, for the following reasons: (i) changes of amount of the net proceeds to be used for each purpose disclosed in the Prospectus are less than 10%; (ii) the Company will continue to have sufficient funding for each intended purpose disclosed in the Prospectus with its available financial resources; and (iii) the intended purposes and proportional allocations of the net proceeds will remain unchanged, details of which are as follows:

Taking into account the Special Bonus, assuming the Over-allotment Option is not exercised, based on the Offer Price of HK\$58.85, the net proceeds from the Global Offering to be received by the Company, after deduction of the underwriting commissions, fees and estimated expenses payable by the Company in connection with the Global Offering, are estimated to be approximately HK\$609.4 million. The Company intends to use the net proceeds for the following purposes:

- approximately HK\$396.1 million (representing 65.0% of the net proceeds) will be allocated to enhance the Company’s R&D capabilities to strengthen its core technologies and the research and development of sensor products;
- approximately HK\$152.4 million (representing 25.0% of the net proceeds) will be allocated to enhance its manufacturing capabilities; and
- approximately HK\$60.9 million (representing 10.0% of the net proceeds) will be used for its working capital and general corporate purposes.

Allocation of H Shares to Existing Minority Shareholder(s) and their close associate(s)

- (i) the Relevant Existing Shareholder holds less than 5% of the total voting rights in the Company prior to the completion of the Global Offering;
- (ii) the Relevant Existing Shareholder is not, and will not be, a core connected person of the Company or any close associate of any such core connected person immediately prior to or following the Global Offering;
- (iii) the Relevant Existing Shareholder does not have the power to appoint any Directors nor have any other special rights in the Company;
- (iv) allocation to such Relevant Existing Shareholder or her close associate will not affect the Company’s ability to satisfy the public float requirement under Rule 8.08(1) (as amended and replaced by Rule 19A.13A) of the Listing Rules;
- (v) no preferential treatment has been, nor will be, given to the Relevant Existing Shareholder or the Relevant Placee by virtue of their relationship with the Company in any allocation in the International Offering; and
- (vi) the relevant information in respect of the allocation to the Relevant Existing Shareholder and/or her close associate will be disclosed in this announcement.
