**VOLUNTARY ANNOUNCEMENT
SEPTEMBER 2026 DELIVERY UPDATE**

This is a voluntary announcement made by VOYAH Automotive Technology Co., Ltd. (the “**Company**” or “**VOYAH**”).

The Company delivered 13,025 vehicles in September 2026. The Company’s year-to-date deliveries reached 115,481, an increase of 19% year-on-year.

On September 22, 2026, Dream 9, the Company’s premium flagship MPV model, was officially launched. As the Company’s core product for the RMB500,000 premium MPV segment, the Dream 9 embodies the Company’s technological expertise accumulated from long-term dedicated development in the premium new energy MPV segment. It is equipped with a full-domain Level 3 architecture, a full-domain 800V high-voltage platform and the Tiger Crouch Chassis P package. Supported by a full suite of advanced features, all-dimensional safety protection and a quiet and comfortable cabin, the vehicle will further consolidate the Company’s leading position in the premium new energy segment.

Recently, the Ministry of Industry and Information Technology of the People’s Republic of China (the “**MIIT**”) announced the list of the first batch of entities selected for the National Emerging Industry Development Demonstration Base initiative. As a national-level industry cultivation initiative spearheaded by the MIIT, the programme selects industrial parks and leading enterprises with prominent industrial cluster advantages and outstanding collaborative innovation capabilities in fields including new-generation information technology and new energy industries. The Company has been successfully selected as one of the first batch of national leading enterprises in the intelligent connected new energy vehicle sector, which fully demonstrates the Company’s systematic innovation strength and profound industry accumulation in the intelligent connected new energy vehicle field.
