Contel Technology Company Limited

康特隆科技有限公司

(incorporated in the Cayman Islands with limited liability)

(Stock Code: 1912)

MONTHLY UPDATE ON THE STATUS OF PUBLIC FLOAT

Reference is made to (i) the composite offer and response document dated 21 August 2026 (the “**Composite Document**”) jointly issued by Zhuangyan Investment International Limited (the “**Offeror**”) and Contel Technology Company Limited (the “**Company**”) in relation to the Offer; (ii) the announcement dated 11 September 2026 jointly issued by the Offeror and the Company in relation to, among other things, the results of the Offer and the public float of the Company (the “**Closing Announcement**”); and (iii) the announcement dated 23 September 2026 (the “**Grant of Waiver Announcement**”) issued by the Company in relation to, among other things, the grant of waiver from strict compliance with the minimum public float requirement. Unless otherwise defined, capitalised terms used herein shall have the same meaning as those defined in the Composite Document.

CURRENT PUBLIC FLOAT OF THE COMPANY

To the best of the knowledge, information and belief of the Directors, as at the date of this announcement, an aggregate of 109,129,738 Shares, representing approximately 23.66% of the total issued share capital of the Company as at the date of this announcement, are held by the public (as defined under the Listing Rules). Accordingly, the public float of the Company remains below the minimum public float requirement of 25% as set out in Rule 13.32B of the Listing Rules.

UPDATE ON THE STATUS OF THE PUBLIC FLOAT RESTORATION PLAN

The Offeror has not disposed of any Shares since the date of the Closing Announcement, but has been actively monitoring the trading pattern and market price of the Shares to determine an appropriate disposal strategy. The Offeror will continue to take the actions as disclosed in the Grant of Waiver Announcement to restore the public float of the Company, namely seeking to sell Shares through open market and where necessary, placing down Shares through a placing agent. The Company currently expects to restore its public float and re-comply with Rule 13.32B of the Listing Rules by 6 November 2026.

For so long as the Company remains non-compliant with Rule 13.32B of the Listing Rules, the Company will comply with the relevant disclosure requirements under the Listing Rules and refrain from taking any action which may further lower the percentage of its public float, unless the Company can demonstrate that there are exceptional circumstances.
