INVESTMENT IN XIHE SUPERCONDUCTING

China Merchants China Direct Investments Limited (the “**Company**”) announces that Shenzhen Tian Zheng Investment Co., Ltd. (“**Tian Zheng**”), a wholly-owned subsidiary of the Company, entered into a share purchase agreement and other relevant agreements all dated 31 August 2026 in relation to HeFei XiHe Superconducting Technology Co., Ltd.* (合肥曦合超导科技股份有限公司) (“**XiHe Superconducting**”), pursuant to which Tian Zheng agreed to contribute capital of RMB 45 million to XiHe Superconducting in its Series C funding. Tian Zheng completed this capital contribution on 24 September 2026.

Information on XiHe Superconducting

XiHe Superconducting was established in June 2022. With a complete technical and equipment foundation and a team of talents of high-calibre, XiHe Superconducting is a high-tech enterprise dedicated to the research and development, manufacturing and sales of superconducting and cryogenic equipment for laboratory, industrial and special-application uses. The products and services of XiHe Superconducting cover fields including controlled nuclear fusion, scientific research high magnetic fields, photovoltaic semiconductors, superconducting magnetic separation and high-end medical applications.

Reasons for and Benefits of Investing in XiHe Superconducting

The development and application of superconducting technology is of significant value to the national economy, scientific experiments and healthcare. Such technology which XiHe Superconducting focuses on is a forward-looking high technology of major economic and strategic importance in the 21st century, with broad application prospects in energy strategy, people’s livelihood, basic science and frontier research.

The Company believes that the investment in XiHe Superconducting will further enrich the Company's information technology portfolio, and can further optimize the Company's investment portfolio.
