VOLUNTARY ANNOUNCEMENT

ZHONGHE HEADWAY'S 50mg UREA ¹³C BREATH TEST KIT HAS OBTAINED THE DRUG REGISTRATION CERTIFICATE

This announcement is made by China Isotope & Radiation Corporation ("**CIRC**" or the "**Company**") on a voluntary basis to keep the shareholders and potential investors informed of the latest business development of the Company.

The Board of the Company is pleased to announce that, recently, the 50mg Urea ¹³C powder breath test kit (the "**Product**") independently developed by Shenzhen Zhonghe Headway Bio-Sci & Tech Co., Ltd. (深圳市中核海得威生物科技有限公司) ("**Zhonghe Headway**"), a subsidiary of CIRC, has obtained the Drug Registration Certificate issued by the National Medical Products Administration. The Product is used for the diagnosis of gastric *Helicobacter pylori* infection, and is the first generic drug of the same variety approved in the PRC since the implementation of the new drug registration regulations in 2017.

Upon approval, the Product forms a product matrix featuring two dosage forms and two specifications together with Zhonghe Headway's existing 75mg Urea ¹³C breath test kit. The two products complement each other in terms of dosage form and specification, providing more flexible medication choices for clinical application. Currently, Zhonghe Headway is making every effort to advance the GMP compliance inspection. It is expected that the Product will be put into production and launched on the market in December 2026.

By Order of the Board
China Isotope & Radiation Corporation
Chairman
Xiao Yafei

Beijing, the PRC, 9 October 2026

As at the date of this announcement, the Board comprises Mr. Xiao Yafei and Ms. Huo Yingying as executive Directors; Mr. Chen Zan, Mr. Ding Jianmin, Mr. Zhang Guoliang and Ms. Chang Jinyu as non-executive Directors; and Mr. Poon Chiu Kwok, Ms. Chen Jingshan, Mr. Lu Chuang and Mr. An Rui as independent non-executive Directors.
