廣州廣合科技股份有限公司

(A joint stock company incorporated in the People's Republic of China with limited liability)

(Stock code: 1989)

ANNOUNCEMENT ON ESTIMATED RESULTS FOR THE FIRST THREE QUARTERS OF 2026

This announcement is made by Delton Technology (Guangzhou) Inc. (the “**Company**”, together with its subsidiaries, collectively referred to as the “**Group**”) pursuant to the Inside Information Provisions (as defined under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”)) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) and Rule 13.09 and Rule 13.10B of the Listing Rules.

The Company and all members of the Board warrant that the information disclosed is true, accurate and complete and contains no false statements, misleading representations or material omissions.

I. ESTIMATED RESULTS FOR THE CURRENT PERIOD

1. Period covered by the results forecast: From January 1, 2026 to September 30, 2026
2. Estimated results: The net profit is expected to be positive and to show an upward trend

II. COMMUNICATION WITH THE ACCOUNTING FIRM

The relevant data contained in this results forecast are preliminary estimates made by the finance department of the Company and have not been audited by the accounting firm. The Company has conducted preliminary communication with the accounting firm regarding matters relating to the results forecast, and there are no material differences between both parties.

III. EXPLANATION OF REASONS FOR CHANGES IN RESULTS

1. During the reporting period, the Company seized the market opportunities arising from the significant increase in demand for computing power hardware, closely followed the “computing power” main line, and firmly focused on the computing power PCB market, including general-purpose servers, AI servers, switching products, and accelerator cards. Driven by technological innovation, it optimized its product structure, and through digitalization promoted production and efficiency improvements, resulting in a steady increase in operating performance;

2. The Company's overseas factory, Thailand Delton, completed the audit and certification of core customers as originally planned. With the certification and product introduction of key customers, as well as the gradual release of production capacity, it became the second engine driving the growth of the Company's computing power product sales and achieved profitability during the reporting period;
3. During the reporting period, Delton Precision Circuits (Huangshi) Inc. (黃石廣合精密電路有限公司), a wholly-owned subsidiary of the Company, continued to promote cost control, adjust its product structure, and improve production and efficiency, resulting in a year-on-year increase in profitability.

IV. OTHER RELEVANT INFORMATION

This results forecast is based on preliminary estimates made by the finance department of the Company. The specific financial data shall be subject to the report for the first three quarters of 2026 to be disclosed by the Company. Investors are advised to make prudent decisions and pay attention to investment risks.
