- Notes:
1. "Reporting Period" refers to the period from January to September 2026, and the same applies hereinafter.
 2. The above data are based on the consolidated financial statements of the Company.

II. Details of Operating Results and Financial Position

1. Details of Operating Results

During the Reporting Period, the Company achieved operating revenue of RMB7,840.9479 million, representing a year-on-year increase of 100.90%, and net profit attributable to shareholders of the listed company of RMB1,544.1246 million, representing a year-on-year increase of 214.03%. This was primarily attributable to the significant growth in demand for high-end AI PCBs, including high-layer HDI boards for computing and switching units of next-generation rack servers, N+N structured high-layer boards, and mSAP-type substrate-like PCBs for 800G and 1.6T high-speed optical modules. Driven by both demand growth and technological advancement, downstream PCB enterprises continued to increase their capital expenditure. The Company seized the market opportunity arising from downstream customers' capacity expansion and upgrades, achieving substantial growth in orders across its entire product portfolio.

2. Details of Financial Position

The Company maintained stable operations and a sound overall financial position. As of the end of the Reporting Period, the Company's total assets amounted to RMB19,237.8564 million, representing an increase of 81.23% compared with the beginning of the Reporting Period. The increase was primarily due to the completion of the Company's initial public offering of H shares and the receipt of proceeds during the Reporting Period, together with the substantial expansion of production and sales, which drove an increase in operating assets such as trade receivables and inventories. Owners' equity attributable to shareholders of the

listed company amounted to RMB12,397.1650 million, representing an increase of 104.21% compared with the beginning of the Reporting Period, primarily due to the substantial growth in profit and the increase in share capital and capital reserve arising from the issuance of H shares during the Reporting Period.

III. Other Information

This preliminary results announcement is based on the preliminary estimation by the Company's finance department, prepared in accordance with the China Accounting Standards for Business Enterprises and has not been audited by an accounting firm. It may differ from the final data to be disclosed in the Company's 2026 third quarterly report. The Company will disclose the final financial data in detail in its 2026 third quarterly report. Investors are advised to exercise caution in making decisions and to be aware of investment risks.
