Inside Information

Announcement in relation to Unaudited Financial Information and Operational Performance for the Nine Months Ended 30 September 2026

This announcement is made by Zijin Gold International Company Limited (the “Company”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

The board of directors (the “Board of Directors”) of the Company is pleased to announce the unaudited financial information and operational performance of the Company and its subsidiaries (collectively, the “Group”) for the nine months ended 30 September 2026 (the “Reporting Period”) as follows:

Overview of operations

During the nine months ended 30 September 2026, the Group produced an aggregate of approximately 41 tonnes of mined gold, representing a year-on-year increase of approximately 28%, while its revenue, profit attributable to owners of the parent and net cash flows from operating activities increased by approximately 70%, 123% and 157%, respectively, fully demonstrating the continuous enhancement of the Group’s effectiveness in resource integration and refined operational management, the stable operations of mature mines and the synergies arising from the integration of newly acquired mines.

During the Reporting Period, the overall production and operations of the Group's eight controlled mines in production remained steady. In the third quarter of 2026, certain mines recorded a slightly lower production pace due to phase-specific factors such as equipment maintenance and changes in geological conditions. The Group proactively advanced a series of upgrades and equipment improvement initiatives aimed at strengthening its long-term production capacity during the third quarter, including the repair of the hollow shaft of the ball mill at the Paddington Mill of Norton Gold Fields, open-pit mine slope management at Aurora, supplementary exploration and boundary expansion at Jilau and Taror of Zeravshan and the addition of mining and stripping equipment at Raygorodok, which are expected to lay a solid foundation for the release of production capacity in the fourth quarter of 2026 and in 2027.

Unaudited financial information for the nine months ended 30 September 2026 prepared in accordance with the International Financial Reporting Standards

The major accounting information and financial indicators of the Group for the nine months ended 30 September 2026 are set out below:

Unit: US\$'000			
Item	January to September 2026	January to September 2025	Change
Revenue	5,808,751	3,414,977	70%
Profit before tax	3,300,074	1,515,038	118%
Profit for the period	2,306,109	1,095,408	111%
Profit for the period attributable to owners of the parent	2,014,651	905,082	123%
Net cash flows from operating activities	2,777,867	1,081,149	157%
All-in sustaining cost (AISC)	US\$1,649/oz	US\$1,574/oz	5%
	As at 30 September 2026	As at 31 December 2025	Change
Total assets	13,861,307	12,567,477	10%
Equity attributable to owners of the parent	9,432,861	8,374,465	13%
Net current assets	4,110,157	3,864,888	6%
Debt-to-asset ratio	27.5%	29.2%	-1.7 percentage points

All-in sustaining cost (AISC)

During the Reporting Period, the Group's all-in sustaining cost (AISC) was US\$1,649/oz, continuing to maintain an advanced position in the global gold industry. The year-on-year change was mainly attributable to: (1) higher royalties arising from the substantial increase in gold prices, as royalties are calculated based on gold prices; and (2) higher market prices of certain raw and auxiliary materials.

Business outlook for the fourth quarter of 2026

In the fourth quarter of 2026, the Group will continue to increase mined gold production at its mines, improve recovery rates and focus on cost control, further advance a number of mine upgrades and expansion projects, intensify exploration efforts, strengthen corporate governance and enhance ESG management, thereby creating favourable conditions for the Group's long-term and sustainable development.

The above unaudited financial information and operational performance for the nine months ended 30 September 2026 are based on the Company's records and management accounts, which have not been audited or reviewed by the Company's auditor, and may be subject to adjustment and final confirmation. The above data are provided for investors' reference only.

Investors and shareholders are advised by the Board of Directors to exercise caution when dealing in the securities of the Company.
