VOLUNTARY ANNOUNCEMENT — BUSINESS UPDATE

This announcement is made by Trigiant Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

Based on the information available from the monthly report of the board (the "**Board**") of directors of the Company:

(1) the unaudited revenue of the Group for the nine months ended 30 September 2026 (the "**First Nine Months of 2026**") was approximately RMB2,647.9 million, representing a year-on-year increase of 41.3% as compared to the unaudited revenue of approximately RMB1,874.4 million for the nine months ended 30 September 2025 (the "**First Nine Months of 2025**");

(2) the unaudited gross profit of the Group for the First Nine Months of 2026 was approximately RMB412.9 million, representing a year-on-year increase of 99.4% as compared to the unaudited gross profit of approximately RMB207.0 million for the First Nine Months of 2025;

(3) the unaudited revenue of the Group for the three months ended 30 September 2026 (the "**Third Quarter of 2026**") was approximately RMB897.4 million, representing a year-on-year increase of 40.5% as compared to the unaudited revenue of approximately RMB638.8 million for the three months ended 30 September 2025 (the "**Third Quarter of 2025**"); and

(4) the unaudited gross profit of the Group for the Third Quarter of 2026 was approximately RMB146.5 million, representing a year-on-year increase of 117.6% as compared to the unaudited gross profit of approximately RMB67.3 million for the Third Quarter of 2025.

The outstanding performance in both revenue and gross profit of the Company for the First Nine Months of 2026 was primarily driven by the robust and rapid growth of the Group's traditional core products, which was propelled by the investment boom in global Artificial Intelligence Data Centers ("**AIDC**"). With orders being successively confirmed in the fourth quarter of this year, we look forward to the momentum of rapid growth in revenue and gross profit from our core business to continue.

The Group completed the process of acquiring Qinghai Trigiant Optical Fibre Technology Co., Ltd.* ("**Qinghai Trigiant**") in late September, and Qinghai Trigiant has become an indirect wholly-owned subsidiary of the Company. Its financial results have begun to be consolidated into the financial statements of the Group, which will serve as a vital growth engine for the Group's business in the next quarter and beyond. Prior to the optimization, the potential of the aggregate annual production capacity of 400 tonnes of optical preforms from Phases I and II of Qinghai Trigiant had not been fully unleashed. The Company has completed the integration of its procurement and sales systems this month, substantially optimizing its operational mechanism, and we look forward to having the optimized procurement and sales systems further enhance the overall performance of Qinghai Trigiant. On the other hand, the Company will accelerate the enhancement of its optical fibre drawing production capacity to expand profit margins across all segments of the industrial chain. In addition to the sales of optical preforms and optical fibres, the Company is also committed to promoting the "Trigiant Optical Fibres and Cables" brand in the future to enhance the overall gross profit margin.

Qinghai Trigiant continues to advance the commissioning of Phase III annual production capacity of 600 tonnes of optical preforms as soon as practicable, actively laying out specialty optical fibres (G657A2, multi-mode fibres, polarization-maintaining fibres) and developing the downstream industrial chain of Multi-fibre Push On ("**MPO**") connectors. In response to the market's high visibility, high certainty, and high-growth expectations for industry development, the Group will make every endeavor to seize such opportunities. The Group will strive to achieve full-capacity production of an annual optical preform capacity of 1,000 tonnes, and steadily advance toward the goal of completing a full industrial chain layout.

The information contained in this announcement is based solely on the preliminary assessment by the Board and other currently available information, and is subject to adjustment or alteration. The annual results of the Group will be disclosed in the annual

results announcement of the Company for the year 2026, which is expected to be published in late March 2027. Shareholders and potential investors of the Company are advised to read the relevant information carefully when it is published.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.

On behalf of the Board
Trigiant Group Limited
Qian Lirong
Chairman

29 October 2026

As at the date of this announcement, the Board comprises the following members:

Executive Directors:	Mr. Qian Lirong *(Chairman and Group chief executive officer)* Mr. Qian Chenhui
Non-executive Director:	Mr. Wang Hui
Independent non-executive Directors:	Professor Jin Xiaofeng Mr. Zhao Huanqi Ms. Yau Wai
