VOLUNTARY ANNOUNCEMENT
REGARDING THE INVESTMENT IN GENROBOT.AI

This announcement is made by Shoucheng Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

The board of directors of the Company is pleased to announce that recently, the fund managed by a wholly-owned subsidiary of the Company under Shoucheng Capital of the Group, has invested in GenRobot.AI Co., Ltd. * (簡智新創(北京)機器人科技有限公司, "**GenRobot.AI**"). This investment will empower the investee company in the research and development, iteration and upgrading of its core technologies, jointly build a global physical AI technology ecosystem based on open-source mechanisms, and accelerate its commercialisation process.

GenRobot.AI is a data and evaluation infrastructure company focused on physical AI models. It has built a closed-loop business covering large-scale human skill data collection, data foundation model training and processing, as well as real-robot cluster evaluation and verification, providing underlying support for the training, evaluation and scenario implementation of physical AI models. This investment will inject strong growth momentum into GenRobot.AI's key areas, including data model iteration and evaluation closed loops. It will continue to strengthen connectivity and win-win collaboration within the global physical AI technology ecosystem via open source, and strive to drive productivity leaps.

Looking ahead, the Group will continue to increase its investment layout in cutting-edge technologies unwaveringly and deepen strategic cooperation with high- quality enterprises in niche sectors. Through capital empowerment and industrial synergy, it will expand its strategic position layout around the key elements of high-quality data required for the development of physical AI, drive coordinated development across the upstream and downstream of the industrial chain, and lay a solid foundation for the large-scale commercial application of the robotics industry.
