## INSIDE INFORMATION
## DECREASE IN REVENUE AND LOSS ATTRIBUTABLE TO SHAREHOLDERS

This announcement is made by OneForce Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, the Laws of Hong Kong).

The board (the "**Board**") of directors (the "**Director(s)**") of the Company would like to inform the shareholders of the Company (the "**Shareholders**") and potential investors that based on the information currently available to the Board and the unaudited consolidated management accounts of the Group for the six months ended 30 September 2026 (the "**Reporting Period**"), the Group is expected to record a revenue in the range of approximately RMB90 million to RMB93 million, as compared to the revenue of approximately RMB130 million for the six months ended 30 September 2025 (the "**Corresponding Period**"). The Group is expected to record loss attributable to Shareholders for the Reporting Period in the range of approximately RMB54 million to RMB57 million, as compared to the loss attributable to Shareholders for the Corresponding Period of approximately RMB71 million. The main reasons for the decrease in revenue and decrease in loss attributable to Shareholders for the Reporting Period are as follows:

The decrease in revenue was mainly due to a reduction in the number of projects during the Reporting Period. To strengthen cash flow management, the Group has particularly reduced projects with longer payment cycles.

The decrease in loss attributable to Shareholders for the Reporting Period resulted from: (i) costs and expenses decreased correspondingly with the decrease in revenue; and (ii) a decrease in bad debt allowances from overdue receivables compared to the Corresponding Period.

Despite the loss attributable to Shareholders during the Reporting Period, the Board is optimistic about the performance of the Group going forward. The Group will prioritize accelerating progress billings and collection of trade receivables, reducing operation expenses, and maintaining active participation in bidding, to enhance operational efficiency and seize the development opportunities of energy internet and new infrastructure in the Chinese Mainland in order to create greater value for the Shareholders.

The Company is in the process of finalising the interim results of the Group for the Reporting Period. The information contained in this announcement is based only on the preliminary assessment by the Board regarding the information currently available, and is not based on any figures or information which has been audited or reviewed by the Company's auditors or reviewed by the audit committee of the Board, and may be subject to adjustments and changes. Therefore, the actual results of the Group for the Reporting Period may differ from the information contained in this announcement.
