COMPUTIME GROUP LIMITED
金寶通集團有限公司*

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 320)

PROFIT WARNING

This announcement is issued by Computime Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2) of The Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors (the "**Board**") of the Company wishes to inform the shareholders of the Company (the "**Shareholders**") and potential investors that based on the preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 September 2026 (the "**First Half of FY26/27**"), the Group is expected to record a net loss attributable to owners of the Company in the range of approximately HK$45.0 million to HK$55.0 million for the First Half of FY26/27, as compared with a net profit attributable to owners of the Company of approximately HK$3.9 million for the six months ended 30 September 2025.

The turnaround from net profit to net loss was mainly attributable to the combined effects of (i) a cumulative surge in the prices of key raw materials, compounded by higher operating costs arising from the appreciation of local currencies at the Group's major manufacturing locations against the United States dollar, which together compressed the Group's gross profit margin as these cost increases were not fully reflected in customer pricing due to the timing of pricing adjustments and competitive conditions; and (ii) operating costs associated with the ramp-up of manufacturing operations in Mexico, which were incurred throughout the First Half of FY26/27, compared with only part of the corresponding period last year. The

Group is continuing to pursue appropriate customer pricing adjustments, taking into account market conditions, contractual arrangements and customer negotiations, while optimising its supply chain and cost structure to enhance operational efficiency.

The announcement is made solely based on the preliminary assessment of the Board after reviewing the unaudited consolidated management accounts of the Group for the First Half of FY26/27, which are still in the process of being finalised and which have not been reviewed or audited by the Company's auditors. Further details of the Company's financial performance will be provided in the announcement for the interims results of the Group for the First Half of FY26/27, which is expected to be published in late November 2026.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
Computime Group Limited
