IMPLICATIONS UNDER THE LISTING RULES

As the highest applicable percentage ratio (as defined in the Listing Rules) in respect of the Sale and Leaseback Arrangement exceeds 25% but is less than 100%, the Sale and Leaseback Arrangement constitutes a major transaction of the Company and is subject to the notification, announcement, circular and Shareholders' approval requirements under Chapter 14 of the Listing Rules.

To the best of the knowledge, information and belief of the Directors, having made all reasonable enquiries, no Shareholder or any of his/her/its close associate(s) (as defined in the Listing Rules) has a material interest in Sale and Leaseback Arrangement. Thus, no Shareholder is required to abstain from voting if the Company were to convene a general meeting to approve the Sale and Leaseback Arrangement. In light of the foregoing, written Shareholders' approval may be accepted in lieu of holding a general meeting pursuant to Rule 14.44 of the Listing Rules. The Company has obtained written Shareholder's approval in respect of the Sale and Leaseback Arrangement from China Chengtong Hong Kong Company Limited, which is a controlling shareholder (as defined in the Listing Rules) of the Company holding 3,169,656,217 issued shares of the Company, representing approximately 53.14% of the issued share capital of the Company as at the date of this announcement. A circular containing, among other things, (i) information on the Sale and Leaseback Arrangement; and (ii) other information required under the Listing Rules will be despatched to the Shareholders on or before 4 December 2026, which is within 15 business days after the publication of this announcement.

SALE AND LEASEBACK ARRANGEMENT

Date of the Sale and Leaseback Agreements

13 November 2026

Parties

Lessor: Chengtong Financial Leasing

Lessee: The Lessee

To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, and based on the information publicly available as of the date of this announcement, (i) the Lessee is directly wholly-owned by the Guarantor; (ii) the Lessee and its ultimate beneficial owner (other than CCHG) are Independent Third Parties; and (iii) the Lessee is principally engaged in the business of solar power generation, power supply, etc.

Subject matter

Subject to the fulfilment of the conditions as set out in the Sale and Leaseback Agreements (including but not limited to the provision of all necessary documents or information by the Lessee evidencing its ownership in the Leased Assets, and the obtaining of all necessary approvals by the Lessee in relation to the Sale and Leaseback Arrangement), Chengtong Financial Leasing will purchase the Leased Assets from the Lessee at the Purchase Price of RMB400 million (equivalent to approximately HK$464 million), and will lease the Leased Assets back to the Lessee for a period of five (5) years from the date on which the Purchase Price is paid by Chengtong Financial Leasing in respect of the Leased Assets, subject to early termination in accordance with the terms and conditions of the Sale and Leaseback Agreements.

Purchase Price

The Purchase Price of the Leased Assets was agreed between Chengtong Financial Leasing and the Lessee with reference to the appraised value of the Leased Assets of approximately RMB417.16 million (equivalent to approximately HK$483.91 million) as at 12 October 2026, as assessed by way of cost method by the Valuer. The Leased Assets are not revenue generating assets with identifiable income stream. The Purchase Price represents approximately 95.89% of the appraised value, which was determined after arm's length negotiation between the parties with reference to the risk profile, asset condition and financing costs.

The cost method determines the value of an appraised asset by estimating its replacement cost and deducting various estimated depreciation factors that currently exist in the appraised asset. The appraised value is determined by multiplying the replacement cost of the appraised asset by its newness rate.

In accordance with the purpose of the appraisal, and the characteristics and current situation of the assets being appraised, the cost method is adopted.

The replacement costs include the relevant costs and fees incurred in purchasing equipment. Based on the valuation, the total appraised replacement cost of the Leased Assets is approximately RMB429.40 million (equivalent to approximately HK$498.10 million). The newness rate of the appraised asset is determined after taking into account the economic life of the appraised asset, the remaining service life of the appraised asset and the status of the appraised asset through an on-site inspection. The newness rate for the Leased Assets, evaluated by the Valuer, is approximately 97.15%.

The Purchase Price will be satisfied by the general working capital of the Group.

Chengtong Financial Leasing owns the legal title of the Leased Assets during the Lease Term.

Lease payment

The total amount of lease payment is estimated to be approximately RMB444.19 million (equivalent to approximately HK$515.26 million) which shall be payable by the Lessee to Chengtong Financial Leasing in ten (10) semi-annual installments during the Lease Term.

The total amount of lease payment represents the sum of the lease principal amount (being the amount of Purchase Price to be paid by Chengtong Financial Leasing) and the lease interest which is estimated to be approximately RMB44.19 million (equivalent to approximately HK$51.26 million).

The lease payment of the Sale and Leaseback Arrangement has been agreed between the parties after arm's length negotiation taking into account a number of factors, such as the amount of lease principal, the lease term, the overall return rate attained by the Group having considered the amount of lease interest and the prevailing market conditions.
