## VOLUNTARY ANNOUNCEMENT
## STRATEGIC COOPERATION FRAMEWORK AGREEMENT

This announcement is made by Envision Greenwise Holdings Limited (the "**Company**" together with its subsidiaries, the "**Group**") on a voluntary basis to the shareholders of the Company (the "**Shareholders**") and potential investors.

The board (the "**Board**") of directors (the "**Directors**") of the Company is pleased to announce that on 15 November 2026, the Company entered into a non-binding strategic cooperation framework agreement on computing power services (the "**Strategic Cooperation Framework Agreement**") with a leading artificial intelligence foundation model company (the "**AI Model Company**"), pursuant to which the parties agreed to collaborate on the provision of computing power services by the Group to the AI Model Company (the "**Cooperation**").

Pursuant to the Strategic Cooperation Framework Agreement, the Group will provide the AI Model Company with schedulable and measurable computing power resources and related technical services through its high-performance GPU computing clusters. The Group shall provide, on or before 31 December 2027, computing power supply capacity of up to 12,400P (FP16) and not less than 6,200P (FP16), supporting FP16, FP8, FP6 and FP4 precision, and the AI Model Company shall prioritize the procurement of such scale of computing power services from the Group under equivalent conditions. The specific scale, commencement time, service period and pricing of each batch of services shall be subject to separate binding written orders to be entered into between the parties. The parties also intend to explore other long-term cooperation in areas including the joint construction and sharing of computing resources, joint optimization of large model training and inference, and computing ecosystem adaptation. The Cooperation is expected to positively drive the Group's intelligent computing business and the Group's financial performance.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, the AI Model Company and its ultimate beneficial owner(s) are third parties who are independent (not connected persons) of the Company and its connected persons.

The Board believes that entering into the Strategic Cooperation Framework Agreement will allow the Group to deepen its customer base and strengthen the Group's competitiveness, ultimately improving the Group's financial performance and profitability, which is in the overall interests of the Company and its shareholders.

The Group has been offered over 30,000 high-end computing cards of various types by suppliers which will meet the computing demands under the Cooperation. The Group will enter into formal procurement agreements in accordance with the applicable regulatory requirements including but note limited to the Listing Rules. The Group has also noted the recent changes in the market environment, but does not consider that such changes have any adverse impact on the delivery of orders already entered into by the Company. The Group has always been prepared for various market conditions and is actively working to secure further compliant computing card supply resources.

The Group remains positive and optimistic about the long-term development of the intelligent computing business segment. The Group considers that, in the current market environment, market demand for compliant computing power significantly exceeds the Group's supply, which is expected to have a positive impact on the Group's business and enhance the performance. The Group will continue to actively expand its market presence with a view to creating better returns for the Shareholders.

The Board has noted the recent unusual fluctuations in the price and trading volume of the shares of the Company. Having made reasonable enquiries, the Board confirms that, as of the time of this announcement, it is not aware of any reasons for such fluctuations, and the various businesses of the Company is operating as normal and the Company has not encountered any adverse impact or impediments to such businesses. The Company is of the view that as demonstrated by the Cooperation, recent market development in intelligent computing sector is a positive driver for the compliant intelligent computing services provided by the Company.

**Shareholders and potential investors of the Company are reminded that the Strategic Cooperation Framework Agreement is a non-binding framework agreement. The matters contemplated may or may not materialize as described or at all. Shareholders of the Company and potential investors should exercise caution when dealing in the securities of the Company.**

By order of the Board
**Envision Greenwise Holdings Limited**
**KWOK Chun Sing**
*Chairman and executive Director*
