(i) the prevailing market price of the existing shares

The closing price per Share experienced a general increase in the last month up to and including the Last Trading Day, from a closing price of HK$0.66 per Share on 30 June 2026 to a closing price of HK$0.98 per Share on the Last Trading Day, representing an increase of approximately 48.48%. In the last five (5) consecutive trading days up to and including the Last Trading Day, the average closing price per Share was HK$0.94, to which the Subscription Price represents a discount of approximately 47.03%. In the last five (5) consecutive trading days up to and including the Latest Practicable Date, the average closing price per Share was HK$0.37, to which the Subscription Price represents a premium of approximately 35.14%.

In the Rights Issue, the Subscription Price per Rights Share has been set at HK$0.50. The Board has carefully assessed the terms of the Rights Issue, including the Subscription Price of HK$0.50 per Rights Share, and considers them to be fair, reasonable, and on normal commercial terms that are in the interests of the Company and the Shareholders as a whole. The Directors consider that the terms of the Rights Issue were originally determined and fixed on the basis of a substantial discount of approximately 47.03% to the average closing price of HK$0.94 for the five consecutive trading days up to and including the Last Trading Day, reflecting a deliberate commercial incentive to encourage existing shareholder participation during a period of significant price movement, even though subsequent market volatility has caused the share price to decline and resulted in the Subscription Price representing a premium over recent market averages as of the Latest Practicable Date.

In addition, the Directors consider that keeping the Subscription Price at its original level after the market volatility, which has resulted in the Subscription Price standing at a premium to recent average closing prices per Share, may help to avoid excessive dilution to existing Shareholders, reduce speculative trading activities associated with substantial discount to Subscription Price and signal management's confidence in the Group's long term development.

Hence, the Directors are of the view that setting the Subscription Price at this price level, lying between a discount and a premium to the recent market price range as mentioned above, will ensure all Shareholders to be able to subscribe for the Rights Shares through the Rights Issue publicly, whilst enabling the Company to raise sufficient funds on the market for its development and repayment of the loan from a shareholder.

In light of the above, the Board considers that the Subscription Price remains fair and reasonable and on normal commercial terms as it provides Shareholders with an equitable opportunity to participate in the future growth of the Company.

(ii) the low liquidity of the existing shares

During the six month period prior to the Last Trading Day, the liquidity of the Shares showed a slight upward trend from May and up to the Last Trading Day, however, the liquidity over six month period prior to the Last Trading Day remains generally thin, except for June and July (up to and including the Last Trading Day) 2026 when the average daily trading volume represented 4.29% and 5.04% of the total number of Shares in issue, respectively. The Board is not aware of any reasons for such exceptional high average trading volume. In view of the above, the Directors consider that the shares were generally illiquid in the open market. Thus, the Board, is of the view that it would be difficult to attract the Qualifying Shareholders to reinvest in the Company through the Rights Issue if the Subscription Price was not set at a discount to the market price as of the Last Trading Day.

(iii) the latest business performance and financial position of the Group

The Board has also taken a comprehensive view of the Group's operational realities. The ongoing operational challenges facing the Cantonese catering and banqueting services sector, together with the widespread tendency among Hong Kong residents to dine in Mainland China, have limited the Group's ability to fund new business opportunities from internal resources. Furthermore, the Directors consider that relying on debt financing in such an uncertain market environment would place unnecessary pressure on the Group's future cash flows, which could in turn hinder the Group's long-term development. Consequently, equity financing through a rights issue is regarded as a commercially viable approach that will strengthen the capital base without incurring a heavy debt repayment burden.

(iv) the reasons for and benefits of the Rights Issue

The reasons for and benefits of the Rights Issue as discussed in the section headed "Reasons for and Benefits of the Rights Issue and Use of Proceeds" in this letter – which mentioned the proceeds will be strategically deployed to drive the Group's operational development which may allow the Group to expand its market reach, serving a wider customer base and ultimately amplifying its long-term commercial value and driving sustainable returns for the Company and the Shareholders as a whole.

(v) Comparison with recent rights issue exercises

In order to further assess the fairness and reasonableness of the Subscription Price, the Company reviewed the prevailing market rate with reference to the rights issue exercises conducted by companies listed on the Stock Exchange for a three-month period prior to the Last Trading Day ("**Comparables**").

The Directors believe that these Comparables serve as a useful reference for recent rights issues because enough transactions occurred within this timeframe, resulting in a reasonable sample size. The table below presents summary information of this analysis, to the best of the Directors' knowledge:

The subscription price of these Comparables ranged from a premium of approximately 31.6% to a discount of approximately 66.7%, with an average discount of approximately 24.2% and a median discount of approximately 22.3% over/to their respective closing prices per share on the last trading day. The discount of approximately 48.98% of the Company's Subscription Price to the closing price per Share on the Last Trading Day falls within the range but is deeper than the average and median discount of these Comparables.

The subscription price of these Comparables ranged from a premium of approximately 28.2% to a discount of approximately 67.2%, with an average discount of approximately 24.4% and a median discount of approximately 24.5% over/to their respective average closing prices per share for the five consecutive trading days including and up to the last trading day. The discount of approximately 47.03% of the Company's Subscription Price to the average closing price per Share for the five consecutive trading days including and up to the Last Trading Day falls within the range but is deeper than the average and median discount of these Comparables.

In terms of net asset value, the subscription price of these Comparables ranged from a premium of approximately 221.2% to a discount of approximately 93.7% to their respective net asset value per share. The premium of approximately 262.3% of the Company's Subscription Price over the net asset value per Share is higher than the maximum premium observed among these Comparables.

Having considered the factors as detailed above, including (i) setting the Subscription Price at a premium to recent market closing prices may help to avoid excessive dilution to existing Shareholders and signaling management's confidence in the Group's long term development; (ii) the strategic benefits of the immediate use of proceeds; (iii) the significant dilution effect of 24.49% is balanced by the opportunity for Qualifying Shareholders to maintain their pro-rata stakes, the ability to trade nil-paid rights, and the implementation of the Compensatory Arrangements to structurally safeguard the economic interests of Non-Qualifying Shareholders and No Action Shareholders; and (iv) the Subscription Price is acceptable and in line with recent market transactions, the Directors are of the view that the terms of the Rights Issue, including the Subscription Price and its underlying rationale, are fair and reasonable, on normal commercial terms, and are in the interests of the Company and the Shareholders as a whole.

Non-underwritten basis

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptances of the provisionally allotted Rights Shares.

In the event that the Rights Issue is not fully subscribed, any Unsubscribed Shares together with the NQS Unsold Rights Shares will be placed on a best effort basis by the Placing Agent to independent placees under the Placing. Any Unsubscribed Shares or NQS Unsold Rights Shares which remain not placed under the Placing will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

The Cayman Islands legal adviser of the Company has confirmed that there is no minimum subscription amount required to be raised from the Rights Issue under Cayman Islands law.

As the Rights Issue will proceed on a non-underwritten basis, a Shareholder who applies to take up all or part of his/her/its entitlement under the PAL may unwittingly incur an obligation to make a general offer for the Shares under the Takeovers Code. Accordingly, the Rights Issue will be made on terms that the Company will provide for the Shareholders (other than HKSCC Nominees Limited) to apply on the basis that if the Rights Shares are not fully taken up, the application of any Shareholder for his/her/its assured entitlement under the Rights Issue will be scaled down to a level which does not trigger an obligation on part of the relevant Shareholder to make a general offer under the Takeovers Code in accordance to the note to Rule 7.19(5)(b) of the Listing Rules.

Conditions of the Rights Issue

The Rights Issue is conditional upon each of the following conditions being fulfilled:

(i) the passing by more than 50% of the votes cast by the Independent Shareholders by way of poll of all necessary resolutions to be proposed at the EGM for the transactions contemplated under the Rights Issue to be effective in compliance with the Listing Rules, including but not limited to approving, confirming and/or ratifying the Rights Issue, including the allotment and issue of the Rights Shares in their nil-paid and fully paid forms;

(ii) the delivery of the Prospectus Documents to the Stock Exchange and the issue by the Stock Exchange on or before the Posting Date of a certificate authorising registration of the Prospectus Documents with the Registrar of Companies in Hong Kong;

(iii) following registration, the posting of the Prospectus Documents to the Qualifying Shareholders and the publication of the Prospectus Document on the website of the Stock Exchange on or before the Posting Date;

(iv) the grant of listing of the Rights Shares (in both nil-paid and fully paid forms) by the Stock Exchange (either unconditionally or subject only to the allotment and despatch of the share certificates in respect thereof) and the grant of permission to deal in the nil-paid Rights Shares and the fully-paid Rights Shares by the Stock Exchange (and such permission and listing not subsequently having been withdrawn or revoked); and

(v) all other necessary waivers, consent and approvals (if required) from the relevant governmental or regulatory authorities for the Rights Issue and the transaction contemplated thereunder having been obtained and fulfilled.

None of the above conditions precedent is capable of being waived.

As at the Latest Practicable Date, save and except for condition (i), none of the other conditions have been fulfilled.

Shareholders and potential investors of the Company should note that the Rights Issue is subject to the fulfilment of all the conditions as set out above. Therefore, if any of such conditions are not fulfilled, the Rights Issue will not proceed.

The Rights Issue is only available to the Qualifying Shareholders. To qualify for the Rights Issue, a Shareholder must be registered as a member of the Company on the Record Date and not be a Non-Qualifying Shareholder.

Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Non-Qualifying Shareholders should note that their shareholdings in the Company will be diluted.

Rights of Overseas Shareholders (if any)

The Board will make enquiry regarding the legal restrictions under the laws of the relevant overseas places and the requirements of the relevant regulatory body or stock exchange pursuant to Rule 13.36(2)(a) of the Listing Rules. If, after making such enquiry and based on legal opinion provided by the legal advisers to the Company, the Board is of the opinion that it would be necessary or expedient not to offer the Rights Shares to any Overseas Shareholders on account either of the legal restrictions under the laws of the relevant place(s) or the requirements of the relevant regulatory body or stock exchange in the relevant place(s), no offer of the Rights Shares will be made to such Overseas Shareholders. Accordingly, the Rights Issue will not be extended to the Non-Qualifying Shareholders.

Any acceptance of or application for Rights Shares by any person will be deemed to constitute a representation and warranty from such person to the Company that these local laws and requirements have been fully complied with. If you are in doubt as to your position, you should consult your own professional advisers. The Company reserves the right to refuse to accept any application for the Rights Shares where it believes that doing so would violate the applicable securities or other laws or regulations of any jurisdiction. For the avoidance of doubt, neither HKSCC nor HKSCC Nominees Limited will give, or be subject to, any of the above representation and warranty.

The Company may require the relevant person(s) to complete the incomplete PAL at a later stage.

If the Qualifying Shareholders wish to accept only part of the provisional allotment or transfer part of their rights to subscribe for the Rights Shares provisionally allotted to them under the PAL or transfer part/all of their rights to more than one person, the original PAL must be surrendered for cancellation by no later than 4:30 p.m. on Tuesday, 24 November 2026 to the Registrar, who will cancel the original PAL and issue new PALs in the denominations required. All cheques or cashier's orders accompanying completed PALs will be presented for payment immediately following receipt and all interest earned on such monies (if any) will be retained for the benefit of the Company. Completion and return of the PAL with a cheque or a cashier's order will constitute a warranty by such person that the cheque or the cashier's order will be honoured on first presentation. Without prejudice to the other rights of the Company in respect thereof, the Company reserves the right to reject any PAL in respect of which the cheque or cashier's order is dishonoured on first presentation, and in that event the provisional allotment and all rights thereunder will be deemed to have been declined and will be cancelled. The Unsubscribed Shares and the NQS Unsold Rights Shares shall only be offered (i) to professional, institutional and other investor(s) who and whose ultimate beneficial owner(s) shall be Independent Third Parties; and (ii) no Shareholder will be under any obligation to make a general offer under the Takeovers Code as a result of the Placing. The Placing Agent shall also ensure that the Public Float Requirement remains to be fulfilled by the Company upon completion of the Rights Issue.

Ranking of the Placing Shares : The Placing Shares (when placed, allotted, issued and fully paid), shall rank *pari passu* in all respects among themselves and with the Shares in issue at the date of completion of the Placing.

Conditions Precedent : The obligations of the Placing Agent and the Company under the Placing Agreement are conditional upon, among others, the following conditions being fulfilled (or being waived by the Placing Agent in writing, if applicable):

(i) the Listing Committee of the Stock Exchange having granted the listing of, and the permission to deal in, the Rights Shares;

(ii) none of the representations, warranties or undertakings contained in the Placing Agreement being or having become untrue, inaccurate or misleading in any material respect at any time before the completion, and no fact or circumstance having arisen and nothing having been done or omitted to be done which would render any of such undertakings, representations or warranties untrue or inaccurate in any material respect if it was repeated as at the time of completion; and

(iii) the Placing Agreement not having been terminated in accordance with the provisions thereof.

The Placing Agent may, in its absolute discretion, waive the fulfillment of all or any part of the conditions precedent to the Placing Agreement (other than those set out in paragraph (i) above) by notice in writing to the Company.

The Company shall use its best endeavours to procure the fulfillment of such conditions precedent to the Placing Agreement. If any of the conditions precedent to the Placing Agreement have not been fulfilled by the Placing Long Stop Date or become incapable of being fulfilled (subject to the Placing Agent not exercising its rights to waive or extend the time for fulfillment of such conditions), then the Placing will lapse and all rights, obligations and liabilities of the Company and the Placing Agent in relation to the Placing shall cease and determine, save in respect of any accrued rights or obligations under the Placing Agreement or antecedent breach thereof.

Termination : The Placing Agreement shall end on Wednesday, 23 December 2026 or any other date by mutual written agreement between the Placing Agent and the Company.

The engagement of the Placing Agent may also be terminated by the Placing Agent in case of force majeure resulting in the Company and the Placing Agent being unable to fulfill its duties and responsibilities under the engagement. However, if during the course of the engagement it has come to the Placing Agent's knowledge that there is any material adverse change in the business and operational environment in the Company which, in the sole opinion of the Placing Agent, may make it inadvisable to continue the engagement, the Placing Agent shall have the right to terminate the engagement by written notice to the Company with immediate effect.

The engagement between the Company and the Placing Agent for the Placing (including the commission rate) was determined after arm's length negotiations between the Placing Agent and the Company. After taking into account the market comparables, the existing financial position of the Group, the size of the Rights Issue, and the current and expected market condition the Directors consider the terms of the Placing (including the commission rate) are on normal commercial terms.

In determining the placing commission, the Company reviewed the prevailing market rate with reference to the rights issue exercises conducted by companies listed on the Stock Exchange for a three-month period prior to the Last Trading Day. The commissions charged by placing agents in rights issue exercises conducted on a non-underwritten basis ranged from approximately 0.25% to 4.0% of the gross proceeds successfully placed under the rights issue, with the average

being 2.03%. As such, the placing commission of 1.5% payable to the Placing Agent is within the market range of the comparables. Further, the Directors noted that the placing commission rate of 1.5% was consistent with that charged by the Placing Agent in other rights issue exercises placed by the Placing Agent. Accordingly, the Directors consider that (i) the placing commission falls within the range of the recent market comparables in the three-month period prior to the Last Trading Day; and (ii) the placing commission charged by the Placing Agent is no less favorable to the Company than the commissions the Placing Agent charged with other listed issuers in the market in the three-month period prior to the Last Trading Day. The Directors are therefore of the view that the Placing commission rate of 1.5% under the Placing Agreement is fair and reasonable so far as the Independent Shareholders are concerned.

As explained above, the Unsubscribed Shares and NQS Unsold Rights Shares will be placed by the Placing Agent to Independent Third Parties on a best effort basis for the benefits of the No Action Shareholders and the Non-Qualifying Shareholders. If all or any of the Unsubscribed Shares and NQS Unsold Rights Shares are successfully placed, any premium over the Subscription Price will be distributed to the relevant No Action Shareholders and the Non-Qualifying Shareholders.

The Company will ensure that it will continue to comply at all times with the Public Float Requirements. After the Placing Period, it is expected that none of the placees will become a substantial shareholder of the Company.

The Board considered that the Compensatory Arrangements are fair and reasonable and provide adequate safeguard to protect the interests of the Company's minority Shareholders since the Compensatory Arrangements would provide (i) a distribution channel of the Placing Shares to the Company and (ii) a compensatory mechanism for the No Action Shareholders and the Non-Qualifying Shareholders.

REASONS FOR AND BENEFITS OF THE RIGHTS ISSUE AND USE OF PROCEEDS

The principal activity of the Company is investment holding. The principal businesses of its subsidiaries are operating full-service restaurant entity specializing in Cantonese dining and banquet services in Hong Kong and the PRC, particularly wedding banquets and Cha Chaan Teng operations.

As disclosed in the annual results announcement of the Company for the year ended 31 March 2026, the Group had bank balances and cash of approximately HK$17.4 million and a net current liabilities position of approximately HK$18.8 million. Among the amount of approximately HK$17 million of bank balances and cash of the Company as at 31 March 2026, approximately HK$8 million would be reserved to support the daily operation of the Group's Chinese restaurants and Cha Chaan Tengs, approximately HK$4 million would be used for the future development of the Group's new site or restaurant and brand development, which is expected to be fully utilised by the end of 2026. The remaining amount of approximately HK$5 million would be reserved for any emergency funding purpose. Taking into consideration of the Group's current limited cash resources, the Board considers that the Group has an imminent funding needs. The Rights Issue provides a valuable opportunity to strengthen the Group's financial resources.

Assuming full subscription of the Rights Shares, the net proceeds of the Rights Issue and the Placing (after deduction of expenses) are estimated to be approximately HK$66.9 million. The Company intends to apply the net proceeds as follows:

(i) approximately HK$40.0 million (approximately 59.8%) of the net proceeds will be used for the repayment of the loan from a shareholder, Mr. Lo Chor Cheong Colin ("**Mr. Lo**"), which such financial support was provided to the Group during and after the resumption application of the Company, including the settlement of professional fees for resumption application, the settlement of overdue creditors of the Group, the initial opening cost of the restaurants and the legal and litigation costs for defending winding up petitions against the Company. The loan from shareholder is repayable on demand and is essential to the survival of the Group as they were made during the period the Company was suspended from trading as well as the period when the Company was filed the winding up petition by the petitioner, which urgent fundings and immediate settlements were required. Those costs were one-off nature and overdue with certain portion of the loan has raised for more than 21 months' period. The loan from a shareholder was designated not to be demanded for a period of 12 months from the date of the consolidated financial statements for the year ended 31 March 2025.

As disclosed in the resumption announcement of the Company dated 29 September 2025, the aforesaid interest-free shareholder loan was amounted to approximately HK$21.6 million and the amount of which was increased to approximately HK$40.1 million as at 31 March 2026. Such increase was mainly due to the shareholder's financial support on all the expenses relating to the settlement of professional fees for resumption application in October 2025 of approximately HK$9.5 million, settlement of overdue creditors of the Group in last quarter of 2025 of approximately HK$3.0 million, the initial opening cost including the renovation and equipment of Tuen Mun and Tai Po Cha Chaan Teng of approximately HK$4.5 million, and legal cost for defending the winding up court case during October 2025 and March 2026 of approximately HK$1.5 million.

The interest-free shareholder loan was further increased to HK$52.1 million as at 31 May 2026 despite the fact that the shareholder had indicated for an early partial repayment in February 2026. Such increase was mainly due to the shareholder's financial support on all the expenses relating to the settlement of overdue creditors of the Group of approximately HK$4.5 million, the initial opening renovation and equipment cost of the Chengyaojin restaurants in Zhuhai of approximately HK$3.0 million and local and overseas legal cost for winding up court cases of both 2024 and 2026 of approximately HK$4.5 million. Such financial support from the shareholder was crucial at that moment as the Group was unable to seek for external borrowing since resumption and on the other hand, the Group was strived to settle the overdue payments to creditors to avoid any legal proceedings or court case against the Group.

It was the shareholder's intention for the Company's internal resources to focus on its operation after the resumption and in the meantime, the provision of financial aid to the Company would enhance the confidence of other public shareholders or potential investors. During that time, apart from the shareholder loan, the Company had no other borrowings on its balance sheet. The Company anticipated that it would be in a position to repay a large portion of the shareholder loan by the end of 2026, taking into account of (i) the shareholder would not demand for repayment from the Group within 12 months from the date of the consolidated financial statements for the year ended 31 March 2025; and (ii) the financial performance of the Company would be improved after the resumption and the operations of the Group would generate additional cash for the Company, which would not only be sufficient to maintain the current scale of operations but would also generate surplus cash to repay the shareholder.

While the Group's financial performance improved in the latest financial year, in the coming future the Group expects the funding need to renovate existing restaurants, renewal of expiring lease with landlords and opening new restaurants to maintain the number of restaurants and steady expansion plan of the Group, which expects to use the internal funding of the Group to achieve gradually as planned. Given it is the first year to turnaround to profitability of the Company, the management believes prudent usage of cash resources is critical to maintain the Group's steady growth—including achieving profitable operations and efficient expansion as planned. Given that a onetime payment of HK$40.0 million would have a significant impact on the Group's cash flow, and to ensure that daily operations and renewal/expansion plans are not affected, the management considered fundraising through the capital market to meet the Company's operations and debt obligations is suitable to the Company.

In February 2026, after the Company successfully defended the winding up petition in the court, the shareholder expressed to the Company the liquidity needs for his personal investment by December 2026 and the shareholder loan was closed to the end of the 12 months financial support period. The Directors considered it is appropriate to reschedule the repayment to repay early to the shareholder since he has provided urgent financial support to the Company during the winding up case and at the time of possible delisting, which was impossible from any other parties. The Company has held discussions with the shareholder regarding the settlement of shareholder loan.

In June 2026, the Company reached a settlement plan with the shareholder for a partial repayment of HK$40 million which matches the size of his financial need and the shareholder requested such repayment to be made by December 2026. In light of the delayed timetable for the Rights Issue and following further negotiation with the shareholder in September 2026, the shareholder agreed to extend the partial repayment of HK$40 million by January 2027. All the remaining loan balance of approximately HK$12.1 million from on demand to become repayable until 31 March 2027 in order to continue supporting the Company as disclosed in the Company's annual result announcement. The remaining loan balance was mainly due to the shareholder's financial support during April to May 2026 that the shareholder has committed with the Company and it helped the Company as short-term financial facilities to continue to support the Company. The Company and the shareholder have agreed to hold discussions regarding possible repayment arrangements or further extension in relation to the aforementioned balance of HK$12.1 million when it becomes due on 31 March 2027, and the Company intends to use internal resources to repay this sum to the shareholder. The Company has also held discussions with the shareholder regarding the Group's long-term development plans, and the shareholder has expressed an intention to continue as a long-term major investor in the Company.

As at Latest Practicable Date, the loan from shareholder was approximately HK$52.1 million. As at the date of this Prospectus, apart from the shareholder's loan, the Group has no other material liabilities due for repayment; given that there are no pending winding-up proceedings against the Company and it is possible to raise funds in the capital markets or through external borrowing, the Directors consider that the Company has sufficient working capital to support its existing business operations for the next 12 months and the Company intends not to obtain further loan from the shareholder. The repayment of the loan from shareholder is expected to reduce the gearing and improve the Group's capital structure and its financial stability. The above proceeds are expected to be fully utilised by January 2027.

(ii) approximately HK$17.2 million (RMB15.0 million) (approximately 25.7%) of the net proceeds will be used for the business expansion and maintenance of the Group's catering network. Approximately HK$17.2 million of the net proceeds will be used for establishing and opening five restaurants of "Chengyaojin"(誠咬金煲仔皇) in the PRC, a renowned Cantonese cuisine restaurant chain specialising in traditional claypot rice and "Jue Jue" (sizzling) claypots. The five new restaurants of "Chengyaojin" in the PRC which are expected to commence operation in January 2027 (being approximately RMB3 million for each restaurant of "**Chengyaojin**").

On 28 April 2026, the Group's wholly-owned subsidiary, Yu Qiang Holdings Limited, entered into an investment and co-operation agreement (the "**Investment and Cooperation Agreement**") with the brand owner of "Chengyaojin" (the "**Chengyaojin Owner**"). The Chengyaojin Owner is a company established in the PRC, to the best of the Directors' knowledge, its ultimate beneficial owner is Mr. Zhao Yinghui (趙英輝), who is also its legal representative. Under the Investment and Co-operation Agreement, the parties agreed to establish and operate Chengyaojin-branded restaurants in the PRC including Hong Kong and Macau, with the Group primarily responsible for the management and operation of restaurants. The duration of the Investment and Co-operation Agreement is 8 years and there is no limit to the number of new restaurants. The new restaurants will be owned as to 70% by the Group and 30% by the Chengyaojin Owner. The restaurants will adopt a business model under which the Group contributes funding, financial management and takes the lead in managing the restaurants, while the Chengyaojin Owner provides brand authorisation, operational know-how and support to ensure that the restaurants are operated in accordance with the unified standards of the Chengyaojin brand. The restaurants will be directly operated and will not be franchise outlets. The restaurant's profits will be distributed according to the parties' equity interests, being 70% to the Group and 30% to the Chengyaojin Owner. As the brand owner and operator of the Chengyaojin brand, the Chengyaojin Owner will also receive a brand management fee calculated by reference to the monthly turnover of each restaurant, namely 4% of monthly turnover up to RMB600,000 and 5% of monthly turnover above RMB600,000. The Group's role under the arrangement is to make capital contribution, control and supervise its financial matters, and lead the management and business expansion of Chengyaojin branded restaurants. The co-operation agreement between the Company and the Chengyaojin Owner in respect of the management fee and profits distribution were determined after arm's length negotiation between the Chengyaojin Owner and the Company and is on normal commercial terms with reference to the market comparables, trend of the market, the size of the restaurants, and the current and expected market conditions. Based on the Chengyaojin owner's many years of experience in restaurant management in China and the parties' equity interests, the Board considers that the terms of co-operation agreement in respect of the management fee and profits distribution are fair and reasonable and on normal commercial terms.

Such management fee is primarily determined based on brand value, market conditions, and the support provided by the brand (such as ingredient supply and logistics arrangements). The Group has referenced the management fee percentages of well-known restaurant chains in the Greater Bay Area, for example, a well-known durian pizza chain charges a management fee of 5% of revenue, a well-known sour cabbage fish chain charges 4% to 5% of revenue, and a well-known sour soup hot pot chain charges 8% of revenue. Taking into account the brand support and logistics arrangements provided by the Group across various regions, a management fee of 4% to 5% constitutes normal commercial terms and is consistent with the Group's cost control policies.

As at the date of this Prospectus, the Group and the Chengyaojin Owner have opened two new restaurants of "Chengyaojin" in Zhuhai between May and June 2026. The five new restaurants of "Chengyaojin" in Zhuhai which are expected to commence operation in January 2027 and located in Zhuhai. Based on the experience of opening two new "Chengyaojin" restaurants, the average cost of establishing a new restaurant is approximately RMB3 million, mainly due to renovation cost (40%), equipment cost (22%), rental deposit (16%), salary expenses (8%), insurance (5%), licences fee (5%) and rental expenses (4%).

If the opening plans do not materialise as originally intended, the proceeds will be used for opening our self-developed Cha Chaan Teng brand called "Trendy Café" in Hong Kong. Further announcement will be made by the Company in due course. The Group will continue to explore opening new restaurants of "Chengyaojin" in other parts of the PRC, as well as Hong Kong and Macau. As at the date of this Prospectus, the Group has identified suitable premises in Macau and will negotiate the lease terms with the landlord in the near future. Approximately HK$2.2 million will be needed for establishing a restaurant in Macau. The funding of this business development will be financed from the general working capital of the Group.

Despite the fact that the Company initially did not have concrete plans or arrangements to conduct any fund-raising activities in the next 12 months as disclosed in the circular of the Company in relation to the Share Consolidation on 30 March 2026, the Company has encountered rapid and unexpected break-through in its business development in mid/end of April 2026, in which the Chengyaojin Owner was an acquaintance of Mr. Chu Pui Him ("**Mr. Chu**"), the executive Director, for over 3 years. Chengyaojin Owner had extensive experience in the food and beverage industry and he started up his own brand "Chengyaojin" in Zhuhai since 2022. The "Chengyaojin" brand gained its recognition in 2023 and had been awarded and recommended by many electronic platforms, food bloggers and channels in the PRC. In early April 2026, the Chengyaojin Owner expressed to Mr. Chu that the difficulties of expanding the restaurant's network in the PRC including Hong Kong and Macau, and the Chengyaojin Owner wanted to seek for Mr. Chu's advice of seeking potential strategic investor(s) for his expansion plan. It fostered a co-operation opportunity for the Company to further enrich the Group's existing catering brand portfolio and led to the signing of the Investment and Co-operation Agreement among the parties on 28 April 2026.

This investment aims to further enrich the Group's existing catering brand portfolio and leverage the brand's established intellectual property and operational expertise to strengthen the Group's market position in the catering sector. The Directors consider that such investment is beneficial to the Group as it aligns with the Group's strategy to strengthen its market presence in the mass-market dining sector and diversify its cuisine offerings. The investment allows the Group to leverage its existing management expertise in the catering industry and achieve greater economies of scale. The above proceeds are expected to be fully utilised by January 2027.

(iii) approximately HK$9.7 million (approximately 14.5%) of the net proceeds will be used for the general working capital of the Group including but not limited to salary expenses (4%), rental expenses (6%), professional fee (3%) and other business development expenses (1.5%). The Directors believe that the proceeds will help to replenish the working capital of the Group to support its ongoing operations. The above proceeds are expected to be fully utilised by January 2027.

In the event that the Rights Issue is undersubscribed and the Placing Shares are not fully placed, the net proceeds will be reduced and utilised on a pro rata basis as set out above.

The above allocation of proceeds has been determined by the Board after taking into account the Group's current operational requirements and financial position. The Board believes that the proposed use of proceeds will support the Group's ongoing business operations and enhance the Group's financial position.

Taking into account of the above factors, the Board believes the Group has an imminent need to conduct fund-raising activity to support the Group's ongoing business operations and strengthen the Group's financial position, in which it is beneficial to the Company and its shareholders as a whole.

The Company has considered other fund-raising alternatives before resolving to the Rights Issue, including but not limited to debt financing, placing of new Shares and open offer. Debt financing or bank loans would result in additional interest burden to and higher gearing ratio of the Group. Placing of new Shares would only be available to certain placees who were not necessarily the existing Shareholders and would dilute the shareholding of the existing Shareholders in the Company. As for open offer, although it is similar to a rights issue in offering qualifying shareholders to participate, it does not allow free trading of rights entitlements in the open market.

In view of the above, the Board considers that as compared to raising fund by other means, raising funds by way of the Rights Issue, which will allow Qualifying Shareholders to participate in the future development of the Company and at the same time offer more flexibility to the Qualifying Shareholders to choose whether to maintain their respective pro-rata shareholding interests in the Company and dealing with the Shares, is an appropriate fundraising method and is fair, cost effective, efficient and beneficial to the Company and its shareholders as a whole.

The Group's gross profit increased by approximately 41.4% from approximately HK$171.9 million for the year ended 31 March 2025 to approximately HK$243.1 million for the year ended 31 March 2026. The increase was in line with the increase in revenue during the year ended 31 March 2026. The gross profit margin decreased from 75.5% for the year ended 31 March 2025 to 75.1% for the year ended 31 March 2026 mainly due to the need to constant change of menu and trigger food quality.

The directors do not recommend the payment of a final dividend for the financial year ended 31 March 2026 (2025: Nil).

The Group is a Hong Kong based full-service restaurant entity specializing in Cantonese dining and banquet services, particularly wedding banquets and Cha Chaan Teng operations. During the year ended 31 March 2026, conditions in Hong Kong's traditional Chinese restaurant sector showed some moderation compared to the fiscal year ended 31 March 2025, though structural challenges persisted. The market downturn primarily stemmed from two key factors: the growing preference of Hong Kong residents to dine in mainland China, where traditional restaurants provide more comprehensive services at competitive prices, and the younger generation's shift toward affordable, quick-service dining options such as fast-food chains or delivery platforms– a trend amplified by post-COVID-19 behavioral changes. Additionally, the expansion of cross-border transportation infrastructure further encouraged Hong Kong residents to spend in mainland China.

During the year ended 31 March 2026, through the introduction of new concept restaurants and adaptation to market changes, the Group's revenue recovered to approximately HK$323.7 million, representing an increase of approximately 42.2% compared to approximately HK$227.6 million for the year ended 31 March 2025.

To prepare for this anticipated growth, the Group plans to conduct a comprehensive evaluation of its current core business operations across various geographical regions. This assessment aims to formulate a sustainable business plan and strategy for future expansion. Our focus will involve exploring potential business opportunities and investments in diverse sectors and locations to enhance the Group's long-term growth prospects. Additionally, we will explore various business models, including partnerships with third-party restaurant operators, to strengthen the Group's competitiveness in both Hong Kong and the Greater Bay Area Market.

In response to evolving consumer preferences, the Group opened new Cha Chaan Teng restaurants during the year. These venues emphasize cost-effective and efficient service models, modernized dining experiences, and streamlined operations designed to appeal to younger demographics, improve table turnover efficiency, and accelerate cash flow cycles. The Company anticipates these initiatives to drive incremental revenue growth and support broader market expansion. Further openings of similar concept restaurants are under consideration by late 2026. Concurrently, the Group will conduct a strategic assessment of its core operations across regional markets to refine sustainable growth strategies. This includes identifying cross-industry investment opportunities and diversifying geographical footprints to bolster long-term resilience. To strengthen its position in the Hong Kong and Greater Bay Area Market, the Group will explore innovative business frameworks, such as strategic collaborations with third-party restaurant operators, to enhance competitive differentiation and market penetration.
