Announcement
Change to the index methodology of the Underlying Index of the Sub-Fund

Dear Shareholders,

We, as the Manager of the Company and the Sub-Fund, wish to inform Shareholders of the change to be made by FactSet Research Systems Inc. (the "Index Provider") to the index methodology of the FactSet China Robotics and Artificial Intelligence Index (the "Index"), the index of the Sub-Fund, which will take effect on 30 November 2026 (the "Effective Date").

1. Change to the Index

With effect from the Effective Date, the index methodology of the Index will be updated (the "Change") by the Index Provider. The Change is summarised below:

[1] SFC authorisation is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

Area of change	Current Index methodology	Revised Index methodology
1. Index universe	Companies are categorised into two categories: (i) industrial automation machineries and robotics makers or (ii) artificial intelligence software. For (ii) "artificial intelligence software" category, shortlist companies which are classified as one of the following RBICS Focus Level 6 sub-industries, and which also include mentions of keywords related to artificial intelligence in either their FactSet Company Descriptions or their Business Overview section in their annual report filings. These keywords are subject to regular review and revision by FactSet: i) artificial intelligence productivity software; ii) general and mixed-type software; iii) network design and implementation consulting; iv) operating systems software; v) productivity software; vi) web search sites and software; and vii) software development software.	Companies are categorised into two categories: (i) industrial automation machineries and robotics makers or (ii) artificial intelligence software. For (ii) "artificial intelligence software" category, shortlist companies which are classified as one of the following RBICS Focus Level 6 sub-industries, and which also include mentions of keywords related to artificial intelligence in either their FactSet Company Descriptions or their Business Overview section in their annual report filings. These keywords are subject to regular review and revision by FactSet: i) **artificial intelligence development software**; ii) artificial intelligence productivity software; iii) general and mixed-type software; iv) network design and implementation consulting; v) operating systems software; vi) productivity software; vii) **quantum computing software**; viii) web search sites and software; and ix) software development software.

2. Impact on the Sub-Fund

There will be no change to the fee level or cost in managing the Sub-Fund following the implementation of the Change.

Save as otherwise set out above, there will be no impact on the operation and/or manner in which the Sub-Fund is being managed and the Change will not affect the existing Investors of the Sub-Fund, and there will be no change to the features or risk profile of the Sub-Fund. The Investors' rights or interests will not be materially prejudiced as a result of the Change set out in this Announcement.

The Change described in this Announcement does not require investors' approval.

3. General

Unless otherwise stated, all capitalised terms in this Announcement shall have the same meaning as in the Prospectus of the Company (the "Prospectus") dated 2 November 2026.

The Prospectus will be updated to reflect the above Change as well as consequential changes, editorial and miscellaneous updates. The updated Prospectus will be available on the Manager's website at https://www.globalxetfs.com.hk/[2] and the HKEX's website at www.hkex.com.hk on or around 30 November 2026.
